

respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

#### Overview of This Information Collection:

1. *Type of Information Collection:*

Extension of a currently approved collection.

2. *The Title of the Form/Collection:*

Law Enforcement Officers Killed and Assaulted Program, Analysis of Officers Feloniously Killed and Assaulted Program; and Law Enforcement Officers Killed and Assaulted, Analysis of Officers Accidentally Killed

3. *The agency form number, if any, and the applicable component of the Department sponsoring the collection:* The form number is 1-701 and 1-701a. The applicable component within the Department of Justice is the Criminal Justice Information Services Division, in the Federal Bureau of Investigation.

4. *Affected public who will be asked or required to respond, as well as a brief abstract:*

*Primary:* City, county, state, tribal and federal law enforcement agencies.

*Abstract:* Under Title 28, U.S. Code, Section 534, Acquisition, Preservation, and Exchange of Identification Records; Appointment of Officials this collection requests the number of officers killed or assaulted from law enforcement agencies in order for the FBI Uniform Crime Reporting Program to serve as the national clearinghouse for the collection and dissemination of law enforcement officer death/assault data and to publish these statistics in Law Enforcement Officers Killed and Assaulted.

5. *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* UCR Participation Burden Estimation: There are approximately 188 law enforcement agency respondents with an estimated response time of 1 hour per report.

6. *An estimate of the total public burden (in hours) associated with the collection:* There are approximately 188 hours, annual burden, associated with this information collection.

*If additional information is required contact:* Melody Braswell, Department Clearance Officer, United States Department of Justice, Justice Management Division, Policy and Planning Staff, Two Constitution Square, 145 N Street NE, 3E.405A, Washington, DC 20530.

Dated: July 3, 2018.

#### DEPARTMENT OF JUSTICE

[OMB Number 1121-0065]

#### Agency Information Collection Activities; Proposed eCollection eComments Requested; Extension of a Currently Approved Collection: National Corrections Reporting Program

**AGENCY:** Bureau of Justice Statistics, Department of Justice.

**ACTION:** 60-Day notice.

**SUMMARY:** The Department of Justice (DOJ), Office of Justice Programs, Bureau of Justice Statistics, will be submitting the following information collection request to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995.

**DATES:** Comments are encouraged and will be accepted for 60 days until September 7, 2018.

**FOR FURTHER INFORMATION CONTACT:** If you have additional comments especially on the estimated public burden or associated response time, suggestions, or need a copy of the proposed information collection instrument with instructions or additional information, please contact Elizabeth Ann Carson, Statistician, Bureau of Justice Statistics, 810 Seventh Street NW, Washington, DC 20531 (email: [elizabeth.carson@usdoj.gov](mailto:elizabeth.carson@usdoj.gov); telephone: 202-616-3496).

**SUPPLEMENTARY INFORMATION:** Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address one or more of the following four points:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Bureau of Justice Statistics, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Evaluate whether and if so how the quality, utility, and clarity of the information to be collected can be enhanced; and

—Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

#### Overview of This Information Collection

(1) *Type of Information Collection:* Extension of a Currently Approved Collection.

(2) *The Title of the Form/Collection:* National Corrections Reporting Program. The collection includes the following parts: Prisoner Admission Report, Prisoner Release Report, Prisoners in Custody at Year-end Report, Post-Custody Community Supervision Entry Report, Post-Custody Community Supervision Exit Report.

(3) *The agency form number, if any, and the applicable component of the Department sponsoring the collection:* Form number(s): NCRP-1A, NCRP-1B, NCRP-1D, NCRP-1E, NCRP-1F. The applicable component within the Department of Justice is the Bureau of Justice Statistics (Corrections Unit), in the Office of Justice Programs.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract:* Primary: 50 state departments of corrections (DOCs) and 7 parole boards (in six states and the District of Columbia). The National Corrections Reporting Program (NCRP) is the only national data collection furnishing annual individual-level information for state prisoners at five points in the incarceration process: Prison admission, prison release, annual year-end prison custody census, entry to post-custody community corrections supervision, and exits from post-custody community corrections supervision. BJS, the U.S. Congress, researchers, and criminal justice practitioners use these data to describe annual movements of adult offenders through state correctional systems, as well as to examine long-term trends in time served in prison, demographic and offense characteristics of inmates, sentencing practices in the states that submit data, transitions between incarceration and community corrections, and recidivism. Providers of the data are personnel in the states' Departments of Corrections and Parole, and all data are submitted on a voluntary basis. The NCRP collects the following administrative data on each inmate in participating states' custody:

- County of sentencing
- State and federal inmate identification numbers

- Dates of: Birth, prison admission, prison release, projected prison release, mandatory prison release, eligibility hearing for post-custody community corrections supervision, post-custody community corrections supervision entry, post-custody community corrections supervision exit

- First, middle, and last names
- Demographic information: Sex, race, Hispanic origin, education level, prior military service, date and type of last discharge from military

