

Hill Courts was constructed in 1942 by HACLA as a low-income public housing project. Rose Hill Courts was determined eligible for listing in the National Register of Historic Places. The Rose Hill Courts complex is located at 4446 Florizel Street, on a 5.24-acre site. The site is located within the Northeast Los Angeles Community Plan, in the Rose Hills neighborhood area of the City of Los Angeles.

#### Alternatives to the Proposed Action

The EIR/EIS will discuss the alternatives that were considered for analysis, identify those that were eliminated from further consideration because they do not meet the stated purpose and need, and identify those that will be analyzed further. It is expected that project alternatives will continue to be developed and refined during the public scoping process, with input from the public, agencies, and other stakeholders. The EIR/EIS alternatives analysis will consist of a comparison of the impacts under each alternative pursuant to 24 CFR part 58, in addition to how well each alternative achieves the project's purpose and need. This process, which will be described in detail in the EIR/EIS, will lead to the designation of a Preferred Alternative.

At this time, it is anticipated that the following alternatives will be analyzed: (1) No Project/No Action Alternative; (2) Non-Historically Compliant Rehabilitation Alternative; and (3) Historic Rehabilitation.

1. No Project/No Action Alternative. This alternative would be the continuation of uses on the site; therefore, existing buildings and tenants would remain at the project site and no buildings or uses would be constructed or demolished.

2. Non-Historically Compliant Rehabilitation Alternative. This alternative would redevelop the existing units at Rose Hill Courts but not in a way that would preserve their historic integrity. However, the Non-Historically Compliant Rehabilitation Alternative would retain the existing 100 units on the project site and would not allow for the opportunity to increase the number of affordable housing units on the project site.

3. Historic Rehabilitation. This alternative would redevelop the existing units at Rose Hill Courts in a way that would preserve the historic integrity of the buildings. This alternative would restore the characteristics of the Garden Style design utilized in the Rose Hill Courts development, including but not limited to low-slung buildings, large open spaces, and recreational amenities.

#### Probable Environmental Effects

The following subject areas will be analyzed in the combined EIR/EIS for probable environmental effects: Aesthetics, Air Quality, Biological Resources, Cultural Resources, Geology and Soils, Greenhouse Gas Emissions, Hazards and Hazardous Materials, Land Use and Planning, Noise, Population and Housing, Public Services, Recreation, Transportation/Traffic, and Tribal Cultural Resources.

#### Scoping Meeting

A public scoping meeting will be held from 5:00 p.m. to 7:00 p.m. on October 4, 2018, at the Rose Hill Courts Community Center at 4446 Florizel Street, Los Angeles, California. The scoping process also includes the initiation of the NHPA Section 106 consultation process. We invite comments from all interested parties about the potential impacts this project may have on historic properties, cultural resources, or biological and natural resources as well as the impacts these resources may have on the project. We invite all interested parties to participate in the scoping meeting.

#### Lead Agencies

HCID is the responsible entity (RE) and lead agency for this project in accordance with 24 CFR part 58, "Environmental Review Procedures for Entities Assuming HUD Environmental Responsibilities." As a RE, the HCID assumes the responsibility for environmental review, decision-making, and action that would otherwise apply to HUD under NEPA. Section 26 of the United States Housing Act (42 U.S.C. 1437x) allows units of general local government to assume NEPA responsibilities in projects involving Section 18 demolition/disposition and Section 8 Project-Based Vouchers. The project may use CDBG and HOME funds. If so, Section 104(g) of the Housing and Community Development Act of 1974 (42 U.S.C. 5304(g)) and Section 288 of the HOME Investment Partnerships Act (42 U.S.C. 12838) allow CDBG recipients and HOME jurisdictions, respectively, to assume NEPA responsibilities for CDBG and HOME projects.

In addition, the HACLA is the CEQA lead agency and is responsible for preparing an EIR. Questions may be directed to the individuals named in this notice under the heading **FOR FURTHER INFORMATION CONTACT**.

## INTERNATIONAL TRADE COMMISSION

[Investigation No. 731–TA–1396 (Final)]

### Forged Steel Fittings From Taiwan

#### Determination

On the basis of the record <sup>1</sup> developed in the subject investigation, the United States International Trade Commission (“Commission”) determines, pursuant to the Tariff Act of 1930 (“the Act”), that an industry in the United States is materially injured by reason of imports of forged steel fittings from Taiwan that have been found by the U.S. Department of Commerce (“Commerce”) to be sold in the United States at less than fair value (“LTFV”).<sup>2</sup>

<sup>1</sup> The record is defined in sec. 207.2(f) of the Commission’s Rules of Practice and Procedure (19 CFR 207.2(f)).

<sup>2</sup> *Forged Steel Fittings From Taiwan: Final Determination of Sales at Less Than Fair Value*, 83 FR 36519, July 30, 2018.

## Background

The Commission instituted this investigation effective October 5, 2017, following receipt of a petition filed with the Commission and Commerce by Bonney Forge Corporation, Mount Union, Pennsylvania, and the United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union, Pittsburgh, Pennsylvania. The Commission established a general schedule for the final phase of its investigations on forged steel fittings from China, India, and Taiwan <sup>3</sup> following notifications of preliminary determinations by Commerce that imports of forged steel fittings from China, Italy, and Taiwan were being sold at LTFV within the meaning of section 733(b) of the Act (19 U.S.C. 1673b(b)).<sup>4</sup> Notice of the scheduling of the final phase of the Commission’s investigation and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of June 4, 2018, (83 FR 25715, June 4, 2018). The hearing was held in Washington, DC, on August 2, 2018, and all persons who requested the opportunity were permitted to appear in person or by counsel.

The Commission made this determination pursuant to section 735(b) of the Act (19 U.S.C. 1673d(b)). It completed and filed its determination in this investigation on September 14, 2018. The views of the Commission are contained in USITC Publication 4823 (September 2018), entitled *Forged Steel Fittings from Taiwan: Investigation No. 731–TA–1396 (Final)*.
