

described in section 3405(a) or (b) if the payee's residence address that is provided to the payor is located outside of the United States?

(2) A-3: Unless section 3405(e)(13)(B) (which provides an exception for certain nonresident aliens) applies, if the payee's residence address that is provided to the payor is located outside of the United States, the payor is required to withhold income tax from a distribution described in section 3405(a) or (b), without regard to the delivery instructions and without regard to any request by the payee to elect no withholding. Withholding would be required, in this case, even if the payee has requested that the distribution be delivered to a financial institution or other person located within the United States.

(e)(1) Q-4: Is the payor required to withhold income tax from a distribution described in section 3405(a) or (b) if the payee has not provided the payor with the payee's residence address?

(2) A-4: If a payee has not provided the payor with the payee's residence address, the payor is required to withhold income tax from a distribution described in section 3405(a) or (b). A payee may not elect no withholding under section 3405(a)(2) or (b)(2) and any purported election of no withholding by such payee is not valid. For purposes of this section, a payee who has provided the payor with an address for the payee's nominee, trustee, or agent without also providing the payee's residence address has not provided a residence address.

(f)(1) Q-5: Do the withholding rules under section 3405(a) and (b) apply to a payee who is to receive a distribution that is subject to withholding under subchapter A of chapter 3 (or that would be so subject but for a tax treaty)?

(2) A-5: In accordance with section 3405(e)(1)(B)(iii), a designated distribution does not include a distribution of a United States-source payment that is subject to withholding under the rules of section 1441 and § 1.1441-1(b)(1) of this chapter (or that would be so subject but for a tax treaty), such as a pension or other deferred compensation plan distribution to be made to a payee who is a nonresident alien (or other individual payee who is presumed to be a foreign person under the presumption rules of § 1.1441-1(b)(3) of this chapter). Withholding under the rules of section 1441 and § 1.1441-1(b)(1) of this chapter, rather than under the rules of section 3405(a) or (b), would apply to such a distribution.

(g)(1) Q-6: What is the effective date and applicability date of this section?

(2) A-6: This section is effective on the date of publication of the Treasury decision adopting these rules as a final regulation in the **Federal Register**. The regulation in this section applies with respect to distributions on or after the applicability date of the final regulation.

Kirsten Wielobob,

Deputy Commissioner for Services and Enforcement.

Safety Zones; Sector Upper Mississippi River Annual and Recurring Safety Zones Update

AGENCY: Coast Guard, DHS.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard proposes to amend and update its tables of annual and recurring safety zones that take place within the Eighth Coast Guard District listed in our regulations. We invite your comments on this proposed rulemaking.

DATES: Comments and related material must be received by the Coast Guard on or before July 1, 2019.

ADDRESSES: You may submit comments identified by docket number USCG-2018-1009 using the Federal eRulemaking Portal at <https://www.regulations.gov>. See the "Public Participation and Request for Comments" portion of the **SUPPLEMENTARY INFORMATION:** section for further instructions on submitting comments.

FOR FURTHER INFORMATION CONTACT: If you have questions about this proposed rulemaking, call or email Lieutenant Commander Christian Barger, Sector Upper Mississippi River Waterways Management Division, U.S. Coast Guard; telephone 314-269-2560, email Christian.J.Barger@uscg.mil.

NPRM Notice of proposed rulemaking

§ Section

U.S.C. United States Code

II. Background, Purpose, and Legal Basis

The Captain of the Port Sector Upper Mississippi River (COTP) proposes to amend and update section 165.801 Table 2 of Title 33 of the Code of Federal Regulations (CFR) (33 CFR 165.801 Table 2) titled *Sector Upper Mississippi River Annual and Recurring Safety Zones* to accurately reflect safety zones occurring on a regular basis in the Sector Upper Mississippi River Captain of the Port Zone. We propose to remove four safety zones that are no longer necessary. In addition, the COTP proposes to amend Table 2 by updating details of all safety zones. The updated details of all safety zones include correcting errors in the names of twelve safety zones, re-defining the date of safety zones for fireworks displays for 4th of July celebrations to permit greater flexibility in planning of these events, correcting errors in the nearest city for nine safety zones, and removing sponsor names from all safety zones. Finally, the COTP proposes to amend Table 2 by rearranging the Table to display safety zones first by the body of water on which they take place (alphabetically), second by the date(s) on which those safety zones will be enforced, and third by mile marker (descending).

