

and facilitating transactions in securities, to remove impediments to, and perfect the mechanisms of, a free and open market and a national market system and, in general, to protect investors and the public interest.

The non-substantive change proposed is intended solely to reflect the name change of “NYSE Global Index” to “ICE Data Global Index.” The proposed rule change, therefore would remove impediments to, and perfect the mechanisms of, a free and open market and a national market system and, in general, protect investors and the public interest because it would update the Price List to reflect the name change, increasing the clarity and transparency of the Exchange’s rules.

For the reasons above, the proposed changes would not unfairly discriminate between or among market participants that are otherwise capable of satisfying any applicable co-location fees, requirements, terms and conditions established from time to time by the Exchange.

For these reasons, the Exchange believes that the proposal is consistent with the Act.

B. Self-Regulatory Organization’s Statement on Burden on Competition

In accordance with Section 6(b)(8) of the Act,¹² the Exchange believes that the proposed rule change will not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act because it is solely intended to reflect the name change of “NYSE Global Index” to “ICE Data Global Index.” No other change is proposed.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change is effective upon filing pursuant to Section 19(b)(3)(A)¹³ of the Act and subparagraph (f)(2) of Rule 19b-4¹⁴ thereunder, because it establishes a due, fee, or other charge imposed by the Exchange.

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may

temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)¹⁵ of the Act to determine whether the proposed rule change should be approved or disapproved.

and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Chapter Nine of the Manual to amend certain of its listing fee provisions. The amended fees will take effect in the 2018 calendar year. The following are the proposed fee increases:

- For certain listed securities, the per share fee would increase from \$0.00105 per share to \$0.00108.³

- The minimum annual fee applicable to the primary class of common shares (including Equity Investment Tracking Stock) or the primary class of preferred stock (if no class of common shares is listed) listed under Section 703.05 [sic] would increase from \$59,500 to \$65,000.

- The minimum annual fee applicable to structured products listed under Section 703.19 [sic] would increase from \$20,000 to \$25,000.

- The initial and annual listing fees for debt listed under Section 102.03 and 103.05 of NYSE equity issuers and affiliated companies would each increase from \$20,000 to \$25,000.

- The initial and annual listing fees for debt listed under Section 102.03 and 103.05 of companies other than NYSE equity issuers and affiliated companies would increase from \$40,000 to \$45,000.⁴

- The initial and annual listing fees for securities (including short-term securities) that list under the debt standard in Section 703.19 and trade on NYSE Bonds would increase from \$20,000 to \$25,000.

As described below, the Exchange proposes to make the aforementioned fee increases to better reflect the Exchange's costs related to listing the above-referenced types of securities and

the corresponding value of such listing to issuers.

The Exchange also proposes to remove a number of references throughout Chapter Nine to (i) fees that are no longer applicable as they were superseded by new fee rates specified in the rule text and (ii) effectiveness dates of revised fee levels with respect to which the effective date has now passed.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,⁵ in general, and furthers the objectives of Section 6(b)(4)⁶ of the Act, in particular, in that it is designed to provide for the equitable allocation of reasonable dues, fees, and other charges. The Exchange also believes that the proposed rule change is consistent with Section 6(b)(5) of the Act,⁷ in that it is designed to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest and is not designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

The Exchange believes that it is reasonable to amend Chapter Nine of the Manual to increase the various listing fees as set forth above. In that regard, the Exchange notes that it continues to improve and increase the services it provides to listed companies. These improvements include the continued development and enhancement of an interactive web-based platform designed to improve communication between the Exchange and listed companies, the availability to listed companies of the Exchange's new state-of-the-art conference facilities at 11 Wall Street, and continued development and content in an investor relations tool available to all listed companies which provides companies with information enabling them to better understand the trading and ownership of their securities.

The Exchange believes that the proposed fee increases are equitably allocated because the per share fee increase will be the same for all issuers on the Exchange. Therefore, the proposed fee increases will not be

unfairly discriminatory towards any individual issuer. The Exchange believes it is consistent with Section 6(b)(5) of the Act to apply different fees to bonds of companies that do not have their equity securities listed on the NYSE than to companies with NYSE-listed equity securities and their affiliates, as there is a greater regulatory and administrative burden associated with listing bonds of companies with which the Exchange does not otherwise have a regulatory or listing relationship.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change is designed to ensure that the fees charged by the Exchange accurately reflect the services provided and benefits realized by listed companies. The market for listing services is extremely competitive. Each listing exchange has a different fee schedule that applies to issuers seeking to list securities on its exchange. Issuers have the option to list their securities on these alternative venues based on the fees charged and the value provided by each listing. Because issuers have a choice to list their securities on a different national securities exchange, the Exchange does not believe that the proposed fee changes impose a burden on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change is effective upon filing pursuant to Section 19(b)(3)(A)⁸ of the Act and subparagraph (f)(2) of Rule 19b-4⁹ thereunder, because it establishes a due, fee, or other charge imposed by the Exchange.

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of

³ The affected securities are as follows: Primary class of common shares (including Equity Investment Tracking Stock); each additional class of common shares (including tracking stock); primary class of preferred stock (if no class of common shares is listed); each additional class of preferred stock (whether primary class is common stock or preferred stock); each class of warrants; structured products listed under Section 703.19 [sic]; and short term securities.

⁴ Domestic debt of issuers not subject to registration under the Act is exempt from all listing fees.

³ 17 CFR 240.19b-4.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend the Fee Schedules relating to co-location ⁴ services to reflect the name change of a third party data feed. The Exchange proposes to implement the proposed change on November 1, 2017.

The co-location services that the Exchange offers Users ⁵ include connectivity to third party data feeds from third party markets and other content service providers ("Third Party Data Feeds").⁶ The list of Third Party Data Feeds is set forth in the Fee Schedules, and includes the NYSE Global Index.⁷

The name of NYSE Global Index is changing to "ICE Data Global Index."

⁴ The Exchange initially filed rule changes relating to its co-location services with the Commission in 2010. See Securities Exchange Act Release No. 63275 (November 8, 2010), 75 FR 70048 (November 16, 2010) (SR-NYSEArca-2010-100). The Exchange operates a data center in Mahwah, New Jersey (the "data center") from which it provides co-location services to Users.

⁵ For purposes of the Exchange's co-location services, a "User" means any market participant that requests to receive co-location services directly from the Exchange. See Securities Exchange Act Release No. 76010 (September 29, 2015), 80 FR 60197 (October 5, 2015) (SR-NYSEArca-2015-82). As specified in the Price List, a User that incurs co-location fees for a particular co-location service pursuant thereto would not be subject to co-location fees for the same co-location service charged by the Exchange's affiliates New York Stock Exchange LLC ("NYSE LLC") and NYSE American LLC ("NYSE American" and, together with NYSE LLC, the "Affiliate SROs"). See Securities Exchange Act Release No. 70173 (August 13, 2013), 78 FR 50459 (August 19, 2013) (SR-NYSEArca-2013-80).

⁶ See Securities Exchange Act Release No. 80310 (March 24, 2017), 82 FR 15763 (March 30, 2017) (SR-NYSEArca-2016-89).

⁷ The NYSE Global Index feed includes index and exchange traded product valuations data, with data drawn from the Exchange, the Affiliate SROs, and third party exchanges. Because it includes third party data, the NYSE Global Index feed is considered a Third Party Data Feed. See *id.*, at 15771.
