

In particular, the proposed rule change, which extends the Penny Pilot Program for six months, allows the Exchange to continue to participate in a program that has been viewed as beneficial to traders, investors and public customers and viewed as successful by the other options exchanges participating in it.

#### *B. Self-Regulatory Organization's Statement on Burden on Competition*

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. Specifically, the Exchange believes that, by extending the expiration of the Pilot Program, the proposed rule change will allow for further analysis of the Penny Pilot Program and a determination of how the Program should be structured in the future. In doing so, the proposed rule change will also serve to promote regulatory clarity and consistency, thereby reducing burdens on the marketplace, facilitating investor protection, and fostering a competitive environment. In addition, consistent with previous practices, the Exchange believes the other options exchanges will be filing similar extensions of the Penny Pilot Program.

#### *C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others*

Written comments were neither solicited nor received.

### **III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate, it has become effective pursuant to 19(b)(3)(A) of the Act<sup>7</sup> and Rule 19b-4(f)(6)<sup>8</sup> thereunder.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such

action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

[Release No. 34-86048; File No. SR-EMERALD-2019-23]

### **Self-Regulatory Organizations; MIAX Emerald, LLC; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend Exchange Rule 510, Minimum Price Variations and Minimum Trading Increments To Extend the Penny Pilot Program**

June 6, 2019.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on May 30, 2019, MIAX Emerald, LLC ("MIAX Emerald" or the "Exchange") filed with the Securities and Exchange Commission ("Commission") a proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

#### **I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change**

The Exchange is filing a proposal to amend Exchange Rule 510, Minimum Price Variations and Minimum Trading Increments, to change the date on which the pilot program for the quoting and trading of certain options in pennies is scheduled to expire.

The text of the proposed rule change is available on the Exchange's website at <http://www.miaxoptions.com/rule-filings/emerald>, at MIAX Emerald's principal office, and at the Commission's Public Reference Room.

#### **II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**

In its filing with the Commission, the Exchange included statements

<sup>7</sup> 15 U.S.C. 78s(b)(3)(A).

<sup>8</sup> 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

<sup>9</sup> 17 CFR 200.30-3(a)(12).

<sup>1</sup> 15 U.S.C. 78s(b)(1).

<sup>2</sup> 17 CFR 240.19b-4.

concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

*A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change*

**1. Purpose**

The Exchange is a participant in an industry-wide pilot program that provides for the quoting and trading of certain option classes in penny increments (the "Penny Pilot Program" or "Program"). The Penny Pilot Program allows the quoting and trading of certain option classes in minimum increments of \$0.01 for all series in such option classes with a price of less than \$3.00; and in minimum increments of \$0.05 for all series in such option classes with a price of \$3.00 or higher. Options overlying the PowerShares QQQ™ ("QQQ"), SPDR® S&P 500® ETF ("SPY"), and iShares® Russell 2000 ETF ("IWM"), however, are quoted and traded in minimum increments of \$0.01 for all series regardless of the price. The Penny Pilot Program was initiated at the then existing option exchanges in January 2007<sup>3</sup> and currently includes more than 300 of the most active option classes. The Penny Pilot Program is currently scheduled to expire on June 30, 2019.<sup>4</sup> The purpose of the proposed rule change is to extend the Penny Pilot Program in its current format through December 31, 2019.

**2. Statutory Basis**

The Exchange believes that its proposed rule change is consistent with Section 6(b) of the Act<sup>5</sup> in general, and furthers the objectives of Section 6(b)(5) of the Act<sup>6</sup> in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of

trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and perfect the mechanisms of a free and open market and a national market system and, in general, to protect investors and the public interest.

In particular, the proposed rule change, which extends the Penny Pilot Program for six months, allows the Exchange to continue to participate in a program that has been viewed as beneficial to traders, investors and public customers and viewed as successful by the other options exchanges participating in it.

*B. Self-Regulatory Organization's Statement on Burden on Competition*

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. Specifically, the Exchange believes that, by extending the expiration of the Pilot Program, the proposed rule change will allow for further analysis of the Penny Pilot Program and a determination of how the Program should be structured in the future. In doing so, the proposed rule change will also serve to promote regulatory clarity and consistency, thereby reducing burdens on the marketplace, facilitating investor protection, and fostering a competitive environment. In addition, consistent with previous practices, the Exchange believes the other options exchanges will be filing similar extensions of the Penny Pilot Program.

*C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others*

Written comments were neither solicited nor received.

**III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate, it has become effective pursuant to 19(b)(3)(A) of the Act<sup>7</sup> and Rule 19b-4(f)(6)<sup>8</sup> thereunder.

<sup>7</sup> 15 U.S.C. 78s(b)(3)(A).

<sup>8</sup> 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change at least five business days

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

**IV. Solicitation of Comments**

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

*Electronic Comments*

- Use the Commission's internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to [rule-comments@sec.gov](mailto:rule-comments@sec.gov). Please include File Number SR-EMERALD-2019-23 on the subject line.

*Paper Comments*

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE, Washington, DC 20549-1090.

