SUPPLEMENTARY INFORMATION:

I. Public Comment Procedures

A. How do I request copies of applications or comment on submitted applications?

Send your request for copies of applications or comments and materials concerning any of the applications to the contact listed under **FOR FURTHER INFORMATION CONTACT**. Please include the **Federal Register** notice publication date, the PRT-number, and the name of the applicant in your request or submission. We will not consider requests or comments sent to an email or address not listed under **ADDRESSES**. If you provide an email address in your request for copies of applications, we will attempt to respond to your request electronically.

Please make your requests or comments as specific as possible. Please confine your comments to issues for which we seek comments in this notice, and explain the basis for your comments. Include sufficient information with your comments to allow us to authenticate any scientific or commercial data you include.

The comments and recommendations that will be most useful and likely to influence agency decisions are: (1) Those supported by quantitative information or studies; and (2) Those that include citations to, and analyses of, the applicable laws and regulations. We will not consider or include in our administrative record comments we receive after the close of the comment period (see **DATES**) or comments delivered to an address other than those listed above (see **ADDRESSES**).

B. May I review comments submitted by others?

Comments, including names and street addresses of respondents, will be available for public review at the street address listed under **ADDRESSES**. The public may review documents and other information applicants have sent in support of the application unless our allowing viewing would violate the Privacy Act or Freedom of Information Act. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

II. Background

To help us carry out our conservation responsibilities for affected species, and in consideration of section 10(a)(1)(A) of the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 *et seq.*; ESA), along with Executive Order 13576, “Delivering an Efficient, Effective, and Accountable Government,” and the President’s Memorandum for the Heads of Executive Departments and Agencies of January 21, 2009—Transparency and Open Government (74 FR 4685; Jan. 26, 2009), which call on all Federal agencies to promote openness and transparency in Government by disclosing information to the public, we invite public comment on these permit applications before final action is taken.

III. Permit Applications

We invite the public to comment on applications to conduct certain activities with endangered species. With some exceptions, ESA prohibits activities with listed species unless Federal authorization is acquired that allows such activities.

Applicant: Philadelphia Zoo, Philadelphia, PA; PRT–22842C

The applicant requests a permit to import one captive-born male snow leopard (*Uncia uncia*) from Assiniboine Park Zoo, Winnipeg, Canada, to enhance the propagation or survival of the species. This notification is for a single import.

Applicant: Palm Beach Zoo and Conservation Society, West Palm Beach, Florida; PRT–39618C

The applicant requests an import permit for a captive-bred jaguar (*Panthera onca*) from the Zoo de Granby

in Quebec, Canada to the Palm Beach Zoo in West Palm Beach, Florida to enhance the propagation or survival of the species. This notification is for a single import.

Applicant: Center for Conservation of Tropical Ungulates, Punta Gorda, Florida; PRT–43158C

The applicant requests a permit to import one male captive-born Asian tapir (*Tapirus indicus*) from the Singapore Zoo and Night Safari, Singapore, to enhance the propagation or survival of the species. This notification is for a single import.

Trophy Applicants

The following applicants each request a permit to import a sport-hunted trophy of a male bontebok (*Damaliscus pygargus pygargus*) culled from a captive herd maintained under the management program of the Republic of South Africa, for the purpose of enhancing the propagation or survival of the species.

Applicant: Warren Bell Cleveland, OH; PRT–40757C

Applicant: Danny Spindler Evansville, IN; PRT–35244C

IV. Next Steps

If the Service decides to issue permits to any of the applicants listed in this notice, we will publish a notice in the **Federal Register**. You may locate the **Federal Register** notice announcing the permit issuance date by searching [regulations.gov](http://www.regulations.gov) under the permit number listed in this document.

V. Public Comments

You may submit your comments and materials concerning this notice by one of the methods listed in **ADDRESSES**. We will not consider comments sent by email or fax or to an address not listed in **ADDRESSES**.

If you submit a comment via [regulations.gov](http://www.regulations.gov), your entire comment, including any personal identifying information, will be posted on the Web site. If you submit a hardcopy comment that includes personal identifying information, you may request at the top of your document that we withhold this information from public review. However, we cannot guarantee that we will be able to do so.

We will post all hardcopy comments on [regulations.gov](http://www.regulations.gov).

VI. Authority

The authority for this action is the Endangered Species Act of 1973 (16 U.S.C. 1531 *et seq.*).

Enhancement of Survival Permit Application; Draft Candidate Conservation Agreement With Assurances for the Greater Sage-Grouse and Four Grassland Songbirds in Montana; Draft Environmental Assessment

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability; request for comments.

