

IAEA inspectors, give immediate notice to the NRC in specified situations involving the possibility of loss of nuclear material, and give notice for imports and exports of specified amounts of nuclear material. These licensees will also follow written material accounting and control procedures. Reporting of transfer and material balance records to the IAEA will be done through the U.S. State system (Nuclear Materials Management and Safeguards System, collected under OMB clearance numbers 3150-0003, 3150-0004, 3150-0057, and 3150-0058.) The NRC needs this information to implement its international obligations under the *U.S.-IAEA Caribbean Territories Safeguards Agreement (INFCIRC/366)*.

Dated at Rockville, Maryland, this 6th day of November, 2017.

For the Nuclear Regulatory Commission.

David Cullison,

NRC Clearance Officer, Office of the Chief Information Officer.

NUCLEAR REGULATORY COMMISSION

[NRC-2017-0216]

Vital Area Access Controls, Protection of Physical Security Equipment, and Key and Lock Controls

AGENCY: Nuclear Regulatory Commission.

ACTION: Regulatory guide; withdrawal.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) is withdrawing Regulatory Guide (RG) 5.65, "Vital Area Access Controls, Protection of Physical Security Equipment, and Key and Lock Controls," dated September 1986. This document is being withdrawn because it is outdated and has been superseded by other NRC guidance, and therefore, no longer provides methods that the NRC staff finds acceptable in future requests or applications for NRC's licensing actions.

DATES: The applicable date of the withdrawal of RG 5.65 is November 13, 2017.

ADDRESSES: Please refer to Docket ID NRC-2017-0216 when contacting the NRC about the availability of information regarding this document. You may obtain publicly-available information related to this document using any of the following methods:

- *Federal Rulemaking Web site:* Go to <http://www.regulations.gov> and search for Docket ID NRC-2017-0216. Address

questions about NRC dockets to Carol Gallagher; telephone: 301-415-3463; email: Carol.Gallagher@nrc.gov. For technical questions, contact the individuals listed in the **FOR FURTHER INFORMATION CONTACT** section of this document.

- **NRC's Agencywide Documents Access and Management System (ADAMS):** You may obtain publicly-available documents online in the ADAMS Public Documents collection at <http://www.nrc.gov/reading-rm/adams.html>. To begin the search, select "ADAMS Public Documents" and then select "*Begin Web-based ADAMS Search*." For problems with ADAMS, please contact the NRC's Public Document Room (PDR) reference staff at 1-800-397-4209, 301-415-4737, or by email to pdr.resource@nrc.gov. The ADAMS accession number for each document referenced (if it available in ADAMS) is provided the first time that a document is referenced. The basis for withdrawal of RG 5.65 is available in ADAMS under Accession No. ML17262A504.

- **NRC's PDR:** You may examine and purchase copies of public documents at the NRC's PDR, Room O1-F21, One White Flint North, 11555 Rockville Pike, Rockville, Maryland 20852.

FOR FURTHER INFORMATION CONTACT:

Angela Wu, Office of Nuclear Reactor Regulation, telephone: 301-287-3645, email: Angela.Wu@nrc.gov, or Mekonen Bayssie, Office of Nuclear Regulatory Research, telephone: 301-415-1699, email: Mekonen.Bayssie@nrc.gov. Both are staff members of the U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001.

SUPPLEMENTARY INFORMATION: The NRC is withdrawing RG 5.65, "Vital Area Access Controls, Protection of Physical Security Equipment, and Key and Lock Controls," because of the following regulatory and technical issues:

- On March 27, 2009 (74 FR 13926), the Commission amended part 73 of title 10 of the *Code of Federal Regulations* (10 CFR), for nuclear power plants to incorporate security requirements that were issued through Commission security orders as a result of the September 11, 2001 terrorist attacks. In addition, the rulemaking added several new requirements to incorporate insights gained from implementation of the security orders, review of site security plans, implementation of the NRC's enhanced baseline inspection program, and the NRC's evaluation of force-on-force exercises. As a result, the guidance in RG 5.65 became outdated.

