SUPPLEMENTARY INFORMATION:

I. Abstract

This request is for extension of a current information collection.

The Fishery Ecosystem Plan for Pelagic Fisheries of the Western Pacific (FEP) contains a process under the authority of the Magnuson-Stevens Fishery Conservation and Management Act to specify catch and/or fishing effort limits for management unit species caught by pelagic fisheries in the U.S. participating territories. The process allows NMFS to authorize the government of each U.S. participating territory to allocate a portion of its catch or fishing effort limit to a U.S. fishing vessel permitted under the FEP through specified fishing agreements. These agreements support fisheries

development in the U.S. participating territories (see 50 CFR 665.819).

A specified fishing agreement provides access to an identified portion of a catch or fishing effort limit and may not exceed the amount specified for the territory and made available for allocation. The identified portion of a catch or fishing effort limit in an agreement must account for recent and anticipated harvest on the stock or stock complex or fishing effort, and any other valid agreements with the territory during the same year not to exceed the territory's catch or fishing effort limit or allocation limit. Each participating territory may submit a complete specified fishing agreement for review and approval by the Western Pacific Fishery Management Council and NMFS. The agreement must (a) identify the vessels and document that each fishing vessel has a valid permit issued under 50 CFR 665.801, (b) identify the limit on catch of western Pacific pelagic management unit species, if applicable, (c) identify the limit on fishing effort, if applicable, (d) be signed by an authorized official of the participating territory or designated representative, and (e) be signed by each vessel owner or designated representative.

II. Method of Collection

There is no form for an agreement. Agreements may be submitted by mail or fax.

OMB Control Number: 0648–0689.

Form Number(s): None.

Type of Review: Regular submission (extension of a current information collection).

Affected Public: Individuals or households; business or other for-profit organizations; State or Territorial government.

Estimated Total Annual Cost to Public: \$95 (\$10 per agreement, \$5 per appeal) for copying and mailing or for faxing.

IV. Request for Comments
