General description of report: The Payments Systems Surveys are used to obtain information specifically tailored to the Federal Reserve's operational and fiscal agency responsibilities.

Proposed revisions: The Board proposes to revise the Ad Hoc Payments Systems Survey (FR 3054a) to increase the frequency of surveys from once per year to five times annually, and reduce the number of respondents from 20,000 to 4,000. The increase in frequency of surveys will allow the Federal Reserve System flexibility to respond to diverse needs for data by surveying smaller groups of respondents multiple times throughout a year. Under the Ad Hoc Payments Systems Survey, the Board plans to administer online or in person surveys, in-depth interviews, and observations of focus groups in order to answer critical programmatic questions from U.S. currency stakeholders. In addition, the Board proposes to implement one new survey, the Currency Education Usability Survey (FR 3054e). The Currency Education Usability Survey would be conducted approximately five times per year to assess the usability of digital or online education materials on U.S. currency. The Currency Education Usability Survey may be conducted by the Board or a private firm.

Legal authorization and confidentiality: The information

obtained from the FR 3054 may be used in support of the Board's role in overseeing the Federal Reserve Banks' provision of financial services to depository institutions; developing policies and regulations to foster the efficiency and integrity of the U.S. payment system; working with other central banks and international organizations to improve the payment system more broadly; conducting research on payments issues; and working with other federal agencies on currency design, quality issues, and to educate the global public on the security features of Federal Reserve notes. Therefore, the FR 3054 is authorized pursuant to the Board's authority under Sections 11(d),¹ 11A,² 13,³ and 16⁴ of the Federal Reserve Act. The FR 3054 is voluntary.

The questions asked on each survey would vary, so the ability of the Board to maintain the confidentiality of information collected would be determined on a case by case basis. It is possible that the information collected would constitute confidential commercial or financial information, which may be kept confidential under exemption 4 of the Freedom of Information Act (FOIA).⁵ In circumstances where the Board collects information related to individuals, exemption 6 of the FOIA would protect information "the disclosure of which would constitute a clearly unwarranted invasion of personal privacy."⁶ To the extent the information collected relates to examination, operating, or condition reports prepared for the use of an agency supervising financial institutions, such information may be kept confidential under exemption 8 of the FOIA.⁷

Board of Governors of the Federal Reserve System, June 17, 2019.

Ann Misback,

Secretary of the Board.
