SUPPLEMENTARY INFORMATION:

Background

On June 18, 2008, section 805 of Title VIII of the Tariff Act of 1930 (the Softwood Lumber Act of 2008) was enacted into law. Under this provision, the Secretary of Commerce is mandated to submit to the appropriate Congressional committees a report every 180 days on any subsidy provided by countries exporting softwood lumber or softwood lumber products to the United States, including stumpage subsidies.

Commerce submitted its last subsidy report on June 20, 2017. As part of its newest report, Commerce intends to include a list of subsidy programs identified with sufficient clarity by the public in response to this notice.¹

Request for Comments

Given the large number of countries that export softwood lumber and softwood lumber products to the United States, we are soliciting public comment only on subsidies provided by countries the exports of which accounted for at least one percent of total U.S. imports of softwood lumber by quantity, as classified under Harmonized Tariff Schedule code 4407.1001 (which accounts for the vast majority of imports), during the period January 1, 2017, through June 30, 2017. Official U.S. import data published by the United States International Trade Commission Tariff and Trade DataWeb indicate that three countries, Canada, Germany and Chile exported softwood lumber to the United States during that time period in amounts sufficient to account for at least one percent of U.S. imports of softwood lumber products. We intend to rely on similar previous six-month periods to identify the countries subject to future reports on softwood lumber subsidies. For example, we will rely on U.S. imports

of softwood lumber and softwood lumber products during the period July 1, 2017 through December 31, 2017, to select the countries subject to the next report.

Under U.S. trade law, a subsidy exists where an authority: (i) Provides a financial contribution; (ii) provides any form of income or price support within the meaning of Article XVI of the GATT 1994; or (iii) makes a payment to a funding mechanism to provide a financial contribution to a person, or entrusts or directs a private entity to make a financial contribution, if providing the contribution would normally be vested in the government and the practice does not differ in substance from practices normally followed by governments, and a benefit is thereby conferred.²

Parties should include in their comments: (1) The country which provided the subsidy; (2) the name of the subsidy program; (3) a brief description (at least 3–4 sentences) of the subsidy program; and (4) the government body or authority that provided the subsidy.

Submission of Comments

Persons wishing to comment should file comments by the date specified above. Comments should only include publicly available information. Commerce will not accept comments accompanied by a request that a part or all of the material be treated confidentially due to business proprietary concerns or for any other reason. Any such comments or materials will be returned to the submitter and will not be considered in Commerce's report. Comments must be filed in electronic Portable Document Format (PDF) submitted on CD-ROM or by email to the email address of the EC Webmaster, below.

The comments received will be made available to the public in PDF on the Enforcement and Compliance Web site at the following address: <http://enforcement.trade.gov/sla2008/sla-index.html>. Any questions concerning file formatting, access on the Internet, or other electronic filing issues should be addressed to Moustapha Sylla, Enforcement and Compliance Webmaster, at (202) 482–8104, email address: webmaster_support@trade.gov.

All comments and submissions in response to this Request for Comment should be received by Commerce no later than 5 p.m. Eastern Standard Time on the above-referenced deadline date.

Dated: November 17, 2017.

Certain Tapered Roller Bearings From the Republic of Korea: Postponement of Preliminary Determination in the Less-Than-Fair-Value Investigation

AGENCY: Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce.

DATES: Applicable November 21, 2017.

FOR FURTHER INFORMATION CONTACT:

Blaine Wiltse at 202–482–6345, or Manuel Rey at 202–482–5518, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

On July 18, 2017, the Department of Commerce (the Department) initiated a less-than-fair value (LTFV) investigation of imports of certain tapered roller bearings from the Republic of Korea.¹ Currently, the preliminary determination is due no later than December 5, 2017.

Postponement of the Preliminary Determination

Section 733(b)(1)(A) of the Tariff Act of 1930, as amended (the Act), requires the Department to issue the preliminary determination in a LTFV investigation within 140 days after the date on which the Department initiated the investigation. However, section 733(c)(1) of the Act permits the Department to postpone the preliminary determination until no later than 190 days after the date on which the Department initiated the investigation if: (A) The petitioner makes a timely request for a postponement; or (B) the Department concludes that the parties concerned are cooperating, that the investigation is extraordinarily complicated, and that additional time is

¹ On November 1, 2017, the Department issued its final determination in the countervailing duty investigation involving Certain Softwood Lumber Products from Canada. See *Certain Softwood Lumber Products From Canada: Final Affirmative Countervailing Duty Determination, and Final Negative Determination of Critical Circumstances*, 82 FR 51814 (November 8, 2017).

