

perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest.

The Exchange believes that the proposed changes to its listing standards for covered securities would allow the Exchange to more quickly list options on a qualifying covered security that has met the \$3.00 eligibility price without sacrificing investor protection. As discussed above, the Exchange believes that its existing trading surveillances provide a sufficient measure of protection against potential price manipulation within the proposed three consecutive business day timeframe. The Exchange also believes that the proposed three consecutive business day timeframe would continue to be a reliable test for price stability in light of its findings that none of the IPO-related issues on Nasdaq within the past five years that qualified for the \$3.00 per share price standard during the first three trading days fell below the \$3.00 threshold during the fourth or fifth trading day. Furthermore, the established guidelines to be considered by the Exchange in evaluating the potential underlying securities for Exchange option transactions,¹⁸ together with existing trading surveillances, provide adequate safeguards in the review of any covered security that may meet the proposed criteria for consideration of the option within the proposed timeframe.

In addition, the Exchange believes that basing the proposed timeframe on the T+2 settlement cycle adequately addresses the potential difficulties in confirming the number of shareholders of the underlying covered security. Having some of the largest brokerage firms that provide these shareholder counts to the Exchange confirm that they are able to provide these numbers within T+2 further demonstrates that the 2,000 shareholder requirement can be sufficiently verified within the proposed timeframe. For the foregoing reasons, the Exchange believes that the proposed amendments will remove and perfect the mechanism of a free and open market and a national market system by providing an avenue for investors to swiftly hedge their investment in the stock in a shorter amount of time than what is currently in place.¹⁹

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change reduces the number of days to list options on an underlying security, and is intended to bring new options listings to the marketplace quicker.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the Exchange consents, the Commission shall: (a) By order approve or disapprove such proposed rule change, or (b) institute proceedings to determine whether the proposed rule change should be disapproved.

Extension:

Rule 15c2-7, SEC File No. 270-420, OMB Control No. 3235-0479

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 ("PRA") (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") is soliciting comments on the existing collection of information provided for in Rule 15c2-7 (17 CFR 240.15c2-7) under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*). The Commission plans to submit this existing collection of information to the Office of Management and Budget ("OMB") for extension and approval.

²⁰ 17 CFR 200.30-3(a)(12).

¹⁸ See notes 10-15 above.

¹⁹ This proposed rule change does not alter any obligations of issuers or other investors of an IPO that may be subject to a lock-up or other restrictions on trading related securities.

Rule 15c2-7 places disclosure requirements on broker-dealers who have correspondent relationships, or agreements identified in the rule, with other broker-dealers. Whenever any such broker-dealer enters a quotation for a security through an inter-dealer quotation system, Rule 15c2-7 requires the broker-dealer to disclose these relationships and agreements in the manner required by the rule. The inter-dealer quotation system must also be able to make these disclosures public in association with the quotation the broker-dealer is making.

When rule 15c2-7 was adopted in 1964, the information it requires was necessary for execution of the Commission's mandate under the Securities Exchange Act of 1934 to prevent fraudulent, manipulative and deceptive acts by broker-dealers. In the absence of the information collection required under Rule 15c2-7, investors and broker-dealers would have been unable to accurately determine the market depth of, and demand for, securities in an inter-dealer quotation system.

There are approximately 3,939 broker-dealers registered with the Commission. Any of these broker-dealers could be potential respondents for Rule 15c2-7, so the Commission is using that figure to represent the number of respondents. Rule 15c2-7 applies only to quotations entered into an inter-dealer quotation system, such as the OTC Bulletin Board ("OTCBB"), or OTC Link (formerly, "Pink Sheets"), operated by OTC Markets Group Inc. ("OTC Link"). According to representatives of both OTC Link and the OTCBB, neither entity has recently received, or anticipates receiving any Rule 15c2-7 notices. However, because such notices could be made, the Commission estimates that one filing is made annually pursuant to Rule 15c2-7.

Based on prior industry reports, the Commission estimates that the average time required to enter a disclosure pursuant to the rule is .75 minutes, or 45 seconds. The Commission sees no reason to change this estimate. We estimate that impacted respondents spend a total of .0125 hours per year to comply with the requirements of Rule 15c2-7 (1 notice (x) 45 seconds/notice).

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's estimates of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity

of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information under the PRA unless it displays a currently valid OMB control number.

Please direct your written comments to: Pamela Dyson, Director/Chief Information Officer, Securities and Exchange Commission, c/o Remi Pavlik-Simon, 100 F Street NE., Washington, DC 20549, or send an email to: PRA_Mailbox@sec.gov.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-81819; File No. SR-LCH SA-2017-006]

Self-Regulatory Organizations; LCH SA; Notice of Designation of Longer Period for Commission Action on Proposed Rule Change Relating to Options on Index Credit Default Swaps

October 4, 2017.

On August 18, 2017, Banque Central de Compensation, which conducts business under the name LCH SA ("LCH SA"), filed with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposed rule change (SR-LCH SA-2017-006) to amend LCH SA's CDS Clearing Rule Book, CDS Clearing Supplement, CDS Clearing Procedures, and CDS Dispute Resolution Protocol to incorporate relevant terms and make certain conforming and clarifying changes in order to permit LCH SA to clear options on index credit default swaps. The proposed rule change was published for comment in the **Federal Register** on August 31, 2017.³ The

Commission received no comments regarding the proposed changes.

Section 19(b)(2) of the Act provides that within 45 days of the publication of the notice of the filing or a proposed rule change, or within such longer period up to 90 days as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding, or as to which the self-regulatory organization consents, the Commission shall either approve the proposed rule change, disapprove the proposed rule change, or institute proceedings to determine whether the proposed rule change should be disapproved.⁴ The 45th day from the publication of the Notice is October 15, 2017.

The Commission is extending the 45-day time period for Commission action on the proposed rule change. As noted above, LCH SA proposed to revise its CDS Clearing Rule Book, CDS Clearing Supplement, CDS Clearing Procedures, and CDS Dispute Resolution Protocol in order to permit it to clear options on index credit default swaps. The Commission finds that it is appropriate to designate a longer period within which to take action on the proposed rule change so that it has sufficient time to consider LCH SA's proposed rule change and the associated risks.

Accordingly, the Commission, pursuant to Section 19(b)(2) of the Act, extends the period by which the Commission shall either approve or disapprove, or institute proceedings to determine whether to disapprove, the proposed rule change (File No. SR-LCH SA-2017-006) to no later than November 29, 2017.

For the Commission by the Division of Trading and Markets, pursuant to delegated authority.⁵

Assistant Secretary.
