

burden on competition is extremely limited.

In this instance, the proposed changes do not impose a burden on competition because the Exchange's execution services are completely voluntary and subject to extensive competition both from other exchanges and from off-exchange venues. The proposal to eliminate from the credit tier requirement that members provide liquidity on NOM in Non-Penny Pilot Options is designed to promote competition by improving overall market quality on NOM. The Exchange also notes that its proposed change reflects the Exchange's need to balance the incentives that it provides in return for the market improving behavior it seeks to incentivize. The Exchange has limited funds to apply toward incentives, and therefore must adjust its credit tier qualification criteria to ensure that it applies its limited funds in the most efficient manner.

In sum, if the changes proposed herein are unattractive to market participants, it is likely that the Exchange will lose market share as a result. Accordingly, the Exchange does not believe that the proposed changes will impair the ability of members or competing order execution venues to maintain their competitive standing in the financial markets.

Self-Regulatory Organizations; Cboe EDGX Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Extend the Current Pilot Program Related to EDGX Rule 11.15, Clearly Erroneous Executions

April 8, 2019.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on April 2, 2019, Cboe EDGX Exchange, Inc. (“Exchange” or “EDGX”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Exchange filed the proposal as a “non-controversial” proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act³ and Rule 19b-4(f)(6) thereunder.⁴ The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

Cboe EDGX Exchange, Inc. (“EDGX” or the “Exchange”) is filing with the Securities and Exchange Commission

(the “Commission”) a proposed rule change to extend the current pilot program related to EDGX Rule 11.15, Clearly Erroneous Executions, to the close of business on October 18, 2019. The text of the proposed rule change is attached as Exhibit 5. [sic]

The text of the proposed rule change is also available on the Exchange’s website (http://markets.cboe.com/us/options/regulation/rule_filings/edgx/), at the Exchange’s Office of the Secretary, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to extend the current pilot program related to EDGX Rule 11.15, Clearly Erroneous Executions, to the close of business on October 18, 2019. This change is being proposed in connection with proposed amendments to the Plan to Address Extraordinary Market Volatility (the “Limit Up-Limit Down Plan” or the “Plan”) that would allow the Plan to continue to operate on a permanent basis.⁵

On September 10, 2010, the Commission approved, on a pilot basis, changes to EDGX Rule 11.15 that, among other things: (i) Provided for uniform treatment of clearly erroneous execution reviews in multi-stock events involving twenty or more securities; and (ii) reduced the ability of the Exchange to deviate from the objective standards set forth in the rule.⁶ In 2013, the Exchange adopted a provision designed to address the

operation of the Plan.⁷ Finally, in 2014, the Exchange adopted two additional provisions providing that: (i) A series of transactions in a particular security on one or more trading days may be viewed as one event if all such transactions were effected based on the same fundamentally incorrect or grossly misinterpreted issuance information resulting in a severe valuation error for all such transactions; and (ii) in the event of any disruption or malfunction in the operation of the electronic communications and trading facilities of an Exchange, another SRO, or responsible single plan processor in connection with the transmittal or receipt of a trading halt, an Officer, acting on his or her own motion, shall nullify any transaction that occurs after a trading halt has been declared by the primary listing market for a security and before such trading halt has officially ended according to the primary listing market.⁸ These changes are currently scheduled to operate for a pilot period that coincides with the pilot period for the Limit Up-Limit Down Plan,⁹ including any extensions to the pilot period for the Plan.¹⁰

The Commission recently published the proposed Eighteenth Amendment to the Plan to allow the Plan to operate on a permanent, rather than pilot, basis. The Exchange proposes to amend EDGX Rule 11.15 to untie the pilot program’s effectiveness from that of the Plan and to extend the pilot’s effectiveness to the close of business on October 18, 2019—i.e., six months after the expiration of the current pilot period for the Plan. If the pilot period is not either extended, replaced or approved as permanent, the prior versions of paragraphs (c), (e)(2), (f), and (g) shall be in effect, and the provisions of paragraphs (i) through (k) shall be null and void.¹¹ In such an event, the remaining sections of EDGX Rule 11.15 would continue to apply to all transactions executed on the Exchange. The Exchange understands that the other national securities exchanges and Financial Industry Regulatory Authority (“FINRA”) will
