A. Overview of Information Collection

Title of Proposal: Public/Private Partnerships for the Mixed-Finance Development of Public Housing Units.

OMB Control Number: 2577-0275.

Type of Request: Reinstatement without Change.

Form Number: HUD-50156; HUD-50157, HUD-50158, HUD-50159, HUD-50160, HUD-50161.

Description of the need for the information and proposed use: The Quality Housing and Work Responsibility Act of 1998 (P.L. 195-276, approved October 21, 1998), also known as the Public Housing Reform Act, created Section 35 of the U.S. Housing Act of 1937, 42 U.S.C. 1437. Section 35 allows PHAs to own, operate, assist or otherwise participate in the development and operation of mixed-finance projects. Mixed-finance development refers to the development or rehabilitation of public housing, where the public housing units are owned in whole or in part by an entity other than a PHA. Prior to this, all

public housing had to be developed and owned by a Public Housing Authority (PHA). However, Section 35 allowed PHAs to provide Section 9 capital and operating assistance to mixed-finance projects, which are also financially assisted by private and other resources. Private and other resources include tax credit equity, private mortgages and other federal, state or local funds. Section 35 also allows non-PHA owner entities to own and operate mixed-finance projects that contain both public housing and non-public housing units, or only public housing units. Along with public housing unit development, mixed-finance real estate development or rehabilitation transactions are used to extend public housing appropriations in housing development and to develop mixed-income housing, where public housing residents are anonymously mixed in with affordable and market rate housing residents.

In order to approve the development of mixed-finance projects, HUD collects certain information from each PHA/Ownership Entity. Under current regulations, HUD collects and reviews the essential documents included in this ICR in order to determine whether or not approval should be given. After approval is given and the documents are recorded by the associated county, HUD collects the recorded versions of the documents in this ICR, along with all financing and legal agreements that the PHA/owner entity has with HUD and with third-parties in connection with that mixed-finance project. This includes unique legal documents along with standardized forms and "Certifications and Assurances," which are not exempted under PRA. Regulations for the processing of mixed-finance public housing projects are at 24 CFR part 905 subpart F (§ 905). This information is collected to ensure that the mixed-finance development effort has sufficient funds to reach completion, remain financially viable,
