Comments are requested regarding: Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by June 14, 2019 will be considered. Written comments should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), New Executive Office Building, 725 17th Street NW, Washington, DC 20502. Commenters are encouraged to submit their comments to OMB via email to: OIRA_Submission@OMB.EOP.GOV or fax (202) 395–5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250–7602. potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Risk Management Agency

Title: General Administrative Regulations; Interpretations of Statutory and Regulatory Provisions.

OMB Control Number: 0563–0055.

Summary of Collection: Section 533 of the Agricultural Research, Extension, and Education Reform Act of 1998 (1998 Research Act) requires the Federal Crop Insurance Corporation (FCIC) to publish regulation on how FCIC will provide a final agency determination in response to certain inquiries. Consistent with section 506(r) of the Act and 7 CFR part 400, subpart X in accordance with the Federal Crop Insurance Act, as amended, FCIC revised section 20 of the Common Crop Insurance Policy Basic Provisions, published at 7 CFR 457.8, to require the FCIC to provide interpretations of policy provisions and procedures (handbooks, manuals, memoranda, and bulletins) when any dispute in mediation, arbitration, or litigation requires interpretation of a policy provision or procedure.

Need and Use of the Information: FCIC will use the requester's name and address to provide a response. Federal crop insurance is a national program with all producers receiving the same policy for the same crop and insurance providers are required to use procedures issued by FCIC in the service and adjustment of such policies to ensure that all producers are treated alike and none receive special benefits or treatment because of the crop they produce, the insurance provider that insures them, or who hears their disputes. FCIC issued Manager's Bulletin MGR–05–018 on October 7, 2005, to provide the criteria for requesting an interpretation of procedure to inquire about the meaning or applicability of procedure. The requirements for this collection are necessary for FCIC to provide an interpretation of statutory and regulatory provisions upon request. If the requested information is not collected with each submission, FCIC would not be able to comply with the statutory mandates.

Description of Respondents: Business or other for-profit; Farms.

Number of Respondents: 30.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 240.

Kimble Brown,

Departmental Information Clearance Officer.

Food and Nutrition Service

Title: Uniform Grant Application for Non-Entitlement Discretionary Grants.

OMB Control Number: 0584-0512.

Summary of Collection: The Food and Nutrition Service (FNS) has a number of non-entitlement discretionary grant programs to collect the information from grant applicants needed to evaluate and rank applicants and protect the integrity of the grantee selection process. All FNS discretionary grant programs will be eligible, but not required to use the uniform grant application package. The authorities for these grants vary. The term “grant” in this submission refers only to non-entitlement discretionary grants or cooperative agreements. Discretionary grant announcements include a number of information collections, including a “project description” (program narrative), budget information, disclosure of lobbying activities certification, and disclosure of Corporate Felony Convictions and Corporate Federal Tax Delinquencies. The requirements for the program narrative statement are based on the requirements for program narrative statements described in section 1.c (5) of OMB Circular A-102 and OMB A-110 (as implemented at USDA 7 CFR part 3015, 3016 and 3019); and will apply to all types of grantees; State and local governments, non-profit organizations, institutions of higher education, hospitals, and for profit organizations.

Need and Use of the Information: The primary users of the information collected from the applicant are FNS and other Federal staff who will serve on a panel to systematically review, evaluate, and approve the grant/cooperative agreement applications and recommend the applicants most likely to meet program objectives and most responsive to the solicitation. The selection criteria will be contained in the Request for Application package. Without this information, FNS will not have adequate data to select appropriate grantees or evaluate which grants should be continued, or monitor financial reporting requirements.

Description of Respondents: State, Local, or Tribal Government; Business or other for-profit; Not for profit institutions.

Number of Respondents: 829.

Frequency of Responses: Reporting: Other (one-time).

Total Burden Hours: 150,000.