This proposed rule would ensure that the public is informed of annual and recurring safety zones taking place within the Sector Upper Mississippi River Captain of the Port Zone, that the table of annual and recurring safety zones is easy to read, and would considerably reduce administrative burden to both the Coast Guard and those requesting the enforcement of recurring safety zones. The Coast Guard is proposing this rulemaking under the authority in 46 U.S.C. 70034 (previously 33 U.S.C. 1231).

The Coast Guard encourages the public to participate in this proposed rulemaking through the comment process so that any necessary changes not already contained in this proposed rule, can be identified and implemented in a timely and efficient manner.

III. Discussion of Proposed Rule

Section 165.801 of Title 33 CFR contains regulations related to annual and recurring safety zones. From time to time, this section requires amendment to properly reflect safety zones recurring within the Eighth Coast Guard District. This proposed rule would remove four safety zones that are no longer necessary, update details for all safety zones to include the correction of

twelve names, re-defining the date of safety zones for fireworks displays for 4th of July celebrations to permit greater flexibility in planning of these events, correcting errors in the nearest city for nine safety zones, removing sponsor

names from all safety zones, and rearrange the Table to display safety zones first by the body of water on which they take place (alphabetically), second by the date(s) on which those safety zones will be enforced, and third

by mile marker (descending). The proposed changes are as follows.

This proposed rule would remove the following four safety zones from Table 2 of 33 CFR 165.801:

Date	Sponsor/name	Sector upper Mississippi River location	Safety zone
3. 1 day—2nd weekend of June.	City of Champlin/Father Hennepin Fireworks Display.	Champlin, MN	Upper Mississippi River mile marker 870.5 to 872.0.
34. 1 day—4th of July weekend.	McGregor/Marquette Chamber Commerce/Independence Day Celebration.	McGregor, IA	Upper Mississippi River mile marker 635.7 to 634.2.
35. 2 days—2nd weekend in August.	Tug Committee/Great River Tug	Port Byron, IL	Upper Mississippi River mile marker 497.2 to 497.6 (Illinois).
39. 2 days—Weekend that precedes Labor Day Weekend.	Lake of the Ozarks Shootout, Inc./Lake of the Ozarks Shootout.	Lake of the Ozarks, MO	Lake of the Ozarks mile marker 032.5 to 034.5.

This proposed rule would update the details of all safety zones in Table 2 of 33 CFR 165.801 and reorganize the table as follows:

The effect of this proposed rule would be to restrict general navigation for a duration of time during the listed dates in accordance with the regulations in 33 CFR 165.801. The proposed recurring safety zones are necessary to provide for the safety of life on navigable waters during events which pose a risk to persons and vessels operating on the waterway.

IV. Regulatory Analyses

We developed this proposed rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13771 directs agencies to control regulatory costs through a budgeting process. This NPRM has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, the NPRM has not been reviewed by the Office of Management and Budget (OMB), and pursuant to OMB guidance it is exempt from the requirements of Executive Order 13771.

This regulatory action determination is based on the location, size, and duration of the safety zones that will be in place during the listed events. The enforcement of these safety zones would be limited in size and duration necessary to ensure the safety of life during the listed events. Additionally, this proposed rule would only modify the existing tables of events by removing four safety zones that no longer take place, updating the details of safety zones to ensure they are current and accurate, and modifying the safety zone table for easier reading.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on

small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule would not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zones may be small entities, for the reasons stated in section IV.A above, this proposed rule would not have a significant economic impact on any vessel owner or operator.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this proposed rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section. The Coast Guard will not retaliate against small entities that question or complain about this proposed rule or any policy or action of the Coast Guard.

