CWW, LLC—Change in Operator Exemption Assigning BNSF Railway Company Lease With Interchange Commitment—Palouse River & Coulee City Railroad, L.L.C.

CWW, LLC (CWW), a Class III rail carrier, has filed a verified notice of exemption under 49 CFR 1150.41 to assume operation of approximately 9.7 miles of rail line owned by BNSF Railway Company (BNSF) and currently leased and operated by the Palouse River & Coulee City Railroad, L.L.C. (PCC), located between milepost 0.6 at Wallula, Wash., and milepost 4.3 at Zangar Jct., Wash., and between milepost 62.01 and milepost 68.01 at Walla Walla, Wash. (the Line).

The verified notice states that the Line is currently operated by PCC pursuant

to a 1993 lease agreement.¹ CWW states that it is entering into an Assignment, Assumption and Consent Agreement with BNSF and PCC pursuant to which the 1993 lease agreement together with a 1993 BNSF-BLMR interchange agreement, including subsequent amendments, is being assigned to CWW. Upon consummation of the transaction, CWW will provide common carrier rail service in place of PCC.

CWW states that the 1993 lease agreement being assigned to it contains an interchange commitment imposing a charge for carloads originating or terminating on the Line that are not interchanged with BNSF.² CWW has provided additional information regarding the interchange commitment as required by 49 CFR 1150.43(h).

CWW certifies that its projected revenues as a result of the transaction will not result in the creation of a Class II or Class I rail carrier and will not exceed \$5 million.

Under 49 CFR 1150.42(b), a change in operator requires that notice be given to shippers. CWW certifies that it has provided notice of the proposed transaction and interchange commitment to shippers that currently use or have used the Line in the last two years.

The earliest this transaction may be consummated is June 21, 2019 (30 days after the verified notice of exemption was filed). CWW states that it expects to consummate the transaction on or after June 22, 2019.

If the verified notice contains false or misleading information, the exemption is void ab initio. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. ² A copy of the 1993 lease agreement with the interchange commitment was submitted under seal with the verified notice. See 49 CFR 1150.43(h)(1).

Federal Aviation Administration

Notice of Opportunity for Public Comment on a Proposed Change of Airport Property Land Use From Aeronautical to Non-Aeronautical Use at Tulsa International Airport, Tulsa, OK

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice.

SUMMARY: The FAA is considering a request from Tulsa Airports Improvement Trust to change approximately 507 acres located on the east side of the airport between North Mingo Road and Highway 169 from aeronautical use to non-aeronautical use and to authorize the conversion of the airport property.

The proposal consists of three parcels of land which were originally acquired under the following grants: Federal Airport Aid Program (FAAP) Nos. 9-34-032-C132 in 1963 and 3-34-032-C514 in 1965 and Airport Development Aid Program (ADAP) No.6-40-99-15 in 1978. The land comprising these parcels is outside the forecasted need for aviation development and is no longer needed for indirect or direct aeronautical use. The Airport wishes to develop this land for compatible commercial, non-aeronautical use. The Airport will retain ownership of this land and ensure the protection of Part 77 surfaces and compatible land use. The income from the conversion of these parcels will benefit the aviation community by reinvestment in the airport.

Approval does not constitute a commitment by the FAA to financially assist in the conversion of the subject airport property nor a determination of eligibility for grant-in-aid funding from

the FAA. The disposition of proceeds from the conversion of the airport property will be in accordance with FAA's Policy and Procedures Concerning the Use of Airport Revenue, published in the **Federal Register** on February 16, 1999. In accordance with section 47107(h) of Title 49, United States Code, this notice is required to be published in the **Federal Register** 30 days before modifying the land-use assurance that requires the property to be used for an aeronautical purpose.

Notice of Intent To Rule on a Land Release Request at Shawnee Regional Airport, Shawnee, Oklahoma

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of request to release airport property.

SUMMARY: The FAA proposes to rule and invites public comment on the application for the release for disposal of approximately 2.48 acres of airport property of federally obligated land at Shawnee Regional Airport, Shawnee, OK.

DATES: Comments must be received on or before July 8, 2019.

ADDRESSES: Send comments on this document to Mr. Justin Barker, Federal Aviation Administration, Arkansas/Oklahoma Airports District Office

Manager, 10101 Hillwood Parkway, Fort Worth, TX 76177.

FOR FURTHER INFORMATION CONTACT: Ms. Bonnie Wilson, Airport Manager, Shawnee Regional Airport, 2202 Airport Drive, Shawnee, OK 74115, telephone (405) 878-1532; or Mr. Justin Barker, Federal Aviation Administration, Arkansas/Oklahoma Airports District Office Manager, 10101 Hillwood Parkway, Fort Worth, TX 76177, telephone (817) 222-5630.

SUPPLEMENTARY INFORMATION: The FAA invites public comment on the request to release property at Shawnee Regional Airport. The FAA determined that the request to release property at Shawnee Regional Airport submitted by the City of Shawnee met the procedural requirements of the 49 U.S.C 47107(h)(2). The FAA may approve the request, in whole or in part, no sooner than thirty days after the publication of this notice.

The following is a brief overview of the request: The city of Shawnee requests the release of 2.48 acres of airport property valued at \$220,000. This property was deeded to the City of Shawnee by the War Assets Administration on November 20, 1947. It is located southwest of the Airport and is separated from the airfield by U.S Highway 270/Oklahoma State Highway 177. Based on the location of this property, it is not needed now or in the foreseeable future for aeronautical purposes and/or airport development. The property is currently leased by Metro Mart, Inc. This is a land lease only, and all improvements were made by the lessee. The release will allow the city to sell the property at fair market value. The city of Shawnee will use the proceeds to construct a T-hangar. The income from the lease of the hangars will benefit the aviation community by increasing airport revenue.

Any person may inspect the request by appointment at the FAA office address listed above.

Issued in Fort Worth, TX, on May 30, 2019.

Director, Airports Division, FAA, Southwest Region.
