SUPPLEMENTARY INFORMATION:

Title: Customer Clearing Documentation and Timing of Acceptance for Clearing (OMB Control No. 3038-0092). This is a request for extension of a currently approved information collection.

Abstract: Section 4d(c) of the CEA, as amended by the Dodd-Frank Act, directs the Commission to require futures commission merchants to implement conflict of interest procedures that address such issues the Commission determines to be appropriate. Similarly, section 4s(j)(5), as added by the Dodd-Frank Act, requires swap dealers and major swap participants to implement conflict of interest procedures that address such issues the Commission determines to be appropriate. Section 4s(j)(5) also requires swap dealers and major swap participants to ensure that any persons providing clearing activities or making determinations as to accepting clearing customers are separated by appropriate informational partitions from persons whose involvement in pricing, trading, or clearing activities might bias their judgment or contravene the core principle of open access. Section 4s(j)(6) of the CEA prohibits a swap dealer and major swap participant from adopting

any process or taking any action that results in any unreasonable restraint on trade or imposes any material anticompetitive burden on trading or clearing, unless necessary or appropriate to achieve the purposes of the Act. Section 2(h)(1)(B)(ii) of the CEA requires that derivatives clearing organization rules provide for the non-discriminatory clearing of swaps executed bilaterally or through an unaffiliated designated contract market or swap execution facility.

Pursuant to these provisions, the Commission adopted § 1.71(d)(1) relating to FCMs and § 23.605(d)(1) relating to swap dealers and major swap participants. These regulations prohibit swap dealers and major swap participants from interfering or attempting to influence the decisions of affiliated FCMs with regard to the provision of clearing services and activities and prohibit FCMs from permitting them to do so. Also, § 23.607 prohibits a swap dealer and major swap participant from adopting any process or taking any action that results in any unreasonable restraint on trade or imposes any material anticompetitive burden on trading or clearing, unless necessary or appropriate to achieve the purposes of the Act. Additionally, § 39.12(b)(2) requires that derivatives clearing organization rules provide for the non-discriminatory clearing of swaps executed bilaterally or through an unaffiliated designated contract market or swap execution facility. Sections 1.71(f) and 23.605(f) provide that records be maintained pursuant to Commission Regulation 1.31.

As discussed further below, the additional information collection burden arising from the proposed regulations primarily is restricted to the costs associated with the affected registrants' obligation to maintain records related to clearing documentation between the customer and the customer's clearing member.

The information collection obligations imposed by the regulations are necessary to implement certain provisions of the CEA, including ensuring that registrants exercise effective risk management and for the efficient operation of trading venues among SDs, MSPs, FCMs, and DCOs.

Burden Statement: The Commission is revising its estimate of the burden for this collection, which include 101 Swap Dealers, Major Swap Participants, 65 Futures Commission Merchants and 16 Derivatives Clearing Organizations. The respondent burden for this collection is estimated to be as follows:

Estimated Number of Respondents: 182.

¹ 17 CFR 145.9.

Estimated Average Burden Hours per Respondent: 18.1 hours.

Estimated Total Annual Burden Hours: 3,296 hours.

Dated: August 22, 2018.

Secretary of the Commission.