C. Collection of Information

This proposed rule would not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the

various levels of government. We have analyzed this proposed rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this proposed rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this proposed rule has implications for federalism or Indian tribes, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this proposed rule would not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this proposed rule under Department of Homeland Security Directive 023–01 and Commandant Instruction M16475.1D, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have made a preliminary determination that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This proposed rule involves the amendment of existing safety zone tables found in 33 CFR 165.801 to accurately reflect recurring safety zones occurring on a regular basis within the Eighth Coast Guard District.

Normally such actions are categorically excluded from further review under paragraph L60(b) of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 01, for which a Record of Environmental Consideration is not required. However, prior to the activation of any listed safety zone, a complete environmental review will be conducted in accordance with DHS Instruction Manual 023–01–001–01, Rev.01 and Commandant Instruction M16475.1D. We seek any comments or information that may lead to the discovery of a significant environmental impact from this proposed rule.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places, or vessels.

V. Public Participation and Request for Comments

We view public participation as essential to effective rulemaking, and will consider all comments and material received during the comment period. Your comment can help shape the outcome of this rulemaking. If you submit a comment, please include the docket number for this rulemaking, indicate the specific section of this document to which each comment applies, and provide a reason for each suggestion or recommendation.

We encourage you to submit comments through the Federal eRulemaking Portal at <http://www.regulations.gov>. If your material cannot be submitted using <http://www.regulations.gov>, contact the person in the **FOR FURTHER INFORMATION CONTACT** section of this document for alternate instructions.

We accept anonymous comments. All comments received will be posted without change to <https://www.regulations.gov> and will include any personal information you have provided. For more about privacy and the docket, visit <https://www.regulations.gov/privacyNotice>.

Documents mentioned in this NPRM as being available in the docket, and all public comments, will be in our online docket at <https://www.regulations.gov> and can be viewed by following that website's instructions. Additionally, if you go to the online docket and sign up for email alerts, you will be notified when comments are posted or a final rule is published.

Air Plan Approval; Arkansas; Revisions to State Implementation Plan Permitting Programs

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: Pursuant to the Federal Clean Air Act (CAA or the Act), the Environmental Protection Agency (EPA) is proposing to approve revisions to the Arkansas State Implementation Plan (SIP) Permitting Programs submitted on October 24, 2002, July 26, 2010, November 6, 2012, and March 24, 2017. Most of the revisions are administrative in nature and make the SIP current with Federal rules. In addition, the revisions add permit flexibility provisions to the NSR program. This proposed action is consistent with the requirements of section 110 of the CAA.

DATES: Written comments must be received on or before July 1, 2019.

ADDRESSES: Submit your comments, identified by Docket No. EPA–R06–OAR–2019–0301, at [https://](https://www.regulations.gov)

www.regulations.gov or via email to mohr.ashley@epa.gov. Follow the online instructions for submitting comments. Once submitted, comments cannot be edited or removed from *Regulations.gov*. The EPA may publish any comment received to its public docket. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. The EPA will generally not consider comments or comment contents located outside of the primary submission (*i.e.* on the web, cloud, or other file sharing system). For additional submission methods, please contact Ashley Mohr, 214–665–7289, mohr.ashley@epa.gov. For the full EPA public comment policy, information about CBI or multimedia submissions, and general guidance on making effective comments, please visit <https://www.epa.gov/dockets/commenting-epa-dockets>.

I. Background

The EPA is proposing approval of SIP revisions submitted by Arkansas on October 24, 2002, July 26, 2010, November 6, 2012, and March 24, 2017. The proposed revisions addressed in this action include administrative revisions, revisions that make the Arkansas SIP current with Federal rules, and revisions that add permit flexibility provisions to the NSR program. Also, included in this action is the proposed approval of revisions to the Arkansas SIP that address EPA’s previous 2016 disapproval related to biomass deferral language. The specific provisions addressed in this action are discussed below.

A. October 24, 2002 Submittal

On October 24, 2002, Arkansas submitted revisions to the SIP that included changes enacted at Reg. 26, Chapters 3, 4, and 6. These revisions were adopted by the Arkansas Pollution Control & Ecology Commission on August 23, 2002, and became effective on September 26, 2002.

This action is the EPA’s first action on the October 24, 2002 SIP revision
