AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or the Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

The Commission may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid Office of Management and Budget (OMB) control number.

DATES: Written PRA comments should be submitted on or before September 6, 2019.

ADDRESSES: Direct all PRA comments to Nicholas A. Fraser, OMB, via email Nicholas_A_Fraser@omb.eop.gov; and to Nicole Ongele, FCC, via email PRA@fcc.gov and to Nicole.ongele@fcc.gov. Include in the comments the Title as shown in the "Supplementary Information" section below.

See 47 CFR 0.459.

Needs and Uses: The Commission's rules and related requirements are designed to ensure that the competitive bidding process for assigning toll free numbers is limited to qualified applicants, deter possible abuse of the bidding process, and enhance the use of competitive bidding to assign toll free numbers in furtherance of the public interest. Applicants will use FCC Form 833 to submit the required disclosures and certifications, and the information collected on FCC Form 833 will then be reviewed to determine if an applicant is qualified to bid in the 833 code toll free number auction (833 Auction). The 833 Auction will not be able to occur without the collection of information on FCC Form 833. Without the information collected on FCC Form 833, a determination of whether the applicant is qualified to bid in the 833 Auction cannot be made.

Nature and Extent of Confidentiality: The Commission is not requesting that respondents for this information collection (LOA and Secondary Market) submit confidential information to the FCC. For individuals, the Privacy Act, 5 U.S.C. 552a, is the statutory authority for confidentiality and it applies to this information collection. Respondents may, however, request confidential treatment for information they believe to be confidential under 47 CFR 0.459 of the Commission's rules.
Needs and Uses: On September 27, 2018, the Commission released a *Report and Order* in WC Docket No. 17-192, FCC 18-137 (*Report and Order*). In the *Report and Order*, the Commission established competitive bidding as a toll

free number assignment method, and called for an auction for select numbers in the toll free code 833 as an experiment to test this method. To verify the relationship between the responsible organization (RespOrg) and the potential subscriber, a Letter of Authorization (LOA) is required during the bidding process. Additionally, a key component to the effectiveness of the auction is the adoption of a post-auction secondary market (Secondary Market) for the sale of the rights to use 833 code toll free numbers. Collecting data on Secondary Market transactions will allow the Commission to evaluate the entire experimental auction process and determine the potential use of competitive bidding in future toll free number assignments.
