DEPARTMENT OF HOMELAND SECURITY

[DHS–2019–0029]

Project 25 Compliance Assessment Program (P25 CAP)

AGENCY: Science and Technology Directorate, Department of Homeland Security.

ACTION: Notice of information collection; request for comment.

SUMMARY: The Department of Homeland Security (DHS) invites the general public to comment on updated data collection forms for DHS Science and Technology (S&T) Directorate's Project 25 (P25) Compliance Assessment Program (CAP): Supplier's Declaration of Compliance (SDoC) (DHS Form 10044 (6/08)) and an accompanying Summary Test Report (STR) (DHS Form 10056 (9/08)). The collections are posted on the

dhs.gov website (<https://www.dhs.gov/science-and-technology/p25-cap>). The attacks of September 11, 2001, and the destruction of Hurricane Katrina made apparent the need for emergency response radio systems that can interoperate, regardless of which organization manufactured the equipment. Per congressional direction, DHS and the National Institute of Standards and Technology (NIST) developed the P25 CAP to improve the emergency response community's confidence in purchasing land mobile radio (LMR) equipment built to P25 LMR standards. Equipment suppliers provide the information to publicly attest to their products' compliance with a specific set of P25 standards. The SDoC, and its STR, which substantiates the declaration, constitutes a company's formal, public attestation of compliance with the standards for the equipment. In turn, first responders at local, tribal, state, and federal levels across multiple disciplines including law enforcement, fire, and emergency medical services personnel, will use this information to identify P25 compliant communications system products. The P25 CAP Program Manager performs a simple administrative review to ensure the documentation is complete and accurate in accordance with the current P25 CAP processes.

DATES: Comments are encouraged and accepted until July 31, 2019.

ADDRESSES: Interested persons are invited to submit written comments on this proposed information collection to the Office of Information and Regulatory Affairs, Office of Management and Budget. Comments should be addressed to the OMB Desk Officer, via electronic mail to dhsdeskofficer@omb.eop.gov.

FOR FURTHER INFORMATION CONTACT: DHS/S&T System Owner: Sridhar Kowdley, Sridhar.kowdley@HQ.DHS.GOV, (202) 254–8804 (Not a toll free number).

SUPPLEMENTARY INFORMATION: DHS, in accordance with the Paperwork Reduction Act (PRA), 44 U.S.C. 3501 *et seq.*, provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collection of information. DHS is soliciting comments on the proposed Information Collection Request (ICR) that is described below. The Department of Homeland Security is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how

might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collections: Project 25 (P25) Compliance Assessment Program (CAP): Supplier's Declaration of Compliance (SDoC) (DHS Form 10044 (6/08) and Summary Test Report (STR) (DHS Form 10056 (9/08)).

Prior OMB Control Number: 1640-0015.

Prior Federal Register Document: 2018-0073, April 5, 2019.

Type of Review: Renewal of an information collection.

Affected Public: Federal, State, Local, and Tribal Governments.

Frequency of Collections: The SDOC is once per month and the STR is once annually.

Average Burden per Response: 60 minutes.

Total Estimated Number of Annual Responses: 156.

Total Estimated Number of Annual Burden Hours: 156.

BILLING CODE 9110-9F-P

DEPARTMENT OF HOMELAND SECURITY

Office of the Secretary

Determination Pursuant to Section 102 of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996, as Amended

AGENCY: Office of the Secretary, Department of Homeland Security.

ACTION: Notice of determination.

SUMMARY: The Acting Secretary of Homeland Security has determined, pursuant to law, that it is necessary to waive certain laws, regulations, and other legal requirements in order to ensure the expeditious construction of barriers and roads in the vicinity of the international land border in Starr County, Texas.

DATES: This determination takes effect on July 1, 2019.

