If no additional claimants come forward, transfer of control of the cultural items to the lineal descendants, Indian Tribes, or Native Hawaiian organizations stated in this notice may proceed.

DATES: Lineal descendants or representatives of any Indian Tribe or

Native Hawaiian organization not identified in this notice that wish to claim these cultural items should submit a written request with information in support of the claim to the Fowler Museum at UCLA at the address in this notice by November 19, 2018.

ADDRESSES: Wendy G. Teeter, Ph.D., Fowler Museum at UCLA, Box 951549, Los Angeles, CA 90095–1549, telephone (310) 825–1864, email wteeter@arts.ucla.edu.

SUPPLEMENTARY INFORMATION: Notice is here given in accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), 25 U.S.C. 3005, of the intent to repatriate cultural items under the control of the Fowler Museum at UCLA that meet the definition of unassociated funerary objects under 25 U.S.C. 3001.

This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA, 25 U.S.C. 3003(d)(3). The determinations in this notice are the sole responsibility of the museum, institution, or Federal agency that has control of the Native American cultural items. The National Park Service is not responsible for the determinations in this notice.

History and Description of the Cultural Item(s)

In 1958 and 1959, three cultural items were removed from CA–SDI–525 (W–9) in San Diego County, CA. Carl L. Hubbs, G. Shumway, J. Moriarty, and Claude Warren conducted excavations during the construction of two homes on Scripps Estate Association Lots. The site was dated to the Middle Holocene (between 7,000 and 5,500 B.P.) based on radiocarbon dating. In 1959, the collections were sent to UCLA for curation. 16 burials were uncovered, of which seven were left in situ, two burials (9 and 10) were supposedly sent to UCLA, and the rest were curated with J.R. Moriarty, UC Scripps Institution of Oceanography. Burials 9 and 10 cannot currently be located, although they are reported to have been sent to “Stanford” for dating and despite extensive investigations. Funerary objects were identified in the collections as being removed from these two burials. There were three objects including one stone metate, one shell fragment, and one soil sample. Since the represented burials have not been located these burial items are eligible as NAGPRA unassociated funerary objects.

The site detailed in the paragraphs preceding has been identified through consultation to be within the aboriginal territory of the Kumeyaay people. Based

on archeological evidence, geographic location, ethnographic information, and oral history evidence, these funerary objects are consistent with those of ancestral Kumeyaay people, represented by the Campo Band of Diegueno Mission Indians of the Campo Indian Reservation, California; Capitan Grande Band of Diegueno Mission Indians of California (Barona Group of Capitan Grande Band of Mission Indians of the Barona Reservation, California; Viejas (Baron Long) Group of Capitan Grande Band of Mission Indians of the Viejas Reservation, California); Ewiiapaayp Band of Kumeyaay Indians, California; Iipay Nation of Santa Ysabel, California (previously listed as the Santa Ysabel Band of Diegueno Mission Indians of the Santa Ysabel Reservation); Inaja Band of Diegueno Mission Indians of the Inaja and Cosmit Reservation, California; Jamul Indian Village of California; La Posta Band of Diegueno Mission Indians of the La Posta Indian Reservation, California; Manzanita Band of Diegueno Mission Indians of the Manzanita Reservation, California; Mesa Grande Band of Diegueno Mission Indians of the Mesa Grande Reservation, California; San Pasqual Band of Diegueno Mission Indians of California; and Sycuan Band of the Kumeyaay Nation (hereafter referred to as "The Tribes").

Determinations Made by the Fowler Museum at UCLA

Officials of the Fowler Museum at UCLA have determined that:

- Pursuant to 25 U.S.C. 3001(3)(B), the three cultural items described above are reasonably believed to have been placed with or near individual human remains at the time of death or later as part of the death rite or ceremony and are believed, by a preponderance of the evidence, to have been removed from a specific burial site of a Native American individual.
- Pursuant to 25 U.S.C. 3001(2), there is a relationship of shared group identity that can be reasonably traced between the unassociated funerary objects and The Tribes.

Additional Requestors and Disposition

Lineal descendants or representatives of any Indian Tribe or Native Hawaiian organization not identified in this notice that wish to claim these cultural items should submit a written request with information in support of the claim to Wendy G. Teeter, Ph.D., Fowler Museum at UCLA, Box 951549, Los Angeles, CA 90095-1549, telephone (310) 825-1864, email wteeter@arts.ucla.edu, by November 19, 2018. After that date, if no additional

claimants have come forward, transfer of control of the unassociated funerary objects to The Tribes may proceed.

