

| Form name | Number of respondents | Number of responses per respondent | Total responses | Average burden per response (in hours) | Total burden hours |
|---|-----------------------|------------------------------------|-----------------|--|--------------------|
| Home Visiting Budget Assistance Tool (HV-BAT) | 19 | 13 | 247 | 11 | 2,717 |
| Total | 19 | | 247 | | 2,717 |

Note: The burden estimate assumes that 1/3 of all MIECHV awardees will respond in each year. On average awardees have 13 LIAs (based on 2018 MIECHV program data) that will complete the HV-BAT, and on average it took LIAs 11 hours to complete the HV-BAT in the pilot study (OMB Control No. 0906-0025) of the tool.

HRSA specifically requests comments on (1) the necessity and utility of the proposed information collection for the proper performance of the agency's functions, (2) the accuracy of the estimated burden, (3) ways to enhance the quality, utility, and clarity of the information to be collected, and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

Overview of This Information Collection

Title: Administrative rulings.

OMB Number: 1651-0085.

Abstract: The collection of information in 19 CFR part 177 is necessary in order to enable Customs and Border Protection (CBP) to respond to requests by importers and other interested persons for the issuance of administrative rulings. These rulings pertain to the interpretation of applicable laws related to prospective and current transactions involving classification, marking, and country of origin. The collection of information in Part 177 of the CBP Regulations is also necessary to enable CBP to make proper decisions regarding the issuance of binding rulings that modify or revoke prior CBP binding rulings. This collection of information is authorized by 19 U.S.C. 66, 1202, (General Note 3(i), Harmonized Tariff Schedule of the United States). The application to obtain an administrative ruling is accessible at: <https://apps.cbp.gov/erulings>.

Action: CBP proposes to extend the expiration date of this information collection with no increase or decrease in the overall estimated burden hours. However there was a reduction in the Appeals respondent group and an increase in the Administrative Rulings respondent group due to updated agency estimates, in addition there was a decrease in the estimated time per response for the Appeals respondent group. There is no change to the information being collected.

Type of Review: Extension (without change).

Affected Public: Businesses.
