

the 2020 cohort of the Beginning Postsecondary Students Longitudinal Study (BPS:20), a study of first-time beginning postsecondary students that will be conducted three years (BPS:20/22) and six years (BPS:20/25) after beginning their postsecondary education. NPSAS:20 will consist of nationally-representative sample undergraduate and graduate students, and a nationally-representative sample of first-time beginning students (FTBs). Subsets of questions in the student interview will focus on describing aspects of the experience of beginning students in their first year of postsecondary education, including student debt and education experiences. This submission covers materials and procedures related to institution sampling, institution contacting, enrollment list collection, and matching to administrative data files as part of the NPSAS:20 data collection. NCES will submit a separate clearance package covering the NPSAS:20 student data collection, including student record data abstraction and student interviews, in the summer of 2019. The materials and procedures are based on those developed for previous institution-based data collections, including NPSAS:16, BPS:12 student record collection, and the 2018 NPSAS Administrative Collection (NPSAS:18-AC). The NPSAS:20 enrollment list collection from institutions will take place from October 2019 through July 2020, the student records collection will take place from February through November 2020, and the student survey data collection will take place from January through November 2020.

[Docket No. RM98-1-000]

Records Governing Off-the-Record Communications; Public Notice

This constitutes notice, in accordance with 18 CFR 385.2201(b), of the receipt of prohibited and exempt off-the-record communications.

Order No. 607 (64 FR 51222, September 22, 1999) requires Commission decisional employees, who make or receive a prohibited or exempt off-the-record communication relevant to the merits of a contested proceeding, to deliver to the Secretary of the Commission, a copy of the communication, if written, or a summary of the substance of any oral communication.

Prohibited communications are included in a public, non-decisional file associated with, but not a part of, the decisional record of the proceeding. Unless the Commission determines that the prohibited communication and any responses thereto should become a part of the decisional record, the prohibited off-the-record communication will not be considered by the Commission in reaching its decision. Parties to a proceeding may seek the opportunity to respond to any facts or contentions made in a prohibited off-the-record communication, and may request that the Commission place the prohibited communication and responses thereto in the decisional record. The Commission will grant such a request