- Offense type and number of counts per inmate for a maximum of three convicted offenses per inmate

- Total sentence length imposed
- Type of facility where inmate is serving sentence (for year-end custody census records only, the name of the facility is also requested)

- Type of prison admission
- Type of prison release
- Location of post-custody community supervision exit or post-custody community supervision office (post-custody community supervision records only)

- Social security number
- Address of last residence prior to incarceration

- Prison security level at which the inmate is held

For consideration, BJS is proposing to add the following items to the NCRP collection, all of which are likely available from the same databases as existing data elements and should likely pose minimal additional burden to the respondents, while enhancing BJS's ability to characterize the corrections systems and populations it serves:

- Status of current U.S. citizenship
- Country of current citizenship
- Country of birth

Finally, BJS is proposing to remove the following items from the NCRP collection, based on a combination of low response rates (less than 50% of states) and/or high levels of missing data (30% or higher missing) among states that do respond:

- Prior prison time served by the offender
- Additional offenses since admission date
- Additional sentence time since admission date
- Whether the offender was on AWOL or escape while serving sentences
- Whether the offender was serving time concurrently on community release prior to prison release
- The number of days on community release prior to prison release served by the offender
- Agencies assuming custody at the time of prison release

- Offender's supervision status prior to release from post-custody community supervision

- Whether the offender's maximum sentence includes a mandatory minimum sentence

- Whether the offender's maximum sentence includes a Truth in Sentencing Law restriction

- The length of court-imposed sentence to community service for the offender

BJS uses the information gathered in NCRP in published reports and statistics. The reports will be made available to the U.S. Congress, Executive Office of the President, practitioners, researchers, students, the media, others interested in criminal justice statistics, and the general public via the BJS website.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* BJS anticipates 57 respondents to NCRP by 2021: 50 state DOC respondents and seven separate parole boards (in six states and the District of Columbia). Burden hours for the three collection years (2019–2021) differ based on whether a state has previously submitted NCRP prison and PCCS data in recent years. All 50 DOCs have recently submitted NCRP prison data, but currently, only 32 DOCs have submitted PCCS data in the last four years.

#### **Burden Hours for Prison Records (NCRP–1A, NCRP–1B, NCRP–1D)**

All 50 DOCs have recently submitted NCRP prison data, so the average time needed to continue providing prison data is expected to be 8 hours per respondent for both prisoner admissions and releases (NCRP–1A and NCRP–1B) and 8 hours for data on persons in prison at year-end (NCRP–1D). For 2019, the total burden estimate of 16 hours per DOC for these three record types is increased by 45 minutes from the previous NCRP OMB submission, to account for the addition and removal of variables from states' extract programs (a 30 minute increase to add citizenship questions to NCRP–1A and NCRP–1D, and a 15 minute increase to remove the 11 variables). The total amount of time estimated for 50 DOCs to submit NCRP–A, –B, and –D records in 2019 is 837.5 hours (16.75 hours\*50 = 837.5 hours).

In 2020 and 2021, BJS expects to have all 50 DOCs providing NCRP prison data. The burden for provision of the NCRP prison data will decrease to 14 hours per respondent due to the removal of the 11 items (7 hours for the prison admission and release records combined, and 7 hours for the year-end

custody records), for a total of 700 hours annually for the 50 DOCs in 2020 and 2021 (14 hours\*50 = 700 hours).

#### **Burden Hours for PCCS Records (NCRP–1E, NCRP–1F)**

There are currently 37 jurisdictions submitting PCCS data (32 DOCs and 5 parole boards), and BJS estimates that extraction and submission of both the PCCS entries and exits takes an average of 8 hours per jurisdiction. In 2019, BJS anticipates that 8 additional DOCs and one parole board (likely the District of Columbia) will submit data, with the burden for each new jurisdiction being 24 hours to set up extraction programs and make the submission. Thus, the burden for PCCS records is 296 hours for those already submitting (8 hours\*37 = 296 hours), and 216 hours for new submissions (24 hours\*9 = 216). The total amount of time for all PCCS submissions in 2019 is 512 hours.

In 2020, BJS hope to recruit an additional 2 DOCs and the remaining parole board to submit NCRP PCCS data. The total estimate for submission of PCCS for new jurisdictions in 2020 is 72 hours (24 hours\*3 = 72 hours). For those 40 DOCs and 6 parole boards currently responding, provision of the PCCS data in 2020 will total 368 hours (8 hours\*46 = 368 hours). The total amount of time for all PCCS submissions in 2020 is 440 hours.

Similarly, BJS hopes that the remaining 2 DOCs will submit PCCS data for the first time in 2021. The remaining non-reporting DOCs would need a total of 48 hours to create data extraction programs and begin data submission (24 hours\*2 = 48 hours). Those jurisdictions (42 DOCs and 7 parole boards) who provided NCRP PCCS data in 2020 will require 392 hours total to do the same in 2021 (8 hours\*49 = 392 hours). The total amount of time for all PCCS submissions in 2021 is 440 hours.

