BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Parts 59, 60, 61, 62, 63, 65, 82, and 763

[FRL-9995-50-Region 1]

Change of Address for Region 1 Reports; Technical Amendments

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule; technical amendments.

SUMMARY: The Environmental Protection Agency (EPA) is amending its regulations to reflect a change in address for submitting certain reports to EPA's Region 1 office and to correct the addresses for submitting certain air program reports to the EPA Region 1

states of Connecticut, Maine, Massachusetts, New Hampshire, Rhode Island and Vermont once the state is delegated. This action is editorial in nature and is intended to provide accuracy and clarity to the agency's regulations.

DATES: Effective August 16, 2019.

FOR FURTHER INFORMATION CONTACT:

Susan Lancey, Air Permits, Toxics, and Indoor Programs Branch, U.S. Environmental Protection Agency, EPA Region 1 Office, 5 Post Office Square—Suite 100, (Mail code 05-2), Boston, MA 02109-3912, telephone number 617-918-1656, lancey.susan@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Background and Purpose

The EPA is amending its regulations in 40 CFR parts 59, 60, 61, 62, 63, 65, 82 and 763 to reflect a change in the mailing address for EPA's Region 1 office. The EPA is also amending its regulations in 40 CFR parts 60, 61, and 65 to reflect a change in the mailing addresses for the Region 1 states of Connecticut, Maine, Massachusetts, New Hampshire, Rhode Island and Vermont. This technical amendment merely updates and corrects the addresses for mailing certain reports and other information to EPA Region 1's office and to the states of Connecticut, Maine, Massachusetts, New Hampshire, Rhode Island and Vermont once delegated a particular standard in 40 CFR parts 60, 61, and 65. Consequently, EPA has determined that this rule falls under the "good cause" exemption in section 553(b)(3)(B) of the Administrative Procedures Act (APA) which, upon finding "good cause," authorizes agencies to dispense with public participation. Under section 553 of the APA, an agency may find good cause where procedures are "impractical, unnecessary, or contrary to the public interest." Public comment is "unnecessary" and "contrary to the public interest" since the mailing address has changed for Region 1 reports submitted under 40 CFR parts 59, 60, 61, 62, 63, 65, 82 and 763 and since the Region 1 state mailing addresses have changed for reports submitted once the state is delegated under 40 CFR parts 60, 61, and 65. Notice in the CFR benefits the public by updating citations.

II. Statutory and Executive Order Reviews

This final rule implements technical amendments to 40 CFR parts 59, 60, 61, 62, 63, 65, 82, and 763 to reflect a change in address for reports submitted to EPA's Region 1 office and

implements technical amendments to 40 CFR parts 60, 61, and 65 to reflect a change in addresses for the states of Connecticut, Maine, Massachusetts, New Hampshire, Rhode Island and Vermont upon delegation of authority. It does not otherwise impose or amend any requirements. For that reason, this action:

- Is not a significant regulatory action subject to review by the Office of Management and Budget under Executive Orders 12866 (58 FR 51735, October 4, 1993) and 13563 (76 FR 3821, January 21, 2011);

- Is not an Executive Order 13771 regulatory action because this action is not significant under Executive Order 12866.

- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);

- Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);

- Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4);

- Does not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);

- Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);

- Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);

In addition, it does not involve any technical standards that require the Agency's consideration of voluntary consensus standards pursuant to Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note). It also does not provide the EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994). And it does not have Tribal implications because it would not have a substantial direct effect on one or more Indian Tribes, on the relationship between Federal Government and Indian Tribes, or on the distribution of power and responsibilities between the Federal Government and Indian Tribes as specified by Executive Order 13175 (65 FR 67249, November 9, 2000).

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a “major rule” as defined by 5 U.S.C.

[Docket No. 180713633-9174-02]

RIN 0648-XG086

Fisheries of the Exclusive Economic Zone Off Alaska; Exchange of Flatfish in the Bering Sea and Aleutian Islands Management Area

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; reallocation.

SUMMARY: NMFS is exchanging allocations of Amendment 80 cooperative quota (CQ) for Amendment 80 acceptable biological catch (ABC) reserves. This action is necessary to allow the 2019 total allowable catch of flathead sole, rock sole, and yellowfin sole in the Bering Sea and Aleutian Islands management area to be harvested.

DATES: Effective July 17, 2019, through December 31, 2019.

FOR FURTHER INFORMATION CONTACT: Steve Whitney, 907-586-7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the Bering Sea and Aleutian Islands management area (BSAI) according to the Fishery Management Plan for Groundfish of the Bering Sea and Aleutian Islands Management Area (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The 2019 flathead sole, rock sole, and yellowfin sole Amendment 80 allocations of the total allowable catch (TAC) specified in the BSAI are 9,949 metric tons (mt), 36,060 mt, and 115,171 mt, respectively, as established by the final 2019 and 2020 harvest specifications for groundfish in the BSAI (84 FR 9000, March 13, 2019). The 2019 flathead sole, rock sole, and yellowfin sole Amendment 80 ABC reserves are 46,548 mt, 64,117 mt, and 97,516 mt, respectively, as established by the final 2019 and 2020 harvest specifications for groundfish in the BSAI (84 FR 9000, March 13, 2019).

The Alaska Seafood Cooperative has requested that NMFS exchange 5,200 mt of rock sole Amendment 80 allocation of the TAC for 3,200 mt of flathead sole and 2,000 mt of yellowfin sole Amendment 80 ABC reserves under § 679.91(i). Therefore, in accordance with § 679.91(i), NMFS exchanges 5,200 mt of rock sole Amendment 80 allocation of the TAC for 3,200 mt of flathead sole and 2,000 mt of yellowfin sole Amendment 80 ABC reserves in the BSAI. This action also decreases and increases the TACs and Amendment 80 ABC reserves by the corresponding amounts. Tables 11 and 13 of the final 2019 and 2020 harvest specifications for groundfish in the BSAI (84 FR 9000, March 13, 2019) and as revised (84 FR 24399, May 28, 2019) are further revised as follows:
