SECURITIES AND EXCHANGE COMMISSION

[SEC File No. 270–482, OMB Control No. 3235–0540]

Proposed Collection; Comment Request

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549–2736

Extension:
Rule 17a–25

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) (“PRA”), the Securities and Exchange Commission (“Commission”) is soliciting comments on the existing collection of information provided for in Rule 17a–25 (17 CFR 204.17a–25) under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*).

Paragraph (a)(1) of Rule 17a–25 requires registered broker-dealers to electronically submit securities transaction information, including identifiers for prime brokerage arrangements, average price accounts, and depository institutions, in a standardized format when requested by the Commission staff. In addition, Paragraph (c) of Rule 17a–25 requires broker-dealers to submit, and keep current, contact person information for electronic blue sheets (“EBS”) requests. The Commission uses the information

for enforcement inquiries or investigations and trading reconstructions, as well as for inspections and examinations.

The Commission estimates that it sends approximately 13,493 electronic blue sheet requests per year to clearing broker-dealers that in turn submit an average 528,551 responses.¹ It is estimated that each broker-dealer that responds electronically will take 8 minutes, and each broker-dealer that responds manually will take 1½ hours to prepare and submit the securities trading data requested by the Commission. The annual aggregate hour burden for electronic and manual response firms is estimated to be 34,577 (253,705 × 8 ÷ 60 = 33,827 hours) + (500 × 1.5 = 750 hours), respectively.²

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency’s estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information under the PRA unless it displays a currently valid OMB control number.

Please direct your written comments to: Charles Riddle, Acting Director/Chief Information Office, Securities and Exchange Commission, c/o Candace Kenner, 100 F Street NE, Washington, DC 20549 or send an email to: PRA_Mailbox@sec.gov.

¹ A single EBS request has a unique number assigned to each request (e.g., “0900001”). However, the number of broker-dealer responses generated from one EBS request can range from one to several thousand. EBS requests are sent directly to clearing firms, as the clearing firm is the repository for trading data for securities transactions information provided by it and correspondent firms. Clearing brokers respond for themselves and other firms they clear for. There were 528,551 responses during the 25 month period for an average of 21,142 responses per month or an average of 253,705 annual responses.

² Few respondents submit manual EBS responses. The small percentage of respondents that submit manual responses do so by hand, via email, spreadsheet, disk, or other electronic media. Thus, the number of manual submissions (approximately 500 per year) has minimal effect on the total annual burden hours.

Dated: May 13, 2019.

Deputy Secretary.

SURFACE TRANSPORTATION BOARD

[Docket No. FD 36294]

TNW Corporation—Continuance in Control Exemption—Midwestern Railway Services, Corporation

TNW Corporation (TNW), a noncarrier, has filed a verified notice of exemption pursuant to 49 CFR 1180.2(d)(2) to continue in control of Midwestern Railway Services, Corporation (MRS) upon MRS's becoming a Class III rail carrier.

This transaction is related to a concurrently filed verified notice of exemption in *Midwestern Railway Services, Corp.—Operation Exemption—Perry County Port Authority*, Docket No. FD 36293. In that proceeding, MRS seeks an exemption under 49 CFR 1150.31 to operate approximately 20.6 miles of rail line between milepost 1.8 at Tell City, Ind., and milepost 22.4 at Lincoln City, Ind.

The earliest this transaction may be consummated is June 2, 2019, the effective date of the exemption (30 days after the verified notice was filed).

TNW will continue in control of MRS upon MRS's becoming a Class III rail carrier, while remaining in control of the following Class III rail carriers that operate rail lines in Texas: Texas and North Western Railway Company; Texas, Gonzales & Northern Railway Company; and Texas Rock Crusher Railway Company.

TNW states that: (1) The rail line to be operated by MRS does not connect with any lines of any other TNW-controlled rail carriers; (2) the proposed continuance in control of MRS is not part of a series of anticipated transactions that would connect the line to be operated by MRS with the rail lines of any other TNW-controlled carrier; and (3) the transaction does not involve a Class I rail carrier. The proposed transaction is, therefore, exempt from the prior approval requirements of 49 U.S.C. 11323 pursuant to 49 CFR 1180.2(d)(2).

Under 49 U.S.C. 10502(g), the Board may not use its exemption authority to relieve a rail carrier of its statutory obligation to protect the interests of its employees. However, 49 U.S.C. 11326(c) does not provide for labor protection for transactions under 11324 and 11325

that involve only Class III rail carriers. Accordingly, the Board may not impose labor protective conditions here, because all of the carriers involved are Class III carriers.

If the notice contains false or misleading information, the exemption is void ab initio. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the effectiveness of the exemption. Stay petitions must be filed no later than May 24, 2019 (at least seven days before the exemption becomes effective).

All pleadings, referring to Docket No. FD 36294, must be filed with the Surface Transportation Board either via e-filing or in writing addressed to 395 E Street SW, Washington, DC 20423-0001. In addition, a copy of each pleading must be served on TNW's representative, Bradon J. Smith, Fletcher & Sippel LLC, 29 North Wacker Drive, Suite 800, Chicago, IL 60606.

Board decisions and notices are available at www.stb.gov.

Decided: May 13, 2019.

By the Board, Allison C. Davis, Acting Director, Office of Proceedings.

Kenyatta Clay,

Clearance Clerk.
