

SUMMARY: Notice is hereby given, pursuant to the provisions of the rules and regulations of the U.S. Commission on Civil Rights (Commission) and the Federal Advisory Committee Act (FACA) that a meeting of the California Advisory Committee (Committee) to the Commission will be held at 11:00 a.m. (Pacific Time) Thursday, October 10, 2019. The purpose of the meeting is for the Committee to continue planning briefing on the immigration enforcement impacting California children.

DATES: The meeting will be held on Thursday, October 10, 2019 at 11:00 a.m. PT.

Public Call Information: Dial: 800–353–6461, Conference ID: 9209019.

FOR FURTHER INFORMATION CONTACT: Ana Victoria Fortes at afortes@usccr.gov or (213) 894–3437.

SUPPLEMENTARY INFORMATION: This meeting is available to the public through the following toll-free call-in number: 800–353–6461 conference ID number: 9209019. Any interested member of the public may call this number and listen to the meeting. Callers can expect to incur charges for calls they initiate over wireless lines, and the Commission will not refund any incurred charges. Callers will incur no charge for calls they initiate over land-line connections to the toll-free telephone number. Persons with hearing impairments may also follow the proceedings by first calling the Federal Relay Service at 1–800–877–8339 and providing the Service with the conference call number and conference ID number.

Members of the public are entitled to make comments during the open period at the end of the meeting. Members of the public may also submit written comments; the comments must be received in the Regional Programs Unit within 30 days following the meeting. Written comments may be mailed to the Western Regional Office, U.S. Commission on Civil Rights, 300 North Los Angeles Street, Suite 2010, Los Angeles, CA 90012. They may be faxed to the Commission at (213) 894–0508, or emailed Ana Victoria Fortes at afortes@usccr.gov. Persons who desire additional information may contact the Regional Programs Unit at (213) 894–3437.

Records and documents discussed during the meeting will be available for public viewing prior to and after the meeting at https://www.facadatabase.gov/FACA/FACA_PublicViewCommitteeDetails?id=a10t0000001gzkUAAQ.

Please click on “Committee Meetings” tab. Records generated from this

meeting may also be inspected and reproduced at the Regional Programs Unit, as they become available, both before and after the meeting. Persons interested in the work of this Committee are directed to the Commission’s website, <https://www.usccr.gov>, or may contact the Regional Programs Unit at the above email or street address.

Agenda

- I. Welcome
- II. Planning Discussion

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[B–53–2019]

Foreign-Trade Zone (FTZ) 26—Atlanta, Georgia; Notification of Proposed Production Activity; Patterson Pump Company (Specialty Pumps), Toccoa, Georgia

Patterson Pump Company (Patterson) submitted a notification of proposed production activity to the FTZ Board for its facility in Toccoa, Georgia. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on August 29, 2019.

The applicant has submitted a separate application for FTZ designation at the company’s facility under FTZ 26. The facility is used for the production of specialty pumps for the fire, municipal, industrial, flood-control, plumbing, and HVAC markets. Pursuant to 15 CFR 400.14(b), FTZ activity would be limited to the specific foreign-status materials and components and specific finished products described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt Patterson from customs duty payments on the foreign-status components used in export production. On its domestic sales, for the foreign-status materials/components noted below, Patterson would be able to choose the duty rates during customs entry procedures that apply to fire

pumps; HVAC pumps; custom pumps; liquid elevators; cast stainless steel pump components; cast bronze pump components; valve parts including gaskets, O-rings, springs, and fittings; pump control cabinets less than and greater than 1,000 volts with motor controls; pump control cabinets less than and greater than 1,000 volts with programmable logic controls; pump control cabinets less than and greater than 1,000 volts; control cabinet parts including fuses and relays; stainless steel pump parts including impellers; ductile iron pump cases; cast iron pump cases; stainless steel impellers; cast iron pump cases; steel shaft couplings; brass pump castings; complete pump systems with motors; and, custom metal fabrications including stainless steel gas turbine parts and frames (duty rate ranges from duty-free to 6.6%). Patterson would be able to avoid duty on foreign-status components which become scrap/waste. Customs duties also could possibly be deferred or reduced on foreign-status production equipment.

The components and materials sourced from abroad include: Bronze and brass castings; steel castings; steel pump shims; stainless steel pump shims; centrifugal water pumps; cast stainless steel pump casings and impellers; cast brass/bronze pump casings and impellers; bronze pressure reducing valves; ductile iron pressure reducing valves; cast iron pressure reducing valves; brass check valves; iron and steel check valves; ductile iron pressure relief valves; brass hose valves; bronze air relief valves; stainless steel air relief valves; valve parts including gaskets, O-rings, springs, and threaded connectors; pump control cabinets less than and greater than 1,000 volts with motor controls; pump control cabinets less than and greater than 1,000 volts with programmable logic controls; pump control cabinets less than and greater than 1,000 volts; control cabinet parts including fuses and relays; stainless steel pump shafts, sleeves, rings and impellers; liquid elevating pumps; ductile iron pump cases; cast iron pump cases; cast iron suction diffusers; stainless steel impellers; carbide steel mechanical seals for pumps; cast iron valves; cast iron pump cases; steel shaft couplings; brass pump castings; cast iron pump cases; ductile iron pump cases; centrifugal water pumps with motors; and, stainless steel gas turbine frames, rings and, clamps (duty rate ranges from duty-free to 6.6%). The request indicates that certain materials/components are subject to special duties under Section 232 of the

Trade Expansion Act of 1962 (Section 232) and Section 301 of the Trade Act of 1974 (Section 301), depending on the country of origin. The applicable Section 232 and Section 301 decisions require subject merchandise to be admitted to FTZs in privileged foreign status (19 CFR 146.41).

