SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–86178; File No. SR–FINRA–2019–014]

Self-Regulatory Organizations; Financial Industry Regulatory Authority, Inc.; Order Approving Proposed Rule Change To Allow Additional Time for Reporting to TRACE of Transactions in U.S. Treasury Securities Executed To Hedge a Primary Market Transaction

June 21, 2019.

I. Introduction

On April 16, 2019, the Financial Industry Regulatory Authority, Inc. (“FINRA”) filed with the Securities and Exchange Commission (“Commission”), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹ and Rule 19b–4 thereunder,² a proposed rule change to amend FINRA Rule 6730 to provide additional time for reporting to TRACE of transactions in U.S. Treasury Securities executed to hedge a primary market transaction. The proposed rule change was published for comment in the **Federal Register** on

April 30, 2019.³ On June 13, 2019, pursuant to Section 19(b)(2) of the Act,⁴ the Commission designated a longer period within which to approve the proposed rule change, disapprove the proposed rule change, or institute proceedings to determine whether to approve or disapprove the proposed rule change.⁵ The Commission received one comment letter in support of the proposed rule change.⁶ This order approves the proposed rule change.

II. Description of the Proposal

Currently, a transaction in a U.S. Treasury Security executed on a business day up to 5:00 p.m. E.T. must be reported on the same day during TRACE System Hours.⁷ For a transaction in a U.S. Treasury Security executed on a business day after 5:00 p.m. E.T., a member must report the trade no later than the next business day (T+1) during TRACE System Hours, and, if reported on T+1, the member must designate the trade “as/of” and include the date of execution.⁸

According to FINRA, institutional investors often hedge a primary market transaction that meets the definition of “List or Fixed Offering Price Transaction” or “Takedown Transaction” (i.e., a “P1” transaction) with a U.S. Treasury Security.⁹ In such cases, hedges in U.S. Treasury Securities and the P1 transactions are

executed in close time proximity because the desired hedge position in the U.S. Treasury Security cannot be determined until the underwriters complete pricing of P1 issue and make allocations to customers.¹⁰ Once pricing is complete for the new issue, any associated hedging trades in U.S. Treasury Securities must be entered and reported to TRACE.¹¹ Under current FINRA Rule 6730, a trade report for a transaction in a U.S. Treasury Security executed by 5:00 p.m. ET is due on trade date (by the close of TRACE System Hours), whereas a P1 trade report is due on T+1 (by the close of TRACE System Hours).¹²

FINRA understands that this difference in TRACE reporting timeframes for the hedging transactions in U.S. Treasury Securities and the related P1 transaction can present operational challenges for members, particularly where pricing of the debt new issue occurs prior to, but near, 5:00 p.m. E.T.¹³ In response to these concerns, FINRA has proposed to align the TRACE reporting timeframe for any hedging transactions in U.S. Treasury Securities associated with a P1 transaction with the deadline for reporting the related P1 transaction. Specifically, FINRA has proposed to amend FINRA Rule 6730 to provide that a transaction in a U.S. Treasury Security executed to hedge a P1 transaction must be reported no later than the next business day (T+1) during TRACE System Hours and, if reported on T+1, designated “as/of” and include the date of execution.¹⁴ FINRA also proposed that a member must append a new trade modifier when reporting to TRACE any transaction in a U.S. Treasury Security that is executed to hedge a P1 transaction.¹⁵

FINRA has stated that it will announce the effective date of the rule change in a *Regulatory Notice* to be published no later than 90 days following a Commission approval, and the effective date will be no later than 270 days following publication of that *Regulatory Notice*.¹⁶

III. Discussion and Commission Findings

After careful consideration, the Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules

⁸ See FINRA Rule 6730(a)(4)(A)(ii).

⁹ FINRA Rule 6710(q) and (r) define “List or Fixed Offering Price Transactions” and “Takedown Transactions,” which are identified with the “P1” modifier, generally as primary market sale transactions on the first day of trading of a security: (i) By a sole underwriter, syndicate manager, syndicate member or selling group member at the published or stated list or fixed offering price (or, for Takedown Transactions, at a discount from the published or stated list or fixed offering price) or (ii) in the case of primary market sale transactions effected pursuant to Securities Act Rule 144A, by an initial purchaser, syndicate manager, syndicate member or selling group member at the published or stated fixed offering price (or, for Takedown Transactions, at a discount from the published or stated fixed offering price).