In addition, more recent regulatory guidance has been issued that supersedes the guidance in RG 5.65.

- The RG 5.66, "Access Authorization Program for Nuclear Power Plants," Rev. 2 (October 2011) supersedes RG 5.65. The RG 5.65 does not address the current requirements of 10 CFR 73.56 with regard to access authorization at nuclear power plants. Instead, RG 5.66 provides an acceptable approach by which licensees can establish and implement an access authorization program for granting unescorted access to protected and vital areas of a nuclear power plant.

- The RG 5.76, "Physical Protection at Nuclear Power Reactors" (July 2009), which was issued to facilitate implementation of the new 10 CFR part 73 rule in 2009, supersedes RG 5.65. Specifically, RG 5.65 contains duplicative or outdated discussions regarding protection of security equipment, vital and protected area transients, delays, barriers, underground pathways, power, escort, ingress and egress, record keeping, and review/audit requirements.

- The RG 5.12, "General Use of Locks in the Protection and Control of: Facilities, Radioactive Materials, Classified Information, Classified Matter, and Safeguards Information," Rev. 1 (October 2016), supersedes RG 5.65. Regarding keys and locks, the guidance offered in RG 5.65 is brief and limited to two paragraphs, discussing the requirement and frequency to change and rotate keys, locks, and combinations. The same information is discussed in much greater detail in RG 5.12.

- The RG 5.74, "Managing the Safety/Security Interface," Rev. 1 (April 2015), supersedes RG 5.65. With regard to managing the safety and security interface, RG 5.65 provides only brief guidance (one paragraph) on the cross training of roles, responsibilities, and general practices of the safety and security organizations as a mechanism to reduce interface problems. The RG 5.74 provides more detailed guidance for training to aid the interface between safety and security organizations.

II. Further Information

The withdrawal of RG 5.65 does not alter any prior or existing NRC licensing approval or the acceptability of licensee commitments made regarding the withdrawn guidance. Although RG 5.65 is withdrawn, current licensees referencing this RG may continue to do so, and withdrawal does not affect any existing licenses or agreements. However, by withdrawing RG 5.65, the NRC no longer approves use of the

guidance in future requests or applications for NRC's licensing actions.

Dated at Rockville, Maryland, this 6th day of November, 2017.

For the Nuclear Regulatory Commission.

Thomas H. Boyce,

Chief, Regulatory Guidance and Generic Issues Branch, Division of Engineering, Office of Nuclear Regulatory Research.

BILLING CODE 7590-01-P

NUCLEAR REGULATORY COMMISSION

Advisory Committee on Reactor Safeguards (ACRS); Meeting of the ACRS Subcommittee on Regulatory Policies & Practices; Notice of Meeting

The ACRS Subcommittee on Regulatory Policies and Practices will hold a meeting on November 15, 2017, at 11545 Rockville Pike, Room T-2B1, Rockville, Maryland 20852.

This meeting will be open to public attendance. The agenda for the subject meeting shall be as follows:

Wednesday, November 15, 2017—8:30 a.m. Until 12:00 p.m.

The Subcommittee will review the Early Site Permit for Clinch River and will hear presentations by and hold discussions with the NRC staff and other interested persons regarding this matter. The Subcommittee will gather information, analyze relevant issues and facts, and formulate proposed positions and actions, as appropriate, for deliberation by the Full Committee.

Members of the public desiring to provide oral statements and/or written comments should notify the Designated Federal Official (DFO), Quynh Nguyen (Telephone 301-415-5844 or Email Quynh.Nguyen@nrc.gov) five days prior to the meeting, if possible, so that appropriate arrangements can be made. Thirty-five hard copies of each presentation or handout should be provided to the DFO thirty minutes before the meeting. In addition, one electronic copy of each presentation should be emailed to the DFO one day before the meeting. If an electronic copy cannot be provided within this timeframe, presenters should provide the DFO with a CD containing each presentation at least thirty minutes before the meeting. Electronic recordings will be permitted only during those portions of the meeting that are open to the public. Detailed procedures for the conduct of and participation in ACRS meetings were published in the **Federal Register** on October 4, 2017 (82 FR 46312).

