CYFAR funds are intended to support the development of high quality, effective programs based on research and to document the impact of programs on intended audiences. The CYFAR Year End Report collects demographic and impact data from each community site to conduct impact evaluations of the programs on its intended audience. This collection also allows program staff to demonstrate the impacts and capacity that is developed in the locales where federal assistance is provided.

The evaluation processes of CYFAR are consistent with the requirements of Congressional legislation and OMB. The Government Performance and Results Act (GPRA) of 1993 (Pub.
