

in-interest to TCK.⁴ In the *Initiation and Preliminary Results*, we provided all interested parties an opportunity to comment and to request a public hearing regarding our preliminary finding that TAK is the successor-in-interest to TCK.⁵ We received no comments or requests for a public hearing from interested parties within the time period set forth in the *Initiation and Preliminary Results*.⁶

Scope of the AD Order

The merchandise subject to this order is synthetic staple fibers, not carded or combed, specifically bi-component polyester fibers having a polyester fiber component that melts at a lower temperature than the other polyester fiber component (low melt PSF). The scope includes bi-component polyester staple fibers of any denier or cut length. The subject merchandise may be coated, usually with a finish or dye, or not coated.

Low melt PSF is classifiable under the Harmonized Tariff Schedule of the United States (HTSUS) subheading 5503.20.0015. Although the HTSUS subheading is provided for convenience and customs purposes, the written description of the scope of the order is dispositive.

Final Results of Changed Circumstances Review

For the reasons stated in the *Initiation and Preliminary Results*, and because we received no comments from interested parties to the contrary, Commerce continues to find that TAK is the successor-in-interest to TCK. As a result of this determination and consistent with established practice, we find that TAK should receive the cash deposit rate assigned to TCK. Consequently, Commerce will instruct U.S. Customs and Border Protection to suspend entries of subject merchandise produced or exported by TAK at TCK's current cash deposit rate of 16.27 percent.⁷ This cash deposit requirement will be effective on the publication date of our final results and shall remain in effect until further notice.

Notification to Interested Parties

We are issuing this determination and publishing these final results and notice in accordance with sections 751(b)(1)

and 777(i)(1) and (2) of the Act and 19 CFR 351.216(e), 351.221(b), and 351.221(c)(3).

Dated: August 22, 2019.