The Fowler Museum at UCLA is responsible for notifying The Tribes that this notice has been published.

Bureau of Ocean Energy Management

[Docket No. BOEM-2018-0043]

Atlantic Wind Lease Sale 4A (ATLW-4A) for Commercial Leasing for Wind Power on the Outer Continental Shelf Offshore Massachusetts—Final Sale Notice

AGENCY: Bureau of Ocean Energy Management, Interior.

ACTION: Final Sale Notice for Commercial Leasing for Wind Power on the Outer Continental Shelf Offshore Massachusetts.

SUMMARY: This document is the Final Sale Notice (FSN) for the sale of commercial wind energy leases on the Outer Continental Shelf (OCS) offshore Massachusetts. The Bureau of Ocean Energy Management (BOEM) will offer three leases: Lease OCS-A 0520, Lease OCS-A 0521, and Lease OCS-A 0522 (Lease Areas), which are located within the former Leases OCS-A 0502 and Lease OCS-A 0503 that were unsold during the Atlantic Wind Lease Sale-4 (ATLW-4) on January 29, 2015. BOEM will use an ascending bidding auction format. The FSN contains information pertaining to the areas available for leasing, certain provisions and conditions of the leases, auction details, the lease form, criteria for evaluating competing bids, award procedures, appeal procedures, and lease execution. The issuance of the lease(s) resulting from this sale would not constitute an approval of project-specific plans to develop offshore wind energy. Such plans, if submitted by the lessee, would be subject to subsequent environmental, technical, and public reviews prior to a decision on whether the proposed development should be authorized.

DATES: BOEM will hold a mock auction for the bidders starting at 9:00 a.m. Eastern Standard Time (EST) on December 11, 2018. The monetary auction will be held online and will begin at 9:00 a.m. EST on December 13, 2018. Additional details are provided in

the section entitled "Deadlines and Milestones for Bidders."

FOR FURTHER INFORMATION CONTACT: Jeff Browning, BOEM, Office of Renewable Energy Programs, 45600 Woodland Road, VAM-OREP, Sterling, Virginia 20166, (703) 787-1577 or Jeffrey.Browning@boem.gov.

SUPPLEMENTARY INFORMATION:

Authority: This FSN is published pursuant to subsection 8(p) of the OCS Lands Act (43 U.S.C. 1337(p)), as amended by section 388 of the Energy Policy Act of 2005, and the implementing regulations at 30 CFR part 585, including sections 211 and 216.

Background: BOEM proposed this lease sale on April 11, 2018, in the *Atlantic Wind Lease Sale 4A (ATLW-4A) Commercial Leasing for Wind Power on the Outer Continental Shelf Offshore Massachusetts—Proposed Sale Notice* (PSN), which was published in the **Federal Register** (83 FR 15618). A 60-day comment period followed. BOEM received 21 comment submissions in response to the PSN, which are available on [regulations.gov](https://www.regulations.gov) (Docket ID: BOEM-2018-0016) at: <https://www.regulations.gov/docket?D=BOEM-2018-0016>. BOEM has posted its responses to comments submitted during the PSN comment period. The document, entitled *Response to Comments*, can be found through BOEM's website at: <https://www.boem.gov/Commercial-Wind-Leasing/Massachusetts/Lease-Sale-4A/>.

In response to the PSN, BOEM received new qualification materials from thirteen entities that BOEM has determined to be qualified to participate in this sale, and four affirmations of interest from entities that were qualified to participate in the first Massachusetts Lease Sale (ATLW-4) in January of 2015. In addition, the two entities that submitted unsolicited lease requests for the Lease Areas have also qualified, resulting in a total of 19 qualified entities.

BOEM made several changes from the description of the lease sale format and leases that were published in the PSN. The primary changes are: The lease sale no longer contains a non-monetary bidding credit, and will instead use a straight ascending bid format; the two proposed lease areas have been re-divided into three Lease Areas; each lease now contains conditions related to vessel transit corridors and setbacks between adjacent leases; and the operations term of each lease has been extended from 25 years to 33 years.

List of Eligible Bidders: BOEM has determined that the following entities are legally, technically, and financially
