Foreign-Trade Zone (FTZ) 70—Detroit, Michigan; Notification of Proposed Production Activity; Detroit Bikes LLC (Electric and Non-Electric Cycles), Detroit, Michigan

Greater Detroit Foreign-Trade Zone, Inc., grantee of FTZ 70, submitted a notification of proposed production activity to the FTZ Board on behalf of Detroit Bikes LLC (Detroit Bikes), located in Detroit, Michigan. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on March 11, 2019.

The Detroit Bikes facility is located within Site 76 of FTZ 70. The facility is used for production of bicycles, tricycles, and quadracycles. Pursuant to 15 CFR 400.14(b), FTZ activity would be limited to the specific foreign-status materials and components and specific finished products described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt Detroit Bikes from customs duty payments on the foreign-status components used in export production. On its domestic sales, for the foreign-status materials/components noted below, Detroit Bikes would be able to choose the duty rates during customs entry procedures that apply to bicycles (including electric, children's, folding, and road racing), mountain bikes, tricycles, and quadracycles (duty rate ranges from duty-free to 11.0%). Detroit Bikes would be able to avoid duty on foreign-status components that become scrap/waste. Customs duties also could possibly be deferred or reduced on foreign-status production equipment.

The components and materials sourced from abroad include: Plastic water bottles; derailleur cables; handlebar tape (plastic, rubber, leather, or suede); bicycle tires; rim strips (natural or synthetic rubber); bicycle inner tubes; baskets (woven or steel wire); glass mirrors; bicycle chains; brake cables; carriers (steel or aluminum); non-electric bells; electric bike motors; lithium ion batteries; lighting (battery or generator powered); complete frames (valued over \$600); front forks (for mountain, road, BMX, or children's bicycles); small parts for frame building; rims; spokes; hubs (quick release aluminum, two-speed, three-speed, more than three-speed, or

made of steel or composites); multi-speed freewheel sprockets; single speed freewheels; caliper and cantilever brake levers; brakes (caliper and cantilever style, hub type, or disk and linear pull); saddles; pedals; cotterless cranks; click style shift levers; twist grip shifters; derailleurs; derailleur levers; handlebar stems; shifters for three-speed hubs; front and rear carriers and racks; fenders; handlebars; kickstands; rear suspension shocks; chain guards; chain tension adjusters; headsets; wide-angle reflectors; seat posts; chain tensioners; and, pre-cut sets of tubing for welding into frames (duty rate ranges from duty-free to 20.0%). The request indicates that certain materials/components are subject to special duties under Section 301 of the Trade Act of 1974 (Section 301), depending on the country of origin. The applicable Section 301 decisions require subject merchandise to be admitted to FTZs in privileged foreign status (19 CFR 146.41).

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is April 29, 2019.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230-0002, and in the "Reading Room" section of the Board's website, which is accessible via www.trade.gov/ftz.

Aluminum Wire Cable From China: Postponement of Preliminary Determination of Antidumping Duty Investigation

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: Applicable March 19, 2019.

FOR FURTHER INFORMATION CONTACT: Suzanne Rothman, AD/CVD Operations, Office VII, Enforcement and

Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-3851.

SUPPLEMENTARY INFORMATION:

Background

On October 11, 2018, the Department of Commerce (Commerce) initiated a less-than-fair-value (LTFV) investigation of aluminum wire cable (AWC) from China.¹ Commerce exercised its discretion to toll all deadlines affected by the partial federal government closure from December 22, 2018, through the resumption of operations on January 28, 2019.² The revised deadline for the preliminary determination is now April 9, 2019.

Postponement of Preliminary Determination

Section 733(b)(1)(A) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.205(b)(1) require Commerce to issue the preliminary determination in an AD investigation no later than 140 days after the date on which Commerce initiated the investigation. However, section 733(c)(1) of the Act permits Commerce to postpone the preliminary determination until no later than 190 days after the date on which Commerce initiated the investigation if: (A) The petitioner³ makes a timely request for a postponement; or (B) Commerce concludes that the parties concerned are cooperating, that the investigation is extraordinarily complicated, and that additional time is necessary to make a preliminary determination. Under 19 CFR 351.205(e), the petitioner must submit a request for postponement 25 days or more before the scheduled date of the preliminary determination and must state the reasons for the request. Commerce will grant the request unless it finds compelling reasons to deny the request.⁴

The petitioners submitted a timely request on February 15, 2019, that we postpone the preliminary determination

in this LTFV investigation.⁵ The petitioners stated that a postponement is warranted to provide Commerce and all parties sufficient time to develop the record in this investigation, and the current April 9, 2019 deadline does not provide adequate time for Commerce to review questionnaires, receive responses, and follow up with supplemental questionnaires.

For the reasons stated above, and because there are no compelling reasons to deny the request, Commerce, in accordance with section 733(c)(1)(A) of the Act, is postponing the due date for the preliminary AD determination to no later than 190 days after the day on which the investigation was initiated. As a result of this postponement, the deadline for completion of the preliminary determination is now May 29, 2019. In accordance with section 735(a)(1) of the Act and 19 CFR 351.210(b)(1), the deadline for the final determination of this investigation will continue to be 75 days after the date of the preliminary determination, unless postponed at a later date.

This notice is issued and published pursuant to section 733(c)(2) of the Act and 19 CFR 351.205(f)(1).

Dated: March 14, 2019.

Gary Taverman,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.