Detailed meeting agendas and meeting transcripts are available on the NRC Web site at <http://www.nrc.gov/reading-rm/doc-collections/acrs>. Information regarding topics to be discussed, changes to the agenda, whether the meeting has been canceled or rescheduled, and the time allotted to present oral statements can be obtained from the Web site cited above or by contacting the identified DFO. Moreover, in view of the possibility that the schedule for ACRS meetings may be adjusted by the Chairman as necessary to facilitate the conduct of the meeting, persons planning to attend should check with these references if such rescheduling would result in a major inconvenience.

If attending this meeting, please enter through the One White Flint North building, 11555 Rockville Pike, Rockville, Maryland 20852. After registering with Security, please contact Mr. Theron Brown (Telephone 301-415-6207) to be escorted to the meeting room.

Dated: October 31, 2017.

Mark L. Banks,

Chief, Technical Support Branch, Advisory Committee on Reactor Safeguards.

BILLING CODE 7590-01-P

SECURITIES AND EXCHANGE COMMISSION

Submission for OMB Review; Comment Request

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE., Washington, DC 20549-2736.

Extension:

Form N-54C; SEC File No. 270-184, OMB Control No. 3235-0236

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (the "Commission") has submitted to the Office of Management and Budget a request for extension of the previously approved collection of information discussed below.

Certain investment companies can elect to be regulated as business development companies, as defined in section 2(a)(48) of the Investment Company Act of 1940 ("Investment Company Act"), under sections 55 through 65 of the Investment Company Act. Under section 54(a) of the

Investment Company Act,¹ any company defined in section 2(a)(48)(A) and (B) of the Investment Company Act may, if it meets certain enumerated eligibility requirements, elect to be subject to the provisions of Sections 55 through 65 of the Investment Company Act by filing with the Commission a notification of election. Under section 54(c) of the Investment Company Act,² any business development company may voluntarily withdraw its election under section 54(a) of the Investment Company Act by filing a notice of withdrawal of election with the Commission. The Commission has adopted Form N-54C as the form for the notification of withdrawal of election to be subject to Sections 55 through 65 of the Investment Company Act. The purpose of Form N-54C is to notify the Commission that the business development company withdraws its election to be subject to Sections 55 through 65 of the Investment Company Act.

The Commission estimates that on average approximately four business development companies file notifications on Form N-54C each year. Each of those business development companies need only make a single filing of Form N-54C. The Commission further estimates that this information collection imposes a burden of one hour, resulting in a total annual burden of four hours. Based on the estimated wage rate, the total cost to the business development company industry of the hour burden for complying with Form N-54C would be approximately \$1,380.³

The collection of information under Form N-54C is mandatory. The information provided by the form is not kept confidential. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid control number.

The public may view the background documentation for this information collection at the following Web site, www.reginfo.gov. Comments should be directed to: (i) Desk Officer for the

¹ 15 U.S.C. 80a-53(a).

² 15 U.S.C. 80a-53(c).

³ The industry burden is calculated by multiplying the total annual hour burden to prepare Form N-54C (four) by the estimated hourly wage rate of \$345 for a compliance attorney or other business development company employee with similar duties and responsibilities. The estimated wage figure is based on published rates for compliance attorneys from the Securities Industry and Financial Markets Association's Report on Management & Professional Earnings in the Securities Industry 2013, modified by Commission staff to account for an 1800 hour work-year and inflation, and multiplied by 5.35 to account for bonuses, firm size, employee benefits and overhead, yielding an effective hourly rate of \$1,380.
