Hydroelectric Power Development at Silver Jack Dam, Bostwick Park Project, Colorado

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice of intent to accept proposals, select lessee, and contract for hydroelectric power development at Silver Jack Dam.

SUMMARY: Current Federal policy allows non-Federal development of electrical power resource potential on Federal water resource projects. The Bureau of Reclamation (Reclamation) will consider proposals for non-Federal development of hydroelectric power at Silver Jack Dam, a feature of the Bostwick Park Project, located in Colorado. Reclamation is considering such hydroelectric power development under a Lease of Power Privilege. No Federal funds will be available for such hydroelectric power development.

DATES: A written proposal and seven copies must be submitted on or before 4:00 p.m. (MDT) May 17, 2019. A proposal will be considered timely only if it is received in the office of the Area Manager on or before 4:00 p.m. on the designated date. Interested entities are cautioned that delayed delivery to this office due to failures or misunderstandings of the entity and/or of mail, overnight, or courier services will not excuse lateness and, accordingly, are advised to provide sufficient time for delivery. Late proposals will not be considered.

ADDRESSES: Send written proposals to Mr. Ed Warner, Area Manager, Western Colorado Area Office, Bureau of Reclamation, 445 West Gunnison Avenue, Suite 221, Grand Junction, Colorado 81501-5711, telephone (970) 248-0600.

FOR FURTHER INFORMATION CONTACT: Technical data, including past water release patterns, may be obtained by contacting Mr. Ryan Christianson, Water

Management Group Chief, Western Colorado Area Office, Bureau of Reclamation, 445 West Gunnison Avenue, Suite 221, Grand Junction, Colorado 81501, telephone (970) 248-0652. Reclamation will be available to meet with interested entities only upon written request to the Water Management Group Chief at the above cited address. Reclamation will provide an opportunity for a site visit. In addition, Reclamation reserves the right to schedule a single meeting and/or visit to address the questions of all entities that have submitted questions or requested site visits. Information related to the operation and maintenance (O&M) of Silver Jack Dam may be obtained by contacting Mr. Allen Distel, Bostwick Park Water Conservancy District, 400 South 3rd Street, Montrose, Colorado 81402, telephone (970) 249-8707.

SUPPLEMENTARY INFORMATION: The Bostwick Park Project is a Federal Reclamation project. This Notice presents background information, proposal content guidelines, and information concerning selection of a non-Federal entity to develop hydroelectric power at Silver Jack Dam, and power purchasing and/or marketing considerations. Interested parties will not need to file an application with the Federal Energy Regulatory Commission. To be considered for selection, the applicant's proposed Lease of Power Privilege (LOPP) project must not impair the efficiency of Reclamation project power or water deliveries, impact the structural integrity of the project, jeopardize public safety, or negatively affect any other Reclamation project purposes.

The Bostwick Park Project, located near the town of Montrose in west-central Colorado on the Cimarron River in the Colorado River Basin, was authorized for construction (including hydropower) by the Colorado River Basin Project Act of September 2, 1964 (Pub. L. 88-568), as a participating project under the Colorado River Storage Project Act of April 11, 1956 (Pub. L. 84-485). The Bostwick Park Water Conservancy District (District), under its contracts with the United States, has certain operation, maintenance, replacement, and repayment responsibilities and obligations concerning Silver Jack Dam.

Reclamation is considering hydroelectric power development at Silver Jack Dam under a LOPP. A LOPP is an alternative to development under a license from the Federal Energy Regulatory Commission. A LOPP is a contractual right given to a non-Federal
