The two-phase temporary closure area
 is in Pershing County, Nevada, and is
 necessary for the period of time from
 July 29, 2018, to October 1, 2018,
 because of the Burning Man event. The

event's activities begin with fencing the
 site perimeter, Black Rock City setup
 (July 29 to August 20), followed by the
 actual event (August 20 to September 4),
 Black Rock City tear down and cleanup,
 and final site cleanup (September 4 to
 October 1). This event is authorized on
 public land under Special Recreation
 Permit #NVW03500–18–01.

The public temporary closure area
 comprises about 13 percent of the Black
 Rock Desert playa. Public access to the
 other 87 percent of the playa outside the
 temporary closure area will remain open
 to dispersed casual use.

The event area is fully contained
 within the Phase 2 temporary closure
 area. The event area is defined as the
 portion of the temporary closure area
 that: (1) Is entirely contained within the
 event perimeter fence, including 50 feet
 from the outside of the event perimeter
 fence; (2) Lies within 25 feet from the
 outside edge of the event access road;
 and (3) Includes the entirety of the
 aircraft parking area outside the event
 perimeter fence.

The temporary closure and
 restrictions are necessary to provide a
 safe environment for the the staffs/
 volunteers, paid participants and
 members of the public visiting the Black
 Rock Desert, and to protect public land
 resources by addressing law
 enforcement and public safety concerns
 associated with the event. The
 temporary closure and temporary
 restrictions are also necessary to enable
 BLM law enforcement personnel to
 provide for public safety and to protect
 the public lands as well as to support
 and assist State and local agencies with
 enforcement of existing laws. The
 permitted event takes place within
 Pershing County, Nevada, a rural county
 with a small population and a small
 Sheriff's Department. Key BLM staff
 members—including the authorizing
 officer for the 2018 event, the event
 incident commander, and the law
 enforcement operations chief—met with
 the Pershing County Sheriff and his
 planning team to coordinate and plan
 the 2018 event. The Sheriff's input and
 comments are incorporated in this
 temporary closure order.

The event attracts up to 70,000 paid
 participants to a remote, rural area,
 located more than 90 miles from urban
 infrastructure and support, including
 such services as public safety,
 emergency medical delivery,
 transportation, and communication.
 During the event, Black Rock City, the
 temporary city associated with the
 event, becomes one of the largest
 population areas in Nevada.

A temporary closure and restrictions
 order, under the authority of 43 CFR

8364.1, is appropriate for a single event.
 The temporary closure and restrictions
 are specifically tailored to the time
 frame that is necessary to provide a safe
 environment for the public and for
 participants at the Burning Man event
 and to protect public land resources
 while avoiding imposing restrictions
 that may not be necessary in the area
 during the remainder of the year.

The BLM will post copies of the
 temporary closure, temporary
 restrictions, and an associated map in
 kiosks at access points to the Black Rock
 Desert playa as well as at the Gerlach
 Post Office, Bruno's Restaurant, Empire
 Store, Black Rock City offices, Friends
 of Black Rock-High Rock offices, the
 BLM-Nevada Black Rock Station near
 Gerlach, and the BLM-California
 Applegate Field Office. The BLM will
 also make the materials available on the
 BLM external web page at: <http://www.blm.gov>.

In addition to the Nevada Collateral
 Forfeiture and Bail Schedule as
 authorized by the United States District
 Court, District of Nevada and under the
 authority of Section 303(a) of FLPMA,
 43 CFR 8360.0–7 and 43 CFR 8364.1,
 the BLM will enforce a temporary
 public closure and the following
 temporary restrictions will apply within
 and adjacent to the Burning Man event
 on the Black Rock Desert playa from
 July 29, 2018, through October 1, 2018:

Temporary Restrictions*(a) Environmental Resource
 Management and Protection*

(1) No person may deface, disturb,
 remove or destroy any natural object.

(2) Fires/Campfires: The ignition of
 fires on the surface of the Black Rock
 Desert playa without a burn blanket or
 burn pan is prohibited. Campfires may
 only be burned in containers that are
 sturdily elevated above the playa
 surface and in a manner that does not
 pose a risk of fire debris falling onto the
 playa surface. Plastic and nonflammable
 materials may not be burned in
 campfires. The ignition of fires other
 than a campfire is prohibited. This
 restriction does not apply to events
 sanctioned and regulated as art burns by
 the event organizer.