SUMMARY: We, the U.S. Fish and Wildlife Service, are making available for public comment an application from The Nature Conservancy (TNC) for an enhancement of survival permit (permit) under the Endangered Species Act for take of five species associated with implementation of a candidate conservation agreement with assurances (CCAA) in Montana. The intent of the CCAA is to provide private landowners in the coverage area with the opportunity to voluntarily conserve covered species and their habitats while carrying out their operations in a manner that would contribute to precluding the need to list the covered species. Pursuant to the National Environmental Policy Act, we have prepared a draft environmental assessment (EA) that analyzes the potential impacts of issuance of the permit and implementation of the proposed CCAA, as well as two alternatives to the proposed action in the EA. The permit application, the draft CCAA, and draft EA are available for public review, and we seek public comment on these documents and potential issuance of the permit.

DATES: Written comments must be submitted by October 25, 2017.

ADDRESSES: To request further information or submit written comments, please use the following methods, and note that your information

request or comments are in reference to the Montana CCAA.

○ *Internet:* Documents may be viewed on the Internet at <https://www.fws.gov/greatersagegrouse/news.php>.

○ *U.S. Mail:* Field Supervisor, Montana Ecological Services Field Office, U.S. Fish and Wildlife Service, 585 Shephard Way, Suite 1, Helena, MT 59601.

○ *Email:* MT_CCAA@fws.gov. Include "MT CCAA" in the subject line of the message.

○ *Fax:* 406-449-5339, Attn: MT CCAA.

○ *In-Person Viewing or Pickup:* Documents will be available for public inspection by appointment during normal business hours at the U.S. Fish and Wildlife Service, Montana Ecological Services Field Office, U.S. Fish and Wildlife Service, 585 Shephard Way, Suite 1, Helena, MT 59601.

FOR FURTHER INFORMATION CONTACT: Field Supervisor, Montana Ecological Services Field Office (see **ADDRESSES**), telephone: 406-449-5225. If you use a telecommunications device for the deaf, please call the Federal Relay Service at 800-877-8339.

SUPPLEMENTARY INFORMATION: We, the U.S. Fish and Wildlife Service (Service), received and make available for comment an application from The Nature Conservancy (TNC). The application is for an enhancement of survival permit (permit) under section 10(a)(1)(A) of the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 *et seq.*; ESA), for potential take of five species associated with implementation of a candidate conservation agreement with assurances (CCAA) in Montana (coverage area). The coverage area would be the range of the five species on privately owned lands in Montana.

The CCAA would cover and include conservation measures for the greater sage-grouse (*Centrocercus urophasianus*), Baird's sparrow (*Ammodramus bairdii*), chestnut-collared longspur (*Calcarius ornatus*), McCown's longspur (*Rhynchophanes mccownii*), and Sprague's pipit (*Anthus spragueii*). The intent of the CCAA is to provide ranchers and agriculture producers in the coverage area with the opportunity to voluntarily conserve the covered species and their habitat, while carrying out their operations in a manner that would provide net conservation benefit to the species.

Pursuant to the National Environmental Policy Act (42 U.S.C. 4321 *et seq.*; NEPA), we have prepared a draft environmental assessment (EA) that analyzes the potential impacts of issuance of the permit and

implementation of the proposed CCAA, as well as two alternatives to the proposed action. The permit application, draft CCAA, and EA are available for public review, and we seek public comment on these documents and potential issuance of the permit.

Background Information

A CCAA is an agreement with the Service in which private and other non-Federal landowners voluntarily agree to undertake management activities and conservation efforts on their properties to enhance, restore, or maintain habitat to benefit species that are proposed for listing under the ESA, that are candidates for listing, or that may become candidates. The Service works with these partners to identify threats to candidate species, plan the measures needed to address the threats and conserve these species, identify willing landowners, develop agreements, and design and implement conservation measures and monitor their effectiveness.

If we approve this CCAA, we will issue an associated enhancement of survival permit under section 10(a)(1)(A) of the ESA that authorizes incidental take resulting from covered activities should any of the five covered species addressed in the CCAA become listed. Through the CCAA and permit, we also provide assurances to participating landowners that we will not impose additional land, water, or financial commitments, or restrictions on land, water, or resource use, as a result of their efforts to attract or increase the numbers or distribution of a species on their properties if that species becomes listed under the ESA in the future. Application requirements and issuance criteria for enhancement of survival permits through a CCAA are found in 50 CFR 17.22(d) and 17.32(d), as well as in 50 CFR part 13.

Proposed Action

Under the proposed programmatic CCAA, enrolled landowners in the CCAA (participants) would implement conservation measures that avoid, minimize, and mitigate impacts to the covered species and their habitats from ongoing grazing and range management activities on enrolled lands. The Service would issue the permit to TNC, which would administer the CCAA and enroll the participants. The CCAA would be in effect for 20 years. The covered area would encompass the non-Federal lands within the range of the covered species in Montana.

With issuance of the enhancement of survival permit, the Service would provide TNC and the participants
