Abstract: The New Source Performance Standards (NSPS) for Nitric Acid Plants (40 CFR part 60, subpart G) were proposed on August 17, 1971, promulgated on June 14, 1974, and amended on August 14, 2012. The NSPS for Nitric Acid Plants (40 CFR part 60, subpart Ga) were proposed on October 14, 2011, promulgated on August 14, 2012, and were amended on May 6, 2014 in order to correct a minor error. Subpart G applies to nitric acid production units, producing weak (30 to 70 percent) nitric acid, which commenced construction, modification or reconstruction either on or after August 17, 1971 and prior to October 14, 2011. Subpart G limits the emissions of nitrogen oxides, expressed as nitrogen dioxide (NO₂), to 1.5 kilograms per metric ton of acid produced (3.0 lb. per ton), and limits opacity to 10 percent. Subpart Ga applies to nitric acid production units, producing weak (30 to 70 percent) nitric acid, for which construction, reconstruction, or modification commenced after October 14, 2011, and limits nitrogen oxides (expressed as NO₂) to 0.50 lb per ton of 100 percent nitric acid produced. This information is being collected to assure compliance with 40 CFR part 60, subparts G and Ga.

In general, all NSPS standards require initial notifications, performance tests, and periodic reports by the owners/operators of the affected facilities. They are also required to maintain records of the occurrence and duration of any startup, shutdown, or malfunction in the operation of an affected facility, or any period during which the monitoring system is inoperative. These notifications, reports, and records are essential in determining compliance, and are required of all affected facilities subject to NSPS.

Form Numbers: None.

Respondents/affected entities: Nitric acid production units.

Respondent's obligation to respond: Mandatory (40 CFR part 60, subparts G and Ga).

Estimated number of respondents: 32 (total).

Frequency of response: Initially, occasionally, and semiannually.

Total estimated burden: 2,530 hours (per year). Burden is defined at 5 CFR 1320.3(b).

Total estimated cost: \$3,040,000 (per year), which includes \$2,750,000 in annualized capital/startup and/or operation & maintenance costs.

Changes in the Estimates: There is an adjustment increase in the total estimated burden as currently identified in the OMB Inventory of Approved Burdens. This increase is not due to any program changes. The change in the cost estimates is due to adjustments for growth in the industry. There is an increase in the number of responses, labor hours, and operation and maintenance costs due to an increase in the number of respondents based on growth.

Copies of documents submitted to OMB and other information is available from Ms. Hernandez who may be contacted at 202-395-6665.

SUPPLEMENTARY INFORMATION: This notice informs the public that ONDCP has submitted to OMB a request for approval of the information collection described in Section A. The **Federal Register** notice that solicited public comment on the information collection for a period of 60 days was published May 9, 2019, 84 FR 20357.

A. Overview of Information Collection

Title of Information Collection: Web-based data collection, surveys and interviews of Drug-Free Communities (DFC) Support Program and Community-Based Coalition Enhancement Grants to Address Local Drug Crisis (CARA Local Drug Crisis) Program grant award recipients.

Title: Drug-Free Communities (DFC) Support Program National Evaluation.

OMB Approval Number: 3201-0012.

Type of Request: Reinstatement with change of a previously approved collection.

Form Number: NA.

Description of the need for the information and proposed use: ONDCP administers the Drug-Free Communities (DFC) Support Program and Community-Based Coalition Enhancement Grants to Address Local Drug Crisis (CARA Local Drug Crisis) Programs. The DFC Program has two primary goals: To reduce youth substance abuse, and to support community anti-drug coalitions by establishing, strengthening, and fostering collaboration among public and private agencies. The CARA Local Drug Crisis grant program funds current or former DFC grant award recipients to focus on preventing and reducing the abuse of opioids or methamphetamines and the abuse of prescription medications among youth ages 12-18 in

communities throughout the United States.

Congress mandates an evaluation of the DFC program to determine its effectiveness in meeting objectives (see 21 U.S.C. 1521 *et al.*). Under the CARA Local Drug Crisis program statute, CARA Local Drug Crisis data collection is authorized and required by Public Law 114–198 Sec. 103, “a grant under this section shall be subject to the same evaluation requirements and procedures as the evaluation requirements and procedures imposed on the recipients of a grant under the Drug-Free Communities Act of 1997, and may also include an evaluation of the effectiveness at reducing abuse of opioids or methamphetamines”. ONDCP awarded a contract for a DFC grant oversight system at the end of 2014, following a competitive request for proposals process. The DFC Management and Evaluation (DFC Me) system was launched in 2016 and continues to be used (www.dfcm.eondcp.eop.gov). The development and implementation of the new DFC Me system provided an improved platform for DFC recipients to meet data reporting requirements of the grant, introduced a DFC Learning Center where resources and success stories can be shared, and strengthened ONDCP’s continued oversight of the DFC program. The data collected through this system is more user friendly and validates data during entry, therefore reducing the burden on grant award recipients.