(3) Fireworks: The use, sale or
 possession of personal fireworks is
 prohibited except for uses of fireworks
 approved by the permit holder and used
 as part of a Burning Man sanctioned art
 burn event.

(4) Grey and Black Water Discharge:
 The discharge and dumping of grey
 water onto the playa/ground surface is
 prohibited. Grey water is defined as
 water that has been used for cooking,

washing, dishwashing, or bathing and/or contains soap, detergent, or food scraps/residue, regardless of whether such products are biodegradable or have been filtered or disinfected. Black water is defined as waste water containing feces, urine and/or flush water.

(5) Human Waste: The depositing of human waste (liquid and/or solid) on the playa/ground surface is prohibited.

(7) Hazardous Materials: The dumping or discharge of vehicle oil, petroleum products or other hazardous household, commercial or industrial refuse or waste onto the playa surface is prohibited. This applies to all recreational vehicles, trailers, motorhomes, port-a-potties, generators and other camp infrastructure.

(8) Fuel Storage: Each camp storing fuel must establish a designated fuel storage area at least ten (10) feet from combustible materials, twenty-five (25) feet from generators, vehicles or camp trailers/RV's and any sources of ignition (such as cigarettes/open flame), and one-hundred (100) feet from other designated fuel storage areas. Fuel containers shall not exceed 80 percent capacity per container. The storage of greater than 110 gallons of fuel in a single camp is prohibited. Storage areas for all fuel must include a secondary containment system that can hold a liquid volume equal to or greater than 110 percent of the largest container being stored. Secondary containment measures must comply with the following:

(a) The secondary containment system must be free of cracks or gaps and constructed of materials impermeable to the fuel(s) being stored.

(b) The secondary containment system must be designed to allow the removal of any liquids captured resulting from leaks, spills or precipitation.

(9) Water Discharge: The unauthorized dumping or discharge of fresh water onto the playa surface, onto city streets and/or other public areas or onto camp electric systems in a manner that creates a hazard or nuisance is prohibited. This provision does not prohibit the use of water trucks contracted by the event organizer to provide dust abatement measures.

(b) Commercial Activities

In accordance with BLM Handbook H-2930-1 Chapter 1-C: Vending and the 2018 Special Recreation Permit

Stipulation for the permitted event, ALL vendors and air carrier services must provide proof of authorization to operate at the event issued by the permitting agency and/or the permit holder upon request. Failure to provide such authorization could result in the issuance of a violation notice and/or eviction from the event.

The public temporary closure area is closed to aircraft landing, taking off and taxiing. Aircraft is defined in Title 18, U.S.C., section 31(a)(1) and includes lighter-than-air craft and ultra-light craft. The following exceptions apply:

All pilots that use the Black Rock City Airport must agree to and abide by the published airport rules and regulations;

(2) Only fixed wing and helicopters providing emergency medical services may land at the designated Emergency Medical Services areas/pads or at other locations when required for medical incidents. The BLM authorized officer, or an authorized State/Local Law Enforcement Officer or his/her delegated representative may approve other helicopter landings and takeoffs when deemed necessary for the benefit of the law enforcement operation; and

(3) Landings or takeoffs of lighter-than-air craft previously approved by the BLM authorized officer.

(C) It is unlawful for any person to drive or be in actual physical control of a vehicle on a highway or on premises to which the public has access with an amount of a prohibited substance in his or her urine or blood that is equal to or greater than the following nanograms per milliliter (ng/ml):

(B) Refusal by an operator to submit to a test is prohibited and proof of refusal may be admissible in any related judicial proceeding.

(iv) Presumptive levels:

(A) The results of chemical or other quantitative tests are intended to supplement the elements of probable cause used as the basis for the arrest of an operator charged with a violation of paragraph (i) of this section. If the alcohol concentration in the operator's blood or breath at the time of testing is less than alcohol concentrations specified in paragraph (ii)(B) of this section, this fact does not give rise to any presumption that the operator is or is not under the influence of alcohol.

(B) The provisions of paragraph (iv)(A) of this section are not intended to limit the introduction of any other competent evidence bearing upon the question of whether the operator, at the time of the alleged violation, was under the influence of alcohol, a drug or multiple drugs or any combination thereof.
