SUPPLEMENTARY INFORMATION:

Authority: 44 U.S.C. 3501-21.

Title: Reimbursement of Adoption Expenses for Certain Veterans (VA Form 10-10152).

OMB Control Number: 2900-0860.

Type of Review: Extension and revision of a currently approved collection.

Abstract: Section 260 of the Continuing Appropriations and Military

Construction, Veterans Affairs, and Related Agencies Appropriations Act, 2017, and Zika Response and Preparedness Act (Pub. L. 114-223) states that VA may use appropriated funds available to VA for the Medical Services account to provide, among other things, reimbursement of adoption expenses to a covered Veteran.

"Covered Veteran" means a Veteran who has a service-connected disability that results in the inability of the Veteran to procreate without the use of fertility treatment. The term "adoption reimbursement" is defined at Public Law 114-223 section 260(a)(4) to mean reimbursement for the adoption-related expenses for an adoption that is finalized after the date of the enactment of the Act under the same terms as apply under the adoption reimbursement program of the Department of Defense, as authorized in Department of Defense Instruction 1341.09, including the reimbursement limits and requirements set forth in such instruction.

This law was enacted on September 29, 2016, and funding for the program is authorized through September 30, 2018. VA's authority to provide reimbursement of qualifying adoption expenses to the same cohort described in Public Law 114-223 section 260 was subsequently renewed and extended in nearly identical form in section 236 of Division J, Military Construction, Veterans Affairs, and Related Agencies Appropriations Act, 2018, Public Law 115-141 (March 23, 2018) (the "2018 Act"). Under this most recent authority, VA's adoption expense reimbursement program remains subject to the funding period covered by the 2018 Act and the availability of appropriations.

To implement this benefit, VA has developed VA Form 10-10152, paralleling DD 2675, which requires any Veteran requesting reimbursement of qualifying adoption expenses to submit the same types of evidence as required under the DoD policy, as mandated by Public Law 114-223 section 260. VA Form 10-10152 was previously approved by OMB through the PRA clearance process, and VA now seeks an extension of that approval of this information collection.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The **Federal Register** Notice with a 60-day comment period soliciting comments on this collection of information was published at 84 FR 24201 on May 24, 2019, pages 24201 and 24202.

Affected Public: Individuals or Households.

Estimated Annual Burden: 480 hours.

Estimated Average Burden per

Respondent: 6 hours.

Frequency of Response: One time.

Estimated Number of Respondents: 80.

By direction of the Secretary.

Danny S. Green,

Title: State Home Programs for Veterans (VA Forms 10–5588, 10–5588A, and 10–10SH).

OMB Control Number: 2900–0160.

Type of Review: Reinstatement with change of a previously approved collection.

Abstract: Congress passed Public Law 115–159, the State Veterans Home Adult Day Health Care Improvement Act of 2017, requiring VA to pay State homes for medical model adult day health care to certain eligible Veterans, and Title 38, CFR part 52, which provides for the payment of per diem to State homes that provide adult day health care to eligible Veterans. It also continues to provide for the payment of per diem to State homes that provide care to eligible Veterans in accordance with Title 38, CFR part 51. The intended effect of these provisions is to provide a safeguard that Veterans are receiving high quality care in State homes.

This information collection is necessary to ensure that VA per diem payments are limited to facilities providing high quality care. To verify this level of care, VA requires those facilities providing nursing home care, domiciliary, and adult day health care programs to Veterans to supply various kinds of information. The information required includes an application/eligibility for admission and justification for payment; records and reports which facility management must maintain regarding activities of payment for eligible residents or participants; and the records and reports that facilities management and health care professionals must maintain regarding the level of care approved for residents or participants.

This OMB Control Number previously included six additional forms, VA Forms 10–0460, 10–0143, 10–0143A, 10–0144, 10–0144A, and 10–3567, which have now been separated out into another information collection (to be approved under a separate OMB Control Number).
