

activities, please contact Braden Goetz, 202-245-7405.

SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Native Hawaiian Career and Technical Education Grant Application (NHCTEP) (1894-0001).

OMB Control Number: 1830-0564.

Type of Review: An extension of an existing information collection.

Respondents/Affected Public: Private Sector.

Total Estimated Number of Annual Responses: 10.

Total Estimated Number of Annual Burden Hours: 1,133.

Abstract: This collection solicits applications for grants made under the Native Hawaiian Career and Technical Education Program, establishes the selection criteria used to assess the quality of applications, requires grantees to support an independent evaluation of their projects, and, for any applicant that is not proposing to provide career and technical education directly to Native Hawaiian students, requires a written agreement between the applicant and the educational entity that will provide career and technical education directly to students.

Dated: July 23, 2019.

Kate Mullan,

PRA Coordinator, Information Collection Clearance Program, Information Management Branch, Office of the Chief Information Officer.

Title of Collection: Higher Education Act (HEA) Title II Report Cards on State Teacher Credentialing and Preparation.

OMB Control Number: 1840-0744.

Type of Review: A revision of an existing information collection.

Respondents/Affected Public: State, Local, and Tribal Governments; Private Sector.

Total Estimated Number of Annual Responses: 1,794.

Total Estimated Number of Annual Burden Hours: 267,588.

Abstract: This request is to approve a revision of the state report card and re-approval institution and program report cards required by the Higher Education Act of 1965, as amended in 2008 by the Higher Education Opportunity Act (HEOA). States must report annually on criteria and assessments required for initial teacher credentials using a State Report Card (SRC), and institutions of higher education (IHEs) with teacher preparation programs (TPP), and TPPs outside of IHEs, must report on key program elements on an Institution and Program Report Card (IPRC). IHEs and TPPs outside of IHEs report annually to their states on program elements, including program numbers, type, enrollment figures, demographics, completion rates, goals and assurances

to the state. States, in turn, must report on TPP elements to the Secretary of Education in addition to information on assessment pass rates, state standards, initial credential types and requirements, numbers of credentials issued, TPP classification as at-risk or low-performing. The information from states, institutions, and programs is published annually in The Secretary's Report to Congress on Teacher Quality.

Dated: July 23, 2019.

Title of Collection: High School and Beyond 2020 (HS&B:20) Base-Year Full-Scale Study Recruitment and Field Test Update.

OMB Control Number: 1850-0944.

Type of Review: A revision of an existing information collection.

Respondents/Affected Public: Individuals or Households.

Total Estimated Number of Annual Responses: 53,503.

Total Estimated Number of Annual Burden Hours: 35,635.

Abstract: The High School and Beyond 2020 study (HS&B:20) will be the sixth in a series of longitudinal studies at the high school level conducted by the National Center for Education Statistics (NCES), within the Institute of Education Sciences (IES) of the U.S. Department of Education.

HS&B:20 will follow a nationally representative sample of ninth grade students from the start of high school in the fall of 2020 to the spring of 2024 when most will be in twelfth grade. A field test will be conducted one year prior to the full-scale study. The study sample will be freshened in 2024 to create a nationally representative sample of twelfth-grader students. A high school transcript collection and additional follow-up data collections beyond high school are also planned. The NCES secondary longitudinal studies examine issues such as students' readiness for high school; the risk factors associated with dropping out of high school; high school completion; the transition into postsecondary education and access/choice of institution; the shift from school to work; and the pipeline into science, technology, engineering, and mathematics (STEM). They inform education policy by tracking long-term trends and elucidating relationships among student, family, and school characteristics and experiences. HS&B:20 will follow the Middle Grades Longitudinal Study of 2017/18 (MGLS:2017) which followed the Early Childhood Longitudinal Study, Kindergarten Class of 2010-11 (ECLS-K:2011), thereby allowing for the study of all transitions from elementary school through high school and into higher education and/or the workforce. HS&B:20 will include surveys of students, parents, students' math teachers, counselors, and administrators, plus a student assessment in mathematics and reading and a brief hearing and vision test. The HS&B:20 Base-Year Full-Scale study (BYFS) will begin in the fall of 2020. The request to conduct the HS&B:20 Base-Year Field Test (BYFT) and the BYFS sampling and state, school district, school, and parent recruitment activities, both scheduled to begin in the fall of 2019, was approved in June 2019 (OMB# 1850-0944 v.1-2). These activities include collecting student rosters and selecting the BYFS sample. This request is to: (1) Add instruction to the BYFT student roster template; (2) add response options to BYFT school administrator questionnaire; (3) revise existing and add new BYFT recruitment materials; and (4) finalize the BYFS student session length. Approval for the base-year full scale study data collection will be requested in a separate submission in early 2020.
