SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-85848; File No. SR-ICEEU-2019-003]

Self-Regulatory Organizations; ICE Clear Europe Limited; Notice of Filing of Proposed Rule Change, Security-Based Swap Submission or Advance Notice Relating to amendments to the ICE Clear Europe Clearing Rules (the “Rules”)

May 13, 2019.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on April 29, 2019, ICE Clear Europe Limited (“ICE Clear Europe” or the “Clearing House”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule changes described in Items I, II and III below, which Items have been prepared by ICE Clear Europe. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Clearing Agency’s Statement of the Terms of Substance of the Proposed Rule Change, Security-Based Swap Submission, or Advance Notice

ICE Clear Europe proposes to modify certain provisions of its Rules relating to default management, Clearing House recovery and wind-down for CDS Contracts, and to adopt certain related default auction procedures.³

II. Clearing Agency’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change, Security-Based Swap Submission or Advance Notice

In its filing with the Commission, ICE Clear Europe included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. ICE Clear Europe has prepared summaries, set forth in sections (A), (B), and (C)

below, of the most significant aspects of such statements.

(A) Clearing Agency’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change, Security-Based Swap Submission or Advance Notice

(a) Purpose

ICE Clear Europe submits proposed amendments to the ICE Clear Europe Rules relating to Clearing House default management, recovery and wind-down to address the risk of uncovered losses from a Clearing Member default or series of defaults, among other risks. The amendments largely extend certain existing default management, recovery and wind-down rules currently available for the F&O Category to apply to the CDS Contract Category, with certain modifications appropriate to that type of contract.⁴ ICE Clear Europe is also proposing to make certain other clarifications and improvements to these rules for all Contract Categories. ICE Clear Europe also proposes to adopt new default auction procedures for CDS Contracts.

I. Summary of Proposed Amendments

The amendments would extend certain existing F&O default management, recovery and wind-down tools to the CDS Contract Category. In particular, the amendments would, for CDS Contracts, enhance existing tools and establish new tools and procedures (and an order of priority for using such tools and procedures) to manage a Clearing Member or Sponsored Principal default or series of defaults and return to a matched book. Certain other improvements would be made to the default management procedures for F&O and FX Contracts.⁵ The amendments would, among other matters:

(i) Establish default auction procedures for CDS contracts, including:

(A) Initial default auctions for CDS, to be conducted in accordance with a new defined set of CDS default auction procedures; and

(B) if such initial default auctions are not fully successful, conducting a secondary auction of all remaining CDS

⁴ ICE Clear Europe adopted its rules relating to Clearing House recovery and wind-down for the F&O and FX Contract Categories in 2014 (the “F&O Recovery Rule Amendments”). See Exchange Act Release No. 34-71450 (Jan. 31, 2014), 79 FR 7250 (Feb. 6, 2014), for a discussion of the terms of those rule amendments and the basis for them.

⁵ The default management, recovery and wind-down rules applicable to the F&O Contract Category also apply to the FX Contract Category. Since ICE Clear Europe does not currently clear any contracts in the FX Contract Category, the following discussion, for simplicity, generally does not refer to the FX Contract Category.

positions, to be conducted in accordance with a defined set of CDS secondary auction procedures; and

(ii) in relation to the CDS Contract Category, if a secondary auction is unsuccessful, or, in relation to the F&O Contract Category, if an auction is unsuccessful, permit partial tear-up of positions of non-defaulting Clearing Members and Sponsored Principals corresponding to the defaulter’s remaining portfolio; (Rule 915)

(iii) in connection with the new default management steps described in (i) and (ii) above, eliminate forced allocation for CDS Contracts as a default management tool; (Deletion of former Rule 905(c) and Rule 401(a)(x))

(iv) in connection with these default management steps, provide the ability to implement reduced gains distributions (a.k.a. variation margin haircutting) for CDS Contracts following exhaustion of other financial resources, for up to five business days; (Rule 914(o))

(v) extend to the CDS Contract Category the concept of a “Cooling-off Period” (based on that used for F&O Contracts), which would be triggered by certain Clearing Member or Sponsored Principal defaults with respect to CDS Contracts that result in Guaranty Fund depletion. During a Cooling-off Period, the aggregate liability of a CDS Clearing Member for replenishments of the Guaranty Fund and assessments would be capped at “3x” its required Guaranty Fund Contribution for all defaults during that period. Certain conforming amendments would be made to the Cooling-off Periods applicable under the current Rules for F&O Contracts; (Rule 917)

(vi) clarify the process under which a CDS Clearing Member or Sponsored Principal may withdraw from the Clearing House during a Cooling-off Period, related procedures for unwinding all positions of such a CDS Clearing Member or Sponsored Principal and capping its continuing liability to ICE Clear Europe and rights of ICE Clear Europe to call for margin from withdrawing CDS Clearing Members; (Rules 917–918)

(vii) clarify the procedures for full clearing service termination, particularly for CDS Contracts, where that is determined to be appropriate by ICE Clear Europe (Rule 916); and

(viii) in connection with the foregoing, eliminate the Continuing CDS Rule Provisions currently applicable to CDS Contracts and CDS Clearing Members as instead, the document called “Clearing Rules” will apply to

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.