#### **Burden Hours for Data Review/Follow-up Consultations**

Follow-up consultations with respondents are usually necessary while processing the data to obtain further information regarding the definition, completeness and accuracy of their report. The duration of these follow-up consultations will vary based on the number of record types submitted, so BJS has estimated an average of 3 hours per jurisdiction to cover all of the records (prison and/or PCCS) submitted. In 2019, BJS anticipates that one of the two parole boards not currently submitting PCCS data will begin to submit, so the number of jurisdictions requiring follow-up consultations is 51

(50 DOCs submitting at least the prison data, and one parole board submitting only PCCS data). This yields a total of 153 hours of follow-up consultation after submission (3 hours\*51 = 153 hours).

This total estimate of 153 hours for data review/follow-up consultations remains the same for 2020 and 2021.

#### **Total Burden Hours for Submitting NCRP Data**

BJS anticipates that the total burden for provision and data follow-up of all NCRP data across the participating jurisdictions in 2019 is 1,502.5 hours (837.5 hours for prison records, 512 hours for PCCS records, and 153 hours for follow-up consultation). This is equivalent to roughly 29 hours per respondent. The total annual burden for provision and follow-up of NCRP data in 2020 and 2021 is anticipated to be 1,293 hours (700 hours for prison records, 440 hours for PCCS records, and 153 hours for follow-up consultation).

(6) *An estimate of the total public burden (in hours) associated with the collection:* There are an estimated 1,502.5 total burden hours associated with this collection in 2019, and 1,293 hours in both 2020 and 2021.

If additional information is required contact: Melody Braswell, Department Clearance Officer, United States Department of Justice, Justice Management Division, Policy and Planning Staff, Two Constitution Square, 145 N street NE, 3E.405B, Washington, DC 20530.

## **DEPARTMENT OF JUSTICE**

**[OMB Number 1122-0020]**

### **Agency Information Collection Activities; Proposed eCollection eComments Requested; Revision of a Currently Approved Collection**

**AGENCY:** Office on Violence Against Women, Department of Justice.

**ACTION:** 60-Day notice.

**SUMMARY:** The Department of Justice, Office on Violence Against Women (OVW) will be submitting the following information collection request to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995.

**DATES:** Comments are encouraged and will be accepted for 60 days until September 7, 2018.

**FOR FURTHER INFORMATION CONTACT:** Written comments and/or suggestion regarding the items contained in this notice, especially the estimated public burden and associated response time, should be directed to Cathy Poston, Office on Violence Against Women, at 202-514-5430 or *Catherine.poston@usdoj.gov*.

**SUPPLEMENTARY INFORMATION:** Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address one or more of the following four points:

(1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

#### **Overview of This Information Collection**

(1) *Type of Information Collection:* Extension of a currently approved collection.

(2) *Title of the Form/Collection:* OVW Solicitation Template.

(3) *Agency form number, if any, and the applicable component of the Department of Justice sponsoring the collection:* Form Number: 1122-0020. U.S. Department of Justice, OVW.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract:* Primary: The affected public includes applicants to OVW grant programs authorized under the Violence Against Women Act of 1994 as amended. These include States, territories, Tribes or units of local government, institutions of higher education including colleges and universities, tribal organizations, Federal, State, tribal, territorial or local courts or court-based programs, State

sexual assault coalitions, State domestic violence coalitions; territorial domestic violence or sexual assault coalitions, tribal coalitions, community-based organizations, and non-profit, nongovernmental organizations. The purpose of the solicitation template is to provide a framework to develop program-specific announcements soliciting applications for funding. A program solicitation outlines the specifics of the funding program; describes the requirements for eligibility; instructs an applicant on the necessary components of an application under a specific program (e.g. project activities and timeline, proposed budget); and provides registration dates, due dates, and instructions on how to apply within the designated application system. OVW is proposing revisions to the current OMB-approved solicitation template to reduce duplicative language, employ plain language, ensure consistency, outline all requirements clearly, and conform with 2 CFR part 200, Uniform Administrative Requirements, Cost Requirements, Cost Principles, and Audit Requirements for Federal Awards.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond/reply:* It is estimated that information will be collect annually from the approximately 1800 respondents (applicants to the OVW grant programs). The public reporting burden for this collection of information is estimated at up to 30 hours per application. The 30-hour estimate is based on the amount of time to prepare a narrative, budget and other materials for the application and, if required, to coordinate with and develop a memorandum of understanding with requisite project partners.

(6) *An estimate of the total public burden (in hours) associated with the collection:* The estimated public burden associated with this collection is 54,000 hours.

If additional information is required contact: Melody Braswell, Department Clearance Officer, United States Department of Justice, Justice Management Division, Policy and Planning Staff, Two Constitution Square, 145 N Street NE, 3E.405A, Washington, DC 20530.

Dated: July 3, 2018.
