SUPPLEMENTARY INFORMATION:

I. *Background:* The Wage and Hour Division (WHD) of the Department of

Labor administers the McNamara-O’Hara Service Contract Act (SCA), 41 U.S.C. 351 *et seq.* The McNamara-O’Hara Service Contract Act (SCA) applies to every contract entered into by the United States or the District of Columbia, the principal purpose of which is to furnish services to the United States through the use of service employees. The SCA requires contractors and subcontractors performing services on covered federal or District of Columbia contracts in excess of \$2,500 to pay service employees in various classes no less than the monetary wage rates and to furnish fringe benefits found prevailing in the locality, or the rates (including prospective increases) contained in a predecessor contractor’s collective bargaining agreement. Safety and health standards also apply to such contracts. The compensation requirements of the SCA are enforced by the Wage and Hour Division.

A. Vacation Benefit Seniority List

Service Contract Act section 2(a), provides that every contract subject to the Act must contain a provision specifying the minimum monetary wages and fringe benefits to be paid to the various classes of service employees performing work on the contract. Many wage determinations (WDs) issued for recurring services performed at the same Federal facility provide for certain vested fringe benefits (e.g., vacations), which are based on the employee’s total length of service with a contractor or any predecessor contractor. *See* 29 CFR 4.162. When found to prevail, such fringe benefits are incorporated in WDs and are usually stated as “one week paid vacation after one year’s service with a contractor or successor, two weeks after two years”, etc. These provisions ensure that employees receive the vacation benefit payments that they have earned and accrued by requiring that such payments be made by successor contractors who hire the same employees who have worked over the years at the same facility in the same locality for predecessor contractors.

B. Conformance Record

Section 2(a) of the SCA provides that every contract subject to the Act must contain a provision specifying the minimum monetary wage and fringe benefits to be paid the various classes of service employees employed on the contract work. *See* 41 U.S.C. 351, *et seq.* Problems sometimes arise (1) when employees are working on service contracts in job classifications that DOL was not previously informed about and
