Abstract of Proposed Collection

The DS-11 solicits data necessary for Passport Services to issue a United States passport (book and/or card format) pursuant to authorities granted to the Secretary of State by 22 U.S.C. 211a *et seq.*, and Executive Order (E.O.) 11295 (August 5, 1966) for the issuance of passports to U.S. nationals.

The issuance of U.S. passports requires the determination of identity, nationality, and entitlement with reference to the provisions of Title III of

the Immigration and Nationality Act (INA) (8 U.S.C. 1401–1504), the 14th Amendment to the Constitution of the United States, other applicable treaties and laws, and implementing regulations at 22 CFR parts 50 and 51. Methodology

The information collected on the DS–11 is used to facilitate the issuance of passports to U.S. citizens and nationals. The primary purpose of soliciting the information is to establish citizenship, identity, and entitlement to the issuance of a U.S. passport, and to properly administer and enforce the laws pertaining to the issuance thereof.

Passport Services collects information from U.S. citizens and non-citizen nationals when they complete and submit the Application for a U.S. Passport. Passport applicants can either download the DS–11 from the internet or obtain one from an Acceptance Facility/Passport Agency. The form must be completed and executed at an acceptance facility or passport agency, and submitted with evidence of citizenship and identity.

SURFACE TRANSPORTATION BOARD

[Docket No. 36335]

Progressive Rail Incorporated— Continuance in Control Exemption— Chicago St. Paul & Pacific Railroad LLC

Progressive Rail Incorporated (PGR), a Class III rail carrier, has filed a verified notice of exemption under 49 CFR 1180.2(d)(2) to continue in control of Chicago St. Paul & Pacific Railroad LLC (CSP), a noncarrier subsidiary of PGR, upon CSP's becoming a Class III rail carrier.

CSP has concurrently filed a verified notice of exemption in *Chicago St. Paul & Pacific Railroad—Change in Operators Exemption—Chicago Terminal Railroad*, Docket No. FD 36327. In that docket, CSP seeks to acquire a leasehold and operating interest in a 3.47-mile line of railroad (the Line) near Bensenville, Ill., owned by Soo Line Railroad Company and currently operated by Chicago Terminal Railroad. PGR notes that CSP is a new

entity established by PGR to operate the Line.

The earliest this transaction may be consummated is August 31, 2019, the effective date of the exemption (30 days after the verified notice was filed). PGR states that it intends to consummate the transaction concurrently with CSP's commencement of operations, pursuant to Docket No. FD 36327, on or about September 1, 2019.

PGR will continue in control of CSP upon CSP's becoming a Class III rail carrier, while remaining in control of nine other Class III carriers: Airlake Terminal Railway Company, LLC; Central Midland Railway Company; Iowa Traction Railway Company; Iowa Southern Railway Company; Piedmont & Northern Railroad, LLC; Chicago Junction Railway Company; St. Paul & Pacific Railroad Company, LLC; Clackamas Valley Railway Company, LLC; and St. Paul & Pacific Northwest Railroad Company, LLC.

PGR verifies that: (1) The Line does not connect with the lines of PGR or the lines of any of the other nine Class III rail carriers controlled by PGR; (2) this continuance in control transaction is not part of a series of anticipated transactions that would result in such a connection; and (3) the transaction does not involve a Class I rail carrier. Therefore, the transaction is exempt from the prior approval requirements of 49 U.S.C. 11323. See 49 CFR 1180.2(d)(2).

Under 49 U.S.C. 10502(g), the Board may not use its exemption authority to relieve a rail carrier of its statutory obligation to protect the interests of its employees. Section 11326(c), however, does not provide for labor protection for transactions under sections 11324 and 11325 that involve only Class III rail carriers. Accordingly, the Board may not impose labor protective conditions here because all the carriers involved are Class III carriers.

If the notice contains false or misleading information, the exemption is void ab initio. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the effectiveness of the exemption. Petitions for stay must be filed no later than August 23, 2019 (at least seven days before the exemption becomes effective).

All pleadings, referring to Docket No. FD 36335, must be filed with the Surface Transportation Board either via e-filing or in writing addressed to 395 E Street SW, Washington, DC 20423. In addition, a copy of each pleading must be served on PGR's representative, Bradon J. Smith, Fletcher & Sippel LLC,

29 North Wacker Drive, Suite 800, Chicago, IL 60606.

According to PGR, this action is excluded from environmental review under 49 CFR 1105.6(c) and from historic preservation reporting requirements under 49 CFR 1105.8(b)(1).

Board decisions and notices are available at www.stb.gov.

Decided: August 13, 2019.

By the Board, Scott M. Zimmerman, Acting Director, Office of Proceedings.

Jeffrey Herzig,
Clearance Clerk.

SURFACE TRANSPORTATION BOARD

[Docket No. FD 36327]

Chicago St. Paul & Pacific Railroad LLC—Change in Operators Exemption—Chicago Terminal Railroad

Chicago St. Paul & Pacific Railroad LLC (CSP) has filed a verified notice of exemption under 49 CFR 1150.31 to assume operations over approximately 3.47 miles of track (the Line) owned by Soo Line Railroad Company (Soo Line) and currently operated by Chicago Terminal Railroad (CTM) in Bensenville, Ill. The verified notice states that CSP will operate and provide all rail common carrier service to shippers on the Line pursuant to a lease agreement between its parent, Progressive Rail Incorporated (PGR), and Soo Line. According to CSP, it will replace CTM as the Line's operator, and, upon consummation of the transaction, CTM will cease to serve as a common carrier on the Line. CSP states that it understands, based on information from Soo Line, that CTM does not object to the proposed change in operators.

This transaction is related to a concurrently filed verified notice of exemption in *Progressive Rail Incorporated—Continuance in Control Exemption—Chicago St. Paul & Pacific Railroad*, Docket No. FD 36335, in which PGR seeks to continue in control of CSP upon CSP's becoming a Class III rail carrier.

CSP states that its proposed lease and operation of the Line does not involve any provision or agreement that would limit future interchange with a third-party connecting carrier and certifies that its projected revenues as a result of this proposed transaction will not result in the creation of a Class II or Class I rail carrier. On July 1, 2019, PGR filed the certification of notice to employees
