

Job Corps is the nation's largest residential, educational, and career technical training program for young Americans. The Economic Opportunity Act established Job Corps in 1964 and it currently operates under the authority of the Workforce Innovation and Opportunity Act (WIOA) of 2014. For over 55 years, Job Corps has helped prepare more than 3 million at-risk young people between the ages of 16 and 24 for success in our nation's workforce. With 123 centers in 50 states, Puerto Rico, and the District of Columbia, Job Corps assists students across the nation in attaining academic credentials, including High School Diplomas (HSD) and/or High School Equivalency (HSE), and career technical training credentials, including industry-recognized certifications, state licensures, and pre-apprenticeship credentials. Job Corps also provides placement services to qualified students after separation.

Job Corps is a national program administered by DOL through the Office of Job Corps and six regional offices. DOL awards and administers contracts for the recruiting and screening of new students, center operations, and the placement and transitional support of graduates and former enrollees. Large and small corporations and nonprofit organizations manage and operate 98 Job Corps centers under contractual agreements with DOL. These contract center operators are selected through a competitive procurement process that evaluates potential operators' technical expertise, proposed costs, past performance, and other factors, in accordance with the Competition in Contracting Act and the Federal Acquisition Regulations. The U.S. Department of Agriculture Forest Service (USDA FS) operates the remaining 25 Job Corps centers; called Civilian Conservation Centers, via an interagency agreement with DOL. DOL has a direct role in the operation of Job Corps, and does not serve as a pass-through agency for this program. The Workforce Innovation Opportunity Act (WIOA), Section 116(b)(2)(A)(i), Section 159(c)(4) and Section 156(a) authorizes this information collection.

This information collection is subject to the PRA. SUPPLEMENTARY INFORMATION: This ICR seeks to extend PRA authority for the Benefits Rights and Experience Report information collection. The data in the ETA 218, Benefit Rights and Experience Report, includes numbers of individuals who were and were not monetarily eligible, those eligible for the maximum benefits, those eligible based on classification by potential duration categories, and those exhausting their full entitlement as classified by actual duration categories. This data is collected as part of the initial claim process. It is transmitted electronically to the National Office on a quarterly basis.