² See section 771(5)(B) of the Tariff Act of 1930, as amended.

necessary to make a preliminary determination. Under 19 CFR 351.205(e), the petitioner must submit a request for postponement 25 days or more before the scheduled date of the preliminary determination and must state the reasons for the request. The Department will grant the request unless it finds compelling reasons to deny the request.

On November 8, 2017, The Timken Company (the petitioner) submitted a timely request that we postpone the preliminary determination in this LTFV investigation. In its request, the petitioner cited outstanding issues regarding affiliation and the particular market situation which affects the cost of production information, such that further supplemental questionnaires will be required to address all issues and develop the case record.² In accordance with 19 CFR 351.205(e), the petitioner has stated the reasons for requesting a postponement of the preliminary determination, and the Department finds no compelling reason to deny the request. Therefore, pursuant to section 733(c)(1)(A) of the Act, we are postponing the deadline for the preliminary determination by 50 days (*i.e.*, 190 days after the date on which these investigations were initiated). As a result, the Department will issue its preliminary determination no later than January 24, 2018. Pursuant to section 735(a)(1) of the Act and 19 CFR 351.210(b)(1), the deadline for the final determination will continue to be 75 days after the date of the preliminary determination, unless postponed at a later date.

This notice is issued and published pursuant to section 733(c)(2) of the Act and 19 CFR 351.205(f)(1).

Dated: November 15, 2017.

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

Endangered Species; File No. 18688

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; receipt of application for a permit modification.

SUMMARY: Notice is hereby given that NMFS Pacific Islands Regional Office, 1601 Kapiolani Boulevard, Suite 1110, Honolulu, HI 96814 [Responsible Party: Michael Tosatto], has requested a modification to scientific research Permit No. 18688.

DATES: Written, telefaxed, or email comments must be received on or before December 21, 2017.

ADDRESSES: The modification request and related documents are available for review by selecting "Records Open for Public Comment" from the Features box on the Applications and Permits for Protected Species (APPS) home page, <https://apps.nmfs.noaa.gov>, and then selecting File No. 18688 Mod 3 from the list of available applications. These documents are also available upon written request or by appointment in the Permits and Conservation Division, Office of Protected Resources, NMFS, 1315 East-West Highway, Room 13705, Silver Spring, MD 20910; phone (301) 427-8401; fax (301) 713-0376.

Written comments on this application should be submitted to the Chief, Permits and Conservation Division, at the address listed above. Comments may also be submitted by facsimile to (301) 713-0376, or by email to NMFS.Pr1Comments@noaa.gov. Please include the File No. in the subject line of the email comment.

Those individuals requesting a public hearing should submit a written request to the Chief, Permits and Conservation Division at the address listed above. The request should set forth the specific reasons why a hearing on this application would be appropriate.

FOR FURTHER INFORMATION CONTACT:

Amy Hapeman or Erin Markin, (301) 427-8401.

SUPPLEMENTARY INFORMATION: The subject modification to Permit No. 18688, issued on May 5, 2015 (80 FR 36769), is requested under the authority of the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 *et seq.*) and the regulations governing the taking, importing, and exporting of endangered

and threatened species (50 CFR parts 222-226).

Permit No. 18688 authorizes the permit holder to conduct research on sea turtles bycaught in three longline fisheries in the Pacific Ocean around Hawaii and American Samoa to assess sea turtle post-hooking survival, movements, and ecology in pelagic habitats. The permit authorizes examination, morphometrics, biological sampling, and tagging of live hawksbill (*Eretmochelys imbricata*), olive ridley (*Lepidochelys olivacea*), leatherback (*Dermochelys coriacea*), loggerhead (*Caretta caretta*) and green (*Chelonia mydas*) sea turtles and the collection of carcasses, tissues and parts from dead sea turtles. Authorized take numbers for each species were consistent with the number of turtles allowed to be bycaught via the biological opinion prepared for each fishery. The permit holder requests authorization to increase the number of animals for each species that may be taken for research in the American Samoa longline fishery to match the incidental take statement of a new biological opinion prepared for this fishery after Permit No. 18688 was issued. Live sea turtles would undergo the same procedures as currently authorized by the permit. No other changes are requested.
