SUPPLEMENTARY INFORMATION: This ICR seeks to extend PRA authority for the Short-Time Compensation Grants information collection. Middle Class Tax Relief and Job Creation Act of 2012, Subtitle D, Short-Time Compensation Program, also known as the Layoff Prevention Act of 2012, concerns States that currently participate in, or wish to initiate a layoff aversion program known as STC or work-sharing. The law requires applications, administrative processes, monitoring, and reporting of data between State Workforce Agencies (SWAs) and the ETA. The ETA has principal oversight responsibility for the Unemployment Insurance (UI) program that SWAs operate. The ETA has developed a data collection for the proper oversight of State STC programs to ensure compliance with the UI system funding and administration under the Layoff Prevention Act. Layoff Prevention Act of 2012 authorizes this information collection. See Public Law 112-96.

This information collection is subject to the PRA. A Federal agency generally

cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless the OMB under the PRA approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1205-0499.

OMB authorization for an ICR cannot be for more than three (3) years without renewal, and the current approval for this collection is scheduled to expire on June 30, 2019. The DOL seeks to extend PRA authorization for this information collection for three (3) more years, without any change to existing requirements. DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on December 28, 2018 (83 FR 67357).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within thirty (30) days of publication of this notice in the **Federal Register**. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1205-0499. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used.
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

SUPPLEMENTARY INFORMATION: This ICR seeks to extend PRA authority for the Notice of Special Enrollment Rights under Group Health Plans. Under 29 CFR 2590.701–6(c), a group health plan must provide an individual who is offered coverage under the plan a notice describing the plan’s special enrollment rights at or before the time coverage is offered. The Departments believe that the special enrollment notice is necessary to ensure that employees understand their enrollment options and will be able to exercise their rights during any 30-day enrollment period following a special enrollment event. The final regulations provide detailed sample language describing special enrollment rights for use in the notice. The sample language is expected to reduce costs for group health plans since it eliminates the need for plans to develop their own language. The Employee Retirement Income Security Act of 1974 authorizes this information collection. *See* 29 U.S.C. 1191(c).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. *See* 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1210–0101.

OMB authorization for an ICR cannot be for more than three (3) years without

renewal, and the current approval for this collection is scheduled to expire on June 30, 2019. The DOL seeks to extend PRA authorization for this information collection for three (3) more years, without any change to existing requirements.
