

Management and Budget (OMB) approval to renew an information collection. The collection involves obtaining basic information from new aviation insurance applicants about eligible aviation insurance applicants needed to establish a legally binding, non-premium insurance policy with the FAA, as requested by another Federal agency, such as the applicants name and address. The information collected will be used to determine whether applicants are eligible for Chapter 443 insurance and the amount of coverage necessary; and to populate non-premium insurance policies with the legal name and address of the applicant.

DATES: Written comments should be submitted by January 8, 2018.

ADDRESSES: Send comments to the FAA at the following address: Barbara Hall, Federal Aviation Administration, ASP-110, 10101 Hillwood Parkway, Fort Worth, TX 76177.

The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

OMB Control Number: 2120-0514.

Title: Aviation Insurance.

Form Numbers: 2120-0514.

Type of Review: Renewal of an information collection.

Background: Title 49 U.S.C. 44305 authorizes the Administrator of the Federal Aviation Administration, acting pursuant to a delegation of authority from the Secretary of Transportation, to provide aviation insurance at the request of another Federal agency, without premium, provided that the head of the Federal agency agrees to indemnify the FAA from loss.

The FAA Non-Premium Aviation War Risk Insurance Program offers war risk coverage, without premium, to air carriers at the request of DoD and other Federal agencies. DoD and other Federal agencies rely on the FAA to provide aviation war risk insurance to contracted air carriers supporting mission objectives and operations that is

not available commercially on reasonable terms and conditions. Air carriers never insured under the FAA Non-Premium War Risk Insurance Program must submit an application before the FAA can provide coverage.

Respondents: FAA estimates only one air carrier will be required to apply annually.

Frequency: One time only.

Estimated Average Burden per

Response: 4 hours.

Estimated Total Annual Burden: 4 hours.

Issued in Fort Worth, TX, on November 2, 2017.

Agency Information Collection

Activities: Requests for Comments; Clearance of Renewed Approval of Information Collection: Air Taxi and Commercial Operator Airport Activity Survey

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, FAA invites public comments about our intention to request the Office of Management and Budget (OMB) approval to renew an information collection. The collection involves requesting that small on-demand operators voluntarily provide the number of revenue passengers that boarded their aircraft at each airport annually. This information is used in determining an airport's category and eligibility for federal funding on an annual basis. It is not available through any other federal data source.

DATES: Written comments should be submitted by January 8, 2018.

ADDRESSES: Send comments to the FAA at the following address: Barbara Hall, Federal Aviation Administration, ASP-110, 10101 Hillwood Parkway, Fort Worth, TX 76177.

FOR FURTHER INFORMATION CONTACT:

Barbara Hall by email at: Barbara.L.Hall@faa.gov; phone: 940-594-5913.

SUPPLEMENTARY INFORMATION:

Public Comments Invited: You are asked to comment on any aspect of this information collection, including (a) Whether the proposed collection of information is necessary for FAA's performance; (b) the accuracy of the estimated burden; (c) ways for FAA to enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

OMB Control Number: 2120-0067.

Title: Air Taxi and Commercial Operator Airport Activity Survey.

Form Numbers: FAA Form 1800-31.

Type of Review: Clearance of a renewal of an information collection.

Background: The data collected through this survey is the only source of data for charter and nonscheduled passenger data by Part 135 operator (air taxis). The data received on the form (either paper or signed electronic copy) is then incorporated into the Air Carrier Activity Information System which is used to determine whether an airport is eligible for Airport Improvement Program funds and for calculating primary airport sponsor apportionment as specified by title 49 United States Code (U.S.C.), section 47114. The data collected on the form includes passenger enplanements by carrier and by airport. Passengers traveling on air taxis would be overlooked entirely if this passenger survey were not conducted. As a result, many airports would not receive their fair share of funds since there is currently no other source for this type of charter activity. In each of the last 3 years, approximately 150 operators have reported a total 1.2 million passengers. This data is important to those airports that struggle to meet the 2,500 and 10,000 passenger levels and could not do so without the reporting of the charter passengers.

Respondents: The voluntary survey is sent through the U.S. Postal Service to approximately 300 small on-demand operators (certificated under Federal Aviation Regulation Part 135) that have reported activity in the last three years. The form is also available on the FAA Web site.

Frequency: Annually.

Estimated Average Burden per

Response: 1.5 hours per respondent.

Estimated Total Annual Burden: On average, approximately 150 respondents submit an annual response. The cumulative total annual burden is estimated to be 225 hours.

Issued in Fort Worth, TX, on November 2, 2017.

The proposed revisions to the FFIEC 051, FFIEC 041, and FFIEC 031 Call Reports would result in an overall reduction in burden. In particular, the proposed revisions would delete or consolidate a number of items and add a new or raise certain existing reporting thresholds. The proposed revisions

would take effect as of the June 30, 2018, report date. At the end of the comment period for this notice, the comments and recommendations received will be reviewed to determine whether the FFIEC and the agencies should modify the proposed revisions to the FFIEC 051, FFIEC 041, and FFIEC 031 prior to giving final approval. As required by the PRA, the agencies will then publish a second **Federal Register** notice for a 30-day comment period and submit the final FFIEC 051, FFIEC 041, and FFIEC 031 to OMB for review and approval.