ONDCP will continue to utilize the case study protocols previously approved by OMB to document coalition practices, successes and challenges. Approximately nine DFC grant award recipients are selected each year to highlight in the case studies. The information from the case studies will be used to illustrate not only what works to reduce drug use in a community setting, but also how and why it works.

The CARA Local Drug Crisis program evaluation will make use of the monitoring and tracking questionnaire to serve as a semi-annual report for grant award recipients and will provide information to ONDCP and the Administration’s effort to address the opioid crisis.

Respondents: DFC current grant award recipients and CARA Local Drug Crisis grant award recipients (includes both current and former DFC grant award recipients).

Estimated Number of Respondents: 737 (724 DFC and 13 CARA only).

Estimated Number of Responses: 2,181.

Frequency of Response: Semi-annually, annually and biennially. Progress reports semi-annually by DFC and CARA Local Drug Crisis Program Directors via DFC Me, core measures biennially by DFC and CARA Local Drug Crisis Program Directors via DFC Me and CCT annually for DFC Program Directors via DFC Me. Case study interviews of Program Directors and selected coalition members will be accomplished one time per site at nine sites.

Average Hours per Response: Varies. ONDCP expects that the time required for DFC grant award recipients to complete each semi-annual progress report will be approximately six hours, and each CCT report will take approximately one hour to complete. Face to face interviews and focus groups with DFC grant award recipients selected for site visits will take 1.5–2 hours each to complete. CARA Local Drug Crisis grant award recipients will also complete semi-annual progress reports at an estimated six hours. The estimate of time for DFC and CARA Local Drug Crisis grant award recipients includes biennial core measure data submission.

Total Estimated Burden: 9,388 (Comprehensive of all respondents over one year, including: DFC Program Directors and grant award recipients to complete progress reports, CCT surveys, and interviews; and CARA Local Drug Crisis grant award recipients.)

Solicitation of Public Comment

No comments were received during the 60-day notice. This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

- (1) Whether the proposed data are proper for the functions of the agency;
- (2) Whether the information will have practical utility;
- (3) The accuracy of ONDCP’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions;
- (4) Ways to enhance the quality, utility, and clarity of the information to be collected; and, ways to ease the burden on proposed respondents, including the use of automated collection techniques or other forms of information technology.

ONDCP encourages interested parties to submit comments in response to these questions.

Authority: The Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35.

Dated: July 15, 2019.

FEDERAL DEPOSIT INSURANCE CORPORATION

Sunshine Act Meeting

TIME AND DATE: Pursuant to the provisions of the “Government in the Sunshine Act” (5 U.S.C. 552b), notice is hereby given that at 10:41 a.m. on Tuesday, July 16, 2019, the Board of Directors of the Federal Deposit Insurance Corporation met in closed session to consider matters related to the Corporation’s supervision, corporate, and resolution activities.

PLACE: The meeting was held in the Board Room located on the sixth floor of the FDIC Building located at 550 17th Street, NW, Washington, DC.

STATUS: The meeting was closed to the public.

MATTERS CONSIDERED: In calling the meeting, the Board determined, on motion of Director Martin J. Gruenberg, seconded by Director Kathleen L. Kraninger (Director, Consumer Financial Protection Bureau), and concurred in by Joseph M. Otting (Comptroller of the Currency) and Chairman Jelena McWilliams, that Corporation business required its consideration of the matters which were to be the subject of this meeting on less than seven days’ notice to the public; that no earlier notice of the meeting was practicable; that the public interest did not require consideration of the matters in a meeting open to public observation; and that the matters could be considered in a closed meeting by authority of subsections (c)(4), (c)(6), (c)(8), (c)(9)(A)(ii), and (c)(9)(B) of the “Government in the Sunshine Act” (5 U.S.C. 552b(c)(4), (c)(6), (c)(8), (c)(9)(A)(ii), and (c)(9)(B)).

CONTACT PERSON FOR MORE INFORMATION: Requests for further information concerning the meeting may be directed to Robert E. Feldman, Executive Secretary of the Corporation, at 202–898–7043.

Dated at Washington, DC, on July 16, 2019.
