**SUPPLEMENTARY INFORMATION:** In

collection requirements and provide the  
requested data in the desired format.

We are soliciting comments on the

the proper functions of the NPS; (2) will  
this information be processed and used  
in a timely manner; (3) is the estimate  
of burden accurate; (4) how might the  
NPS enhance the quality, utility, and  
clarity of the information to be  
collected; and (5) how might the NPS  
minimize the burden of this collection  
on the respondents, including through  
the use of information technology.

**Abstract:** Under 54 U.S.C. 100101  
(National Park Service Act Organic Act),  
we must preserve America's natural  
wonders unimpaired for future

generations, while also making them  
available for the enjoyment of the  
visitor. Meeting this mandate requires  
that we balance preservation with use.  
Maintaining a good balance requires  
both information and limits. In  
accordance with regulations at 36 CFR  
parts 1-7, 13, 20, and 34, we issue  
permits for special park uses.

Special park uses cover a wide range  
of activities including, but not limited  
to, special events, First Amendment  
activities, grazing and agricultural use,  
commercial filming, still photography,  
construction and vehicle access. Permits  
are issued for varying amounts of time  
based on the requested use, but  
generally do not exceed 5 years. A new  
application must be submitted in order  
to request the renewal of an existing  
permit.

The information we collect in the  
special use applications allows park  
managers to determine if the requested  
use is consistent with the laws and NPS  
regulations referenced above and with  
the public interest. The park manager  
must also determine that the requested  
activity will not cause unacceptable  
impacts to park resources and values.  
The information is collected using the  
following NPS forms:

- 10-930—Application for Special  
Use Permit;
- 10-930s—Application for Special  
Use Permit (short form);
- 10-931—Application for Special  
Use Permit—Commercial Filming/Still  
Photography Permit (short);
- 10-932—Application for Special  
Use Permit—Commercial Filming/Still  
Photography Permit (long); and,
- 10-933—Application for Special  
Use Permit—Vehicle/Watercraft Use.

We will review the forms currently  
approved by OMB to determine whether  
any changes will be made. If we  
determine changes need to be made, we  
will solicit feedback on the updated  
forms as part of the required outreach  
process with the renewal and will  
explain the changes in our submission  
to OMB.