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary and sent to: ftz@trade.gov. The closing period for their receipt is October 21, 2019.

A copy of the notification will be available for public inspection in the "Reading Room" section of the Board's website, which is accessible via www.trade.gov/ftz.

For further information, contact Christopher Wedderburn at Chris.Wedderburn@trade.gov or (202) 482-1963.

Dated: September 3, 2019.

Andrew McGilvray,
Executive Secretary.

Certain Fabricated Structural Steel From Canada: Preliminary Negative Determination of Sales at Less Than Fair Value and Postponement of Final Determination

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) preliminarily determines that certain fabricated structural steel (fabricated structural steel) from Canada is not being, or is not likely to be, sold in the United States at less than fair value (LTFV). The period of investigation (POI) is January 1, 2018 through December 31, 2018. Interested parties are invited to comment on this preliminary determination.

DATES: Applicable September 10, 2019.

FOR FURTHER INFORMATION CONTACT: David Goldberger or Ajay Menon, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-4136 or (202) 482-1993, respectively.

SUPPLEMENTARY INFORMATION:

Background

This preliminary determination is made in accordance with section 733(b) of the Tariff Act of 1930, as amended (the Act). Commerce published the notice of initiation of this investigation on March 4, 2019.¹ On July 1, 2019, Commerce postponed the preliminary determination of this investigation and the revised deadline is now September 3, 2019.² For a complete description of the events that followed the initiation of this investigation, see the Preliminary Decision Memorandum.³ A list of topics included in the Preliminary Decision Memorandum is included as Appendix II to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>, and to all parties in the Central Records Unit, room B8024 of the main Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/>. The signed and the electronic versions of the Preliminary Decision Memorandum are identical in content.

Scope of the Investigation

The product covered by this investigation is fabricated structural steel from Canada. For a complete description of the scope of this investigation, see Appendix I.

Scope Comments

In accordance with the preamble to Commerce's regulations,⁴ the *Initiation Notice* set aside a period of time for parties to raise issues regarding product coverage (*i.e.*, scope).⁵ Certain interested parties commented on the scope of the investigation as it appeared in the *Initiation Notice*. For a summary of the product coverage comments and rebuttal responses submitted on the

¹ See *Certain Fabricated Structural Steel from Canada, Mexico, and the People's Republic of China: Initiation of Less-Than-Fair-Value Investigations*, 84 FR 7330 (March 4, 2019) (*Initiation Notice*).

² See *Certain Fabricated Structural Steel from Canada, Mexico, and the People's Republic of China: Postponement of Preliminary Determinations of Antidumping Duty Investigations*, 84 FR 31301 (July 1, 2019).

³ See Memorandum, "Decision Memorandum for the Preliminary Determination in the Less-Than-Fair-Value Investigation of Certain Fabricated Structural Steel from Canada" dated concurrently with, and hereby adopted by, this notice (Preliminary Decision Memorandum).

⁴ See *Antidumping Duties; Countervailing Duties, Final Rule*, 62 FR 27296, 27323 (May 19, 1997).

⁵ See *Initiation Notice*, 83 FR at 7331.

record for this preliminary determination, and accompanying discussion and analysis of all comments timely received, see the Preliminary Scope Decision Memoranda.⁶ Commerce is preliminarily modifying the scope language as it appeared in the *Initiation Notice*. See the revised scope in Appendix I to this notice.

Methodology

Commerce is conducting this investigation in accordance with section 731 of the Act. Commerce has calculated export prices in accordance with section 772(a) of the Act. Commerce calculated constructed export prices have been calculated in accordance with section 772(b) of the Act. Normal value is calculated in accordance with section 773 of the Act. For a full description of the methodology underlying the preliminary determination, see the Preliminary Decision Memorandum.

Preliminary Determination

For this preliminary determination, Commerce calculated a zero or *de minimis* estimated weighted-average dumping margin for each individually examined producer and/or exporter of the subject merchandise. Consistent with section 733(b)(3) of the Act, Commerce disregards *de minimis* rates and preliminarily determines that these individually examined respondents with *de minimis* rates have not made sales of subject merchandise at LTFV.

Exporter/producer	Estimated weighted-average dumping margin (percent)
Les Constructions Beauce-Atlas, Inc. ⁷	0.69 (<i>de minimis</i>).
Canatal Industries, Inc.	0.00.

Consistent with section 733(d) of the Act, Commerce has not calculated an estimated weighted-average dumping margin for all other producers and exporters because it has not made an

⁶ See Memorandum, "Fabricated Structural Steel from Canada, Mexico, and the People's Republic of China: Preliminary Scope Decision Memorandum," dated July 5, 2019; see also Memorandum, "Fabricated Structural Steel from Canada, Mexico, and the People's Republic of China: Second Preliminary Scope Memorandum," dated concurrently with this notice (collectively, Preliminary Scope Decision Memoranda).

⁷ Commerce preliminarily determined that Beauce-Atlas, Fabrication Beauce-Atlas, and Structure Beauce-Atlas are a single entity. See Memorandum, "Antidumping Duty Investigation of Fabricated Structural Steel from Canada: Les Constructions Beauce-Atlas Preliminary Affiliation and Collapsing Memorandum," dated August 9, 2019.
