SUPPLEMENTARY INFORMATION: The subject amendment to Permit No. 21158 is requested under the authority of the Marine Mammal Protection Act of 1972, as amended (16 U.S.C. 1361 *et seq.*), the regulations governing the taking and importing of marine mammals (50 CFR part 216).

Permit No. 21158, issued on September 25, 2017, (82 FR 48985), authorizes the permit holder to conduct long-term studies of the Erebus Bay, Antarctica, Weddell seal population to evaluate how temporal variation in the marine environment affects individual life histories and the population dynamics of long-lived mammal. The permit holder is requesting the permit be amended to increase the number of seal pups authorized to be flipper tagged from a total of 675 (take table lines 1 [n=515], 2 [n=10], and 3 [n=150]) to a total take of 800 pups, by increasing the number of takes in line 1 from 515 to 640. This field season the research team has observed an abnormally high number of pups and current take numbers are not be adequate to meet the stated scientific goals of tagging all pups produced in the Erebus Bay colonies each year.

In compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), an initial determination has been made that the activity proposed is categorically excluded from the requirement to prepare an environmental assessment or environmental impact statement.

Concurrent with the publication of this notice in the **Federal Register**, NMFS is forwarding copies of this application to the Marine Mammal Commission and its Committee of Scientific Advisors.

SUPPLEMENTARY INFORMATION:

Title of Collection: Financial Coaching Program for Veterans and Low-income Consumers.

OMB Control Number: 3170-0051.

Type of Review: Extension with change of a currently approved collection.

Affected Public: Individuals.

Estimated Number of Respondents: 7,200.

Estimated Total Annual Burden Hours: 3,600.

Abstract: In early 2015, the Bureau launched a Financial Coaching project to provide direct financial coaching services to transitioning veterans and economically vulnerable consumers nationwide. In order for the Bureau to

understand whether the program is effective and for the financial coaches to be able to deliver efficient services and track clients over time, the Bureau will need to take steps to monitor program performance and to evaluate the program. This includes collecting administrative data about clients for programmatic purposes. The information will be collected from the coaches and include a combination of personal information (basic contact and demographic information), performance metrics (outputs), client-level outcomes (progress towards financial goals or other relevant outcomes) and programmatic and organizational outcomes.

The initial information collection request for the administrative data collected by coaches from financial coaching clients for programmatic and performance monitoring purposes was approved in 2015 and expires on February 28, 2018. The Financial Coaching project has received funding and has now been extended through 2019. As a result, this is a request for an extension for administrative data collection. In addition, this information request includes a modification, adding five questions to the administrative data collection. The five questions are part of the Financial Well-being Survey, which received approval under OMB Control Number 3170-0063 in order to measure the level of financial well-being of American adults and key sub-populations. This will help us understand the progress clients are making and is also in line with the Bureau's overall efforts to be more consistent in the information we are collecting.

Request for Comments: Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the Bureau, including whether the information will have practical utility; (b) The accuracy of the Bureau's estimate of the burden of the collection of information, including the validity of the methods and the assumptions used; (c) Ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval. All comments will become a matter of public record.

Dated: November 2, 2017.

Paperwork Reduction Act Officer, Bureau of Consumer Financial Protection.
