SUPPLEMENTARY INFORMATION:

Title: Horse Protection Regulations.

OMB Control Number: 0579–0056.

Type of Request: Revision to and extension of approval of an information collection.

Abstract: In 1970, Congress passed the Horse Protection Act (HPA, 15 U.S.C. 1821 *et seq.*), which was enacted to prevent showing, exhibiting, selling, or auctioning of “sore” horses, and certain transportation of sore horses in connection therewith, at horse shows, horse exhibitions, horse sales, and horse auctions. Soring is a process whereby chemical or mechanical agents, or a combination thereof, are applied to the limbs of a horse in order to exaggerate its gait. A “sore” horse is one that has been subjected to prohibited practices and, as a result, suffers, or can reasonably be expected to suffer, physical pain or distress, inflammation, or lameness when walking, trotting or otherwise moving. A horse that is “sore” is prohibited from entering or participating in HPA-regulated events because exhibitors, owners, and trainers of such horse may obtain unfair advantage over individuals exhibiting horses that are not “sore.”

To carry out the Act, the Animal and Plant Health Inspection Service (APHIS) of the U.S. Department of Agriculture (USDA) administers and enforces the regulations in 9 CFR part 11. Part 11 delineates the responsibilities of horse industry organizations (HIOs), designated qualified persons (DQPs), management of regulated horse events, and persons who have control over regulated horses.

An HIO wishing to certify a program to license DQPs to inspect horses for compliance under the HPA must satisfy and abide by the requirements of the HPA and regulations. After requesting and receiving USDA certification from

APHIS, HIOs must maintain an acceptable DQP program and recordkeeping systems. Managers and operators of HPA-regulated events may appoint and retain the services of DQPs to inspect and detect a horse that is sore or otherwise noncompliant with the HPA, and both managers and DQPs are required to provide and/or maintain certain information. Persons who own, train, show, exhibit, sell, transport, or otherwise have custody of, or direction or control over any horse shown, exhibited, sold, or auctioned or entered for the purpose of being shown, exhibited, sold, or auctioned at any horse show, horse exhibition, or horse sale or auction must also satisfy and abide by the requirements of the HPA and regulations.

APHIS works with HIOs on an ongoing basis to oversee their performance under the HPA. Throughout the year, APHIS uses training sessions, conference calls, and open letters to HIOs, event managers, exhibitors, owners, trainers, custodians, and farriers involved in HPA-covered activities to provide communication and feedback to address issues and strengthen enforcement under the Act. Data collected throughout the year from within APHIS and from the HIOs and event management provide an account of the HIOs' performance and progress toward eliminating the soring of horses and promoting fair competition. HIOs, through their certified licensing programs for DQPs, provide the primary means of detecting sored horses.

We are asking the Office of Management and Budget (OMB) to approve our use of these information collection activities, as described, for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

- (1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

- (2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;

- (3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; *e.g.*, permitting electronic submission of responses.

Estimate of burden: The public burden for this collection of information is estimated to average 0.09 hours per response.

Respondents: Horse custodians, event managers, HIOs, and DQPs.

Estimated annual number of respondents: 2,004.

Estimated annual number of responses per respondent: 19.

Estimated annual number of responses: 37,136.

Estimated total annual burden on respondents: 3,374 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 17th day of June 2019.

Kevin Shea,

Administrator, Animal and Plant Health Inspection Service.

Foreign-Trade Zones Board

[Order No. 2084]

Reorganization of Foreign-Trade Zone 16 Under Alternative Site Framework Sault Ste. Marie, Michigan

Pursuant to its authority under the Foreign-Trade Zones Act of June 18, 1934, as amended (19 U.S.C. 81a-81u), the Foreign-Trade Zones Board (the Board) adopts the following Order:

Whereas, the Foreign-Trade Zones (FTZ) Act provides for “. . . the establishment . . . of foreign-trade zones in ports of entry of the United States, to expedite and encourage foreign commerce, and for other purposes,” and authorizes the Board to grant to qualified corporations the privilege of establishing foreign-trade zones in or adjacent to U.S. Customs and Border Protection ports of entry;

Whereas, the Board adopted the alternative site framework (ASF) (15 CFR Sec. 400.2(c)) as an option for the establishment or reorganization of zones;

Whereas, the Sault Ste. Marie Economic Development Corporation, grantee of Foreign-Trade Zone 16, submitted an application to the Board (FTZ Docket B-4-2019, docketed February 11, 2019) for authority to reorganize under the ASF with a service area of Chippewa County, Michigan, in and adjacent to the Sault Ste. Marie Customs and Border Protection port of entry, and FTZ 16's existing Site 1 would be categorized as a magnet site;

Whereas, notice inviting public comment was given in the **Federal Register** (84 FR 4767, February 19, 2019) and the application has been processed pursuant to the FTZ Act and the Board's regulations; and,

Whereas, the Board adopts the findings and recommendations of the examiner's report, and finds that the requirements of the FTZ Act and the Board's regulations are satisfied;

Now, therefore, the Board hereby orders:

The application to reorganize FTZ 16 under the ASF is approved, subject to the FTZ Act and the Board's regulations, including Section 400.13, to the Board's standard 2,000-acre activation limit for the zone, and to an ASF sunset provision for magnet sites that would terminate authority for Site 1 if not activated within five years from the month of approval.