All submissions should refer to File Number SR-EMERALD-2019-23. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's internet website (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission's Public Reference Room, 100 F Street NE, Washington, DC 20549, on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of the filing also will be available for

## SECURITIES AND EXCHANGE COMMISSION

### Proposed Collection; Comment Request

*Upon Written Request, Copies Available From:* Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549-2736.

#### Extension:

Exchange Act Rule 3a71-3, SEC File No. 270-655, OMB Control No. 3235-0717

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) (“PRA”), the Securities and Exchange Commission (“Commission”) is soliciting comments on the existing collection of information provided for in Rule 3a71-3 (17 CFR 240.3a71-3) under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*). The Commission plans to submit this existing collection of information to the Office of Management and Budget (“OMB”) for extension and approval.

Rule 3a71-3 is adopted and in effect, but the compliance date for Rule 3a71-3 has not yet passed. The representations contemplated by Rule 3a71-3 will be relied upon by counterparties to determine whether such transaction is a “transaction conducted through a foreign branch” of a counterparty, as defined in Rule 3a71-3(a)(3)(i), as well as to verify whether a security-based swap counterparty is a “U.S. person.” Counterparties to security-based swap transactions may voluntarily give such representations to one another to reduce operational costs and allow each party to ascertain whether such transaction is subject to certain Title VII requirements. Because

any representations provided to counterparties under Rule 3a71-3 will constitute voluntary third-party disclosures, the Commission will not typically receive these disclosures.

The Commission believes that the representations contemplated by Rule 3a71-3 will, in most cases, be made through amendments to the parties’ existing trading documentation (*e.g.*, the schedule to a master agreement). The Commission believes that, because trading relationship documentation is established between two counterparties, whether a counterparty is able to represent that it is entering into a “transaction conducted through a foreign branch” or that it does not meet the criteria of the “U.S. person” definition will not change on a transaction-by-transaction basis and, therefore, such representations will generally be made in the schedule to a master agreement, rather than in individual confirmations. Because these representations relate to new regulatory requirements, the Commission anticipates that counterparties may elect to develop and incorporate these representations in trading documentation soon after the effective date of the Commission’s security-based swap regulations, rather than incorporating specific language on a transactional basis. The Commission believes that counterparties will be able to adopt, where appropriate, standardized language across all of their security-based swap trading relationships. The Commission believes that this standardized language may be developed by individual respondents or through a combination of trade associations and industry working groups.

#### *a. Representations regarding a “transaction conducted through a foreign branch”*

Pursuant to Rule 3a71-3, parties to security-based swaps are permitted to rely on certain representations from their counterparties when determining whether a transaction falls within the definition of a “transaction conducted through a foreign branch.” The Commission staff estimates that a total of 50 entities will incur burdens under this collection of information, whether solely in connection with the business conduct requirements or also in connection with the application of the *de minimis* exception. These estimates are based on our understanding of the over-the-counter (“OTC”) derivatives markets, including the size of the market, the number of counterparties that are active in the market, and how market participants currently structure security-based swap transactions.

The Commission estimates the one-time third-party disclosure burden associated with developing representations under this collection of information will be, for each U.S. bank counterparty that will make such representations, no more than five hours, and up to \$2,000 for the services of outside professionals, for an estimate of approximately 250 hours<sup>1</sup> or 83.33 hours<sup>2</sup> per year when annualized over three years, across all security-based swap counterparties that will make such representations.<sup>3</sup> This estimate assumes little or no reliance on standardized disclosure language.

The Commission expects that the majority of the burden associated with the new disclosure requirements will be experienced during the first year as language is developed and trading documentation is amended. After the new representations are developed and incorporated into trading documentation, the Commission continues to believe that the ongoing third-party disclosure burden associated with this requirement will be 10 hours per U.S. bank counterparty for verifying representations with existing counterparties, for a total of approximately 500 hours<sup>4</sup> across all applicable U.S. bank counterparties.<sup>5</sup>

The Commission believes that some of the entities that will have to comply with Rule 3a71-3 will seek outside counsel to help them develop new representations contemplated by Rule 3a71-3. For PRA purposes, the Commission assumes that all 50 respondents will seek outside counsel for the first year only and will, on average, consult with outside counsel for a cost of up to \$2,000. The Commission also assumes that none of the 50 respondents will seek outside legal services for year two or year three. Thus, the Commission expects the cost over the three-year period will be \$100,000<sup>6</sup> or \$33,333<sup>7</sup> per year when annualized over three years, across all security-based swap counterparties that will make such representations. The

<sup>1</sup> 50 (total number of entities) \* 5 hours = 250 hours.

<sup>2</sup> 250 hours (total hours to develop representations) ÷ 3 years = 83.33 hours.

<sup>3</sup> See Business Conduct Adopting Release at 30096.

<sup>4</sup> 50 (total number of entities) \* 10 hours = 500 hours.

<sup>5</sup> The Commission staff estimates that this burden will consist of 10 hours of in-house counsel time for each security-based swap market participant that will make such representations. See Business Conduct Adopting Release, at 30097, note 1581.

<sup>6</sup> 50 (estimated number of entities) \* \$2,000 (cost of outside counsel) = \$100,000.

<sup>7</sup> \$100,000 (total cost to seek outside counsel over three years) ÷ 3 years = \$33,333.33.
