

(RAM/RS). Also included are Enhanced Armor Applique Kits (EAAK), spare and repair parts, tools and test equipment, technical data and publications, training and training material, U.S. Government and contractor technical and logistics support services, and other related elements of logistics and program support. The total estimated program cost is \$107 million.

This proposed sale will support the foreign policy and national security of the United States by improving the security of a NATO ally which is an important force for political stability and economic progress in Europe. It is vital to the U.S. national interest to assist Spain in developing and maintaining a strong and ready self-defense capability.

The proposed addition of these eleven (11) vehicles to Spain's fleet will afford more flexibility and maintain Spain's expeditionary capability to counter regional threats and continue to enhance stability in the region. Spain currently operates 19 Assault Amphibious Vehicles (AAVs) and is proficient at using them to their fullest capability. Spain will have no difficulty absorbing these additional vehicles.

The proposed sale of this equipment will not alter the basic military balance in the region.

The principal contractor will be BAE Systems, York, Pennsylvania, and Anniston, Alabama. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representative in Spain.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

Transmittal No. 19-04

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act

Annex

Item No. vii

(vii) *Sensitivity of Technology:*

1. The vulnerability to countermeasure information for Assault Amphibious Vehicles is considered classified SECRET.

2. If a technologically advanced adversary were to obtain knowledge of the hardware and software elements, the information could be used to develop countermeasures or equivalent systems which might reduce system effectiveness or be used in the development of a system with similar or advanced capabilities.

3. A determination has been made that the Government of Spain can provide substantially the same degree of protection for the sensitive technology being released as the U.S. Government. This sale is necessary in furtherance of the U.S. foreign policy and national security objectives outlined in the Policy Justification.

4. All defense articles and services listed in this transmittal have been

authorized for release and export to the Government of Spain.

DEFENSE SECURITY COOPERATION AGENCY

201 12TH STREET SOUTH, STE 208
ARLINGTON, VA 22202-5408

The Honorable Nancy Pelosi
Speaker of the House
U.S. House of Representatives
11-209, The Capitol
Washington, DC 20515

APR 15 2019

Dear Madam Speaker:

Pursuant to the reporting requirements of Section 36(b)(5)(C) of the Arms Export Control Act (AECA), as amended, we are forwarding Transmittal No. 19-0G. This notification relates to enhancements or upgrades from the level of sensitivity of technology or capability described in the Section 36(b)(1) AECA certification 17-46 of October 11, 2017.

Sincerely,

Charles W. Hooper
Lieutenant General, USA
Director

Enclosures:

1. Transmittal

BILLING CODE 5001-06-C

Transmittal No. 19-0G

*REPORT OF ENHANCEMENT OR
UPGRADE OF SENSITIVITY OF
TECHNOLOGY OR CAPABILITY (SEC.
36(B)(5)(C), AECA)*

(i) *Purchaser:* Royal Kingdom of the Netherlands.

(ii) *Sec. 36(b)(1), AECA Transmittal No.:* 17-46.

Date: October 11, 2017

Military Department: Air Force

(iii) *Description:* On October 11, 2017, Congress was notified by Congressional Transmittal Number 17-46, of the possible sale under Section 36(b)(1) of the Arms Export Control Act of twenty-six (26) AIM-120 C-7 Advanced Medium Range Air-to-Air Missiles (AMRAAM) and one (1) AMRAAM Spare Guidance Section. Also included were twenty (20) AMRAAM Captive Air Training Missiles (CATM), missile containers, control section spares, weapon systems support, test equipment, spare and repair parts, publications and technical documentation, personnel training, training equipment, U.S. Government and contractor engineering, logistics,

technical support services, and other related elements of logistics and program support. The estimated total cost was \$53 million. Major Defense Equipment (MDE) constituted \$48 million of this total.

This transmittal notifies an additional one hundred twenty-four (124) AIM-120 C-7 Advanced Medium Range Air-to-Air Missiles (AMRAAM) and an additional two (2) AMRAAM Spare Guidance Sections (both MDE). The inclusion of these items will result in a net increase in MDE cost of \$255 million. The total case value will increase to \$308 million.

(iv) *Significance:* This proposed sale will provide the Netherlands with the equipment necessary to support the requested F-35A capability during operations.

(v) *Justification:* This proposed sale will support the foreign policy and national security of the United States by helping to improve the security of a NATO ally that continues to be an important force for political stability and economic progress in Northern Europe.

(vi) *Sensitivity of Technology:* The AIM-120C Advanced Medium Range Air-to-Air Missile (AMRAAM) is a

radar-guided missile featuring digital technology and micro-miniature solid-state electronics. AMRAAM capabilities include look-down/shoot-down, multiple launches against multiple targets, resistance to electronic counter measures, and interception of high flying, low flying, and maneuvering targets. The AMRAAM is classified CONFIDENTIAL, major components and subsystems range from UNCLASSIFIED to CONFIDENTIAL, and technology data and other documentation are classified up to SECRET.

(vii) *Date Report Delivered to Congress:* April 15, 2019