SUPPLEMENTARY INFORMATION: Important missions of the Department of Homeland Security ("DHS") include border security and the detection and

prevention of illegal entry into the United States. Border security is critical to the nation's national security. Recognizing the critical importance of border security, Congress has mandated DHS to achieve and maintain operational control of the international land border. Secure Fence Act of 2006, Public Law 109-367, 2, 120 Stat. 2638 (Oct. 26, 2006) (8 U.S.C. 1701 note). Congress defined "operational control" as the prevention of all unlawful entries into the United States, including entries by terrorists, other unlawful aliens, instruments of terrorism, narcotics, and other contraband. *Id.* Consistent with that mandate from Congress, the President's Executive Order on Border Security and Immigration Enforcement Improvements directed executive departments and agencies to deploy all lawful means to secure the southern border. Executive Order 13767, § 1. In order to achieve that end, the President directed, among other things, that I take immediate steps to prevent all unlawful entries into the United States, including the immediate construction of physical infrastructure to prevent illegal entry. Executive Order 13767, § 4(a).

Congress has provided to the Secretary of Homeland Security a number of authorities necessary to carry out DHS's border security mission. One of those authorities is section 102 of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996, as amended ("IIRIRA"). Public Law 104-208, Div. C, 110 Stat. 3009-546, 3009-554 (Sept. 30, 1996) (8 U.S.C. 1103 note), as amended by the REAL ID Act of 2005, Public Law 109-13, Div. B, 119 Stat. 231, 302, 306 (May 11, 2005) (8 U.S.C. 1103 note), as amended by the Secure Fence Act of 2006, Public Law 109-367, 3, 120 Stat. 2638 (Oct. 26, 2006) (8 U.S.C. 1103 note), as amended by the Department of Homeland Security Appropriations Act, 2008, Public Law 110-161, Div. E, Title V, § 564, 121 Stat. 2090 (Dec. 26, 2007). In section 102(a) of IIRIRA, Congress provided that the Secretary of Homeland Security shall take such actions as may be necessary to install additional physical barriers and roads (including the removal of obstacles to detection of illegal entrants) in the vicinity of the United States border to deter illegal crossings in areas of high illegal entry into the United States. In section 102(b) of IIRIRA, Congress mandated the installation of additional fencing, barriers, roads, lighting, cameras, and sensors on the southwest border. Finally, in section 102(c) of IIRIRA, Congress granted to the Secretary of Homeland Security the

authority to waive all legal requirements that I, in my sole discretion, determine necessary to ensure the expeditious construction of barriers and roads authorized by section 102 of IIRIRA.

Determination and Waiver

Section 1

The United States Border Patrol's (Border Patrol) Rio Grande Valley Sector is an area of high illegal entry. In fiscal year 2018 alone, the Border Patrol apprehended over 162,000 illegal aliens attempting to enter the United States between border crossings in the Rio Grande Valley Sector. In that same year, the Border Patrol had over 1,400 separate drug-related events between border crossings in the Rio Grande Valley Sector, through which it seized over 204,000 pounds of marijuana, over 1,850 pounds of cocaine, over 16 pounds of heroin, and over 750 pounds of methamphetamine.

Owing to the high levels of illegal entry within the Rio Grande Valley Sector, I must use my authority under section 102 of IIRIRA to install additional physical barriers and roads in the Rio Grande Valley Sector. Therefore, DHS will take immediate action to construct barriers and roads. The areas in the vicinity of the border within which such construction will occur are more specifically described in Section 2 below. Such areas are not located within any of the areas identified in sections 231 and 232(c) of title II of division A of the Fiscal Year 2019 DHS Appropriations Act. *See* Public Law 116-6, Div. A, Title II, §§ 231-232.

Section 2

I determine that the following areas in the vicinity of the United States border, located in the State of Texas within the Border Patrol's Rio Grande Valley Sector, are areas of high illegal entry (the "project areas"):

- Starting at the southernmost boundary of the Arroyo Ramirez Tract of the Lower Rio Grande Valley National Wildlife Refuge and extending north to County Road 650; and
- Starting approximately one-tenth (0.10) of a mile north of the northernmost boundary of the Las Ruinas Tract of the Lower Rio Grande Valley National Wildlife Refuge and extending to approximately one and one-half (1.50) miles south and east of the southernmost boundary of the Las Ruinas Tract of the Lower Rio Grande Valley National Wildlife Refuge.

There is presently an acute and immediate need to construct physical barriers and roads in the vicinity of the border of the United States in order to
