Abstract: Control number 1004–0058, as currently approved, authorizes the collection of information that assists the BLM in enforcing timber export and substitution prohibitions. The BLM now requests that control number 1004–0058 be renewed and revised by adding two information collection activities that have been in use without a control number.

One addition, “Log Scale and Disposition of Timber Removed Report,” requires purchasers of Federal timber to report volumes of timber removed from Federal lands, and to identify processors of timber. Like the previously approved information collection activities, this activity assists

the BLM in enforcing timber export and substitution prohibitions.

The other addition, "Protests," provides an opportunity to seek administrative remedies for forest management decisions.

Title of Collection: Forest Management Decision Protest Process and Log Export and Substitution.

OMB Control Number: 1004-0058.

Form Numbers: 5450-17, 5460-15, and 5460-17.

Type of Review: Revision of a currently approved collection.

Respondents/Affected Public: Purchasers of Federal timber, their affiliates, and any person who wishes to protest a BLM forest management decision.

Total Estimated Number of Annual Respondents: 325.

Total Estimated Number of Annual Responses: 325.

Estimated Completion Time per Response: Varies from 1 to 10 hours, depending on activity.

Total Estimated Number of Annual Burden Hours: 550.

Respondent's Obligation: Required to obtain or retain a benefit.

Frequency of Collection: On occasion.

Total Estimated Annual Non-hour Burden Cost: \$0.

An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

The authority for this action is the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).
