Title: Terrorism Risk Insurance Program—Rebuttal of Control Submissions under the Terrorism Risk Insurance Act.

Abstract: The Terrorism Risk Insurance Act of 2002, as amended (TRIA),¹ established the Terrorism Risk Insurance Program (TRIP),² which the Secretary of the Treasury administers, with the assistance of the Federal Insurance Office.³ Section 102(2) of TRIA defines an “affiliate” with respect to an insurer as “* * * any entity that controls, is controlled by, or is under common control with the insurer”. Section 102 (3) of the Act defines “control”. Section 102(6) defines “insurer” to include “* * * any affiliate thereof”. These definitions, taken together, comprise one element in calculating costs and payments to the insurer under the Program. As such, there could be questions as to whether an affiliate relation exists between specific insurers, which will turn on whether one insurer controls, is controlled by, or is under common control with the other insurer. The regulation, at 31 CFR 50.7 sets forth information which an insurer can provide to refute certain rebuttable presumptions of control described at 31 CFR 50.4(c). If not refuted, these rebuttable presumptions would lead to a determination that an affiliate relationship exists. This clearance

action is for the data submission required to rebut a presumption of controlling influence specified in 31 CFR 50.7.

Estimated Number of Respondents: 10.

Estimated Average Time per Respondent: 4 hours.

Estimated Total Annual Burden Hours: 400 hours.

Request for Comments: An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless the collection of information displays a valid OMB control number. Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval. All comments will become a matter of public record. Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collections; (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology; and (e) estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information.

DEPARTMENT OF VETERANS AFFAIRS

Notice of Availability of the Final Programmatic Environmental Impact Statement and National Historic Preservation Act Section 106 Consultation for the West Los Angeles Medical Center Campus Draft Master Plan for Improvements and Reconfiguration

AGENCY: Department of Veterans Affairs (VA).

ACTION: Notice of availability.

SUMMARY: VA announces the availability of the Final Programmatic Environmental Impact Statement (PEIS) and for the West Los Angeles Medical Center Campus Draft Master Plan for Improvements and Reconfiguration. The Final PEIS uses the substitution approach for integrating compliance with Section 106 of the National Historic Preservation Act (NHPA) of 1966 as amended (54 United States Code (U.S.C.) 300101 *et seq.*) and its implementing regulations (36 Code of Federal Regulations (CFR) part 800) into the National Environmental Policy Act (NEPA) process.

Pursuant to NEPA of 1969, as amended (42 U.S.C. 4321, *et seq.*), the Council on Environmental Quality's (CEQ) regulations for implementing the procedural provisions of NEPA (40 CFR parts 1500-1508), VA's NEPA regulations titled "Environmental Effects of the Department of Veterans Affairs Actions" (38 CFR part 26), and VA's "NEPA Interim Guidance for Projects" (VA 2010), VA has considered and responded to comments received on the Draft PEIS, which was issued on December 14, 2018.

DATES: VA will publish a Record of Decision (ROD) no sooner than 30 days after publication of the U.S. Environmental Protection Agency's Notice of Availability in the **Federal Register**.

Availability: Copies of the final PEIS and supporting technical documentation are available for public review at:

WLA PEIS team, VA Greater Los Angeles Healthcare System, at the address above, or by email to VHAGLAMasterPlan@va.gov.

SUPPLEMENTARY INFORMATION: The PEIS for the WLA Medical Center Campus Draft Master Plan for Improvements and Reconfiguration was developed pursuant to NEPA of 1969, as amended (42 U.S.C. 4321, *et seq.*), CEQ regulations for implementing the procedural provisions of NEPA (40 CFR parts 1500-1508), and VA's NEPA regulations titled "Environmental Effects of the Department of Veterans Affairs Actions" (38 CFR part 26).

VA is substituting the implementation and review procedures of section 102 of NEPA for consultation under section 106 of the NHPA. This process meets the integration intent of the NEPA regulations (40 CFR 1500.2(c) and 1502.25(a)) and the substitution intent of the NHPA regulations (36 CFR 800.8(c)). This process follows the joint CEQ-Advisory Council for Historic Preservation guidance for integrating NEPA and section 106 compliance (*NEPA and NHPA: A Handbook for Integrating NEPA and Section 106*, 2013). The PEIS includes identification and evaluation of impacts to historic properties. Formal consultation and identification and resolution of effects to historic properties are documented throughout the Final PEIS.

WLA is one of the largest medical center campuses in the VA system, providing a full range of medical services to eligible Veterans, including state-of-the-art hospital and outpatient care, rehabilitation, residential care, reintegration services, and long-term care. The draft Master Plan released on January 28, 2016, identified potential ways to reconfigure and redevelop the existing WLA Campus and provide additional housing to homeless Veterans to better serve the health care needs and
