Proposal Under OMB Delegated Authority To Extend for Three Years, Without Revision, the Following Information Collection

Report title: Recordkeeping Provisions Associated with the Guidance on Sound Incentive Compensation Policies.

Agency form number: FR 4027.

OMB control number: 7100-0327.

Frequency: Annual.

Respondents: Banking organizations.

Estimated number of respondents:

One-time implementation for large institutions: 1; one-time implementation for small institutions: 1; ongoing maintenance: 5,503.

Estimated average hours per response:

One-time implementation for large institutions: 480; one-time implementation for small institutions: 80; ongoing maintenance: 40.

Estimated annual burden hours: 228,960.

General description of report:

Compatibility With Effective Controls and Risk Management

Pursuant to Principle 2 of the Guidance, a banking organization's risk-management processes and internal controls should reinforce and support the development and maintenance of balanced incentive compensation arrangements. Principle 2 states that banking organizations should create and maintain sufficient documentation to permit an audit of the organization's processes for establishing, modifying, and monitoring incentive compensation arrangements. Additionally, large banking organizations should maintain policies and procedures that (i) identify and describe the role(s) of the personnel, business units, and control units authorized to be involved in the design, implementation, and monitoring of incentive compensation arrangements; (ii) identify the source of significant risk-related inputs into these processes and establish appropriate controls governing the development and approval of these inputs to help ensure their integrity; and (iii) identify the individual(s) and control unit(s) whose approval is necessary for the establishment of new incentive compensation arrangements or modification of existing arrangements.

Strong Corporate Governance

Pursuant to Principle 3 of the Guidance, banking organizations should

have strong and effective corporate governance to help ensure sound compensation practices. The Guidance states that a banking organization's board of directors should approve and document any material exceptions or adjustments to the organization's incentive compensation arrangements established for senior executives.

Legal authorization and confidentiality: The recordkeeping provisions of the Guidance are authorized pursuant to sections 9, 11(a), 25, and 25A of the Federal Reserve Act (12 U.S.C. 248(a), 325, 602, and 625); section 5 of the Bank Holding Company Act (12 U.S.C. 1844); section 10(b)(2) of the Home Owners' Loan Act (12 U.S.C. 1467a(b)(2)); section 7(c) of the International Banking Act (12 U.S.C. 3105(c)); and section 39 of the Federal Deposit Insurance Act (12 U.S.C. 1831p-1(c)).

Because the recordkeeping provisions are contained within guidance, which is nonbinding, they are voluntary. There are no reporting forms associated with this information collection.

Because the incentive compensation records would be maintained at each banking organization, the Freedom of Information Act ("FOIA") would only be implicated if the Board obtained such records as part of the examination or supervision of a banking organization. In the event the records are obtained by the Board as part of an examination or supervision of a financial institution, this information is considered confidential pursuant to exemption 8 of the FOIA, which protects information contained in "examination, operating, or condition reports" obtained in the bank supervisory process (5 U.S.C. 552(b)(8)). In addition, the information may also be kept confidential under exemption 4 for the FOIA, which protects commercial or financial information obtained from a person that is privileged or confidential (5 U.S.C. 552(b)(4)).

Consultation outside the agency: The Board has consulted with the OCC and FDIC to confirm that there will be no revisions to the Guidance, and that the one-time implementation burden should be reduced, as these agencies do not expect any banking organizations to newly implement the recordkeeping requirements associated with the Guidance. Each agency may update their respective respondent count if needed.

Board of Governors of the Federal Reserve System, November 27, 2018.

Michele Taylor Fennell,

Assistant Secretary of the Board.

This notice sets out a summary of the use and burden associated with the following information collections. More detailed information can be found in each collection's supporting statement and associated materials (see **ADDRESSES**).

CMS-10691 Data Request and Attestation for PDP Sponsors

Under the PRA (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA requires federal agencies to publish a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice.

Information Collection

Type of Information Collection Request: New collection (request for a new OMB control number); *Title of Information Collection*: Data Request and Attestation for PDP Sponsors; *Use*: Section 50354 of the Bipartisan Budget Act of 2018 (BBA) provides that the

Secretary shall establish a process under which the sponsor of a Prescription Drug Plan (PDP) that provide prescription drug benefits under Medicare Part D may request, beginning in plan year 2020, that the Secretary provide on a periodic basis and in an electronic format standardized extracts of Medicare claims about its plan enrollees. Section 50354 of the BBA further specifies that PDP sponsors receiving such Medicare claims data for their corresponding PDP plan enrollees may use the data for: (1) Optimizing therapeutic outcomes through improved medication use, (2) improving care coordination so as to prevent adverse healthcare outcomes, such as preventable emergency department visits and hospital readmissions, and (3) for any other purposes determined appropriate by the Secretary. Section 50354 also states that the PDP sponsor may not use the data: (1) To inform coverage determinations under Part D, (2) to conduct retroactive review of medically accepted conditions, (3) to facilitate enrollment changes to a different PDP or a MA-PD plan offered by the same parent organization, (4) to inform marketing benefits; and (5) for any other purpose the Secretary determines is necessary to include in order to protect the identity of individuals entitled to or enrolled in Medicare, and to protect the security of personal health information. This proposed information collection request would allow the PDP sponsor to submit a request to CMS for claims data for its enrollees and to attest that it will adhere to the permitted uses and limitations on the use of the Medicare claims data that are listed in 42 CFR 423.153. *Form Number*: CMS-10691 (OMB control number: 0938-TBD); *Frequency*: Occasionally; *Affected Public*: Private sector; *Number of Respondents*: 63; *Total Annual Responses*: 68; *Total Annual Hours*: 1.36. (For policy questions regarding this collection contact Kari Gaare at 410-786-8612.)
