

for both oral and written public comments will be provided to the IPRCC for their consideration and will become part of the public record.

The meeting will be open to the public and webcast live on the Internet. If you experience any technical problems with the webcast, please call the NIH IT Service Desk at (301) 496-4357, toll free (866) 319-4357, for webcast issues.

Individuals who participate in person or by using the web service and who need special assistance, such as captioning, should submit a request to the Contact Person listed on this notice at least seven days prior to the meeting.

As a part of security procedures, attendees should be prepared to present a photo ID during the security process to get on the NIH campus. For a full description, please see: <http://www.nih.gov/about/visitorsecurity.htm>.

Information about the IPRCC is available on the Web site: <http://iprcc.nih.gov/>.

Dated: August 23, 2017.

Sylvia L. Neal,

National Institute on Aging; Notice of Closed Meeting

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended, notice is hereby given of the following meeting.

The meeting will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended. The grant applications and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: National Institute on Aging Initial Review Group; Neuroscience of Aging Review Committee.

Date: October 5-6, 2017.

Time: 2:00 p.m. to 2:00 p.m.

Agenda: To review and evaluate grant applications.

Place: Bethesda Marriott, 5151 Pooks Hill Road, Bethesda, MD 20814.

Contact Person: Greg Bissonette, Ph.D., Scientific Review Officer, National Institute on Aging, National Institutes of Health, Gateway Building, Suite 2W200, 7201 Wisconsin Avenue, Bethesda, MD 20892, 301-402-1622, bissonettegb@mail.nih.gov.

BILLING CODE 4140-01-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Substance Abuse and Mental Health Services Administration

Agency Information Collection Activities: Submission for OMB Review; Comment Request

Periodically, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish a summary of information collection requests under OMB review, in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these documents, call the SAMHSA Reports Clearance Officer on (240) 276-1243.

Proposed Project: Evaluation of the Projects for Assistance in Transition From Homelessness (PATH) Program—New

SAMHSA is conducting the federally mandated Evaluation of the PATH program. The PATH grant program, created as part of the Stewart B. McKinney Homeless Assistance Amendments Act of 1990, is administered by SAMHSA's CMHS' Homeless Programs Branch. The PATH

program is authorized under Section 521 *et seq.* of the Public Health Service (PHS) Act, as amended. The SAMHSA PATH program funds each Fiscal Year the 50 states, the District of Columbia, Puerto Rico, and four U.S. Territories (the U.S. Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands). The PATH grantees make grants to local, public and non-profit organizations to provide the PATH allowable services.

The SAMHSA Administrator is required under Section 528 of the PHS Act to evaluate the expenditures of PATH grantees at least once every three years to ensure they are consistent with legislative requirements and to recommend changes to the program design or operations.

The primary task of the PATH evaluation is to meet the mandates of Section 528 of the PHS Act. The second task of the PATH evaluation is to conduct additional data collection and analysis to further investigate the sources of variation in key program output and outcome measures that are important for program management and policy development. The PATH evaluation builds on the previous evaluation which was finalized in 2016 and was conducted as part of the National Evaluation of SAMHSA Homeless Programs. The PATH evaluation will use web surveys, telephone interviews and site visits to facilitate the collection of information regarding the structures and processes in place at the grantee and provider level. Data regarding the outputs and outcomes of the PATH program will be obtained from grantee applications, providers' intended use plans (IUPs) and from PATH annual report data, which is also required by Section 528 of the PHS Act and is approved under OMB No. 0930-0205.

Web Surveys will be conducted with all State PATH Contacts (SPCs) and staff from intermediary and PATH provider organizations. The *Web Surveys* will capture detailed and structured information in the following topics: Selection, monitoring and oversight of PATH providers; populations served; the PATH allowable or eligible services provided; sources for match funds; provision of training and technical assistance; implementation of Evidence Based Practices (EBPs) and innovative practices including SOAR; data reporting, use of data and the Homeless Management Information System (HMIS); and collaboration, coordination and involvement with Continuums of Care (CoCs) and other organizations.

The SPCs for all grantees (n = 56), the Project Directors from the PATH provider organizations (n = 500) and staff from the intermediary organizations (n = 28) will be contacted to complete the web surveys. The *Web Surveys* will be administered once.

Site Visits will be conducted with a purposive sample of PATH grantees and providers to collect more nuanced information than will be possible with the web survey. Semi-structured discussions will take place with the SPCs, grantee staff, PATH provider staff including the Project Director and other key management staffs, outreach workers, case managers and other clinical treatment staff, key stakeholders at the grantee and provider level and consumers. Five grantees will be selected for *Site Visits* and visited within each grantee will be one to two PATH providers. The *Site Visits* will be utilized to collect information regarding: Provider and state characteristics; practices and priorities; context within which the grantees and providers operate; and services available within the areas the providers operate. Also, discussed will be the successes, barriers, and strategies faced by PATH grantees and providers. Focus groups will be held with current or former consumers of the PATH program to obtain consumer perspectives regarding the impact of the programs. The *Site Visits* will be conducted once.

Telephone Interviews will be conducted with a sample of SPCs (n = 28) and intermediary (n = 14) and provider staff (n = 60) to explore through open-ended questions in greater detail, explanations for variations among providers in measures that are important for program management and policy development. The outputs of the PATH program include: The number of persons receiving PATH-funded services, outreached/contacted and enrolled; the number of services provided; and the number of referrals provided. The outcome evaluation will be limited, given limitations in available data and will include the number of persons referred to and attaining substance use treatment, primary health services, job training, educational services, housing services, housing placement assistance, income assistance, employment assistance and medical assistance. The *Telephone interviews* will be conducted once.

The estimated burden for the reporting requirements for the PATH evaluation is summarized in the table below.
