

introducing HPAI and Newcastle disease into the United States via imports of species or products susceptible to these diseases. Our determination supports adding Romania to the Web-based list of regions in which Newcastle disease is not considered to exist and removing Romania from the Web-based list of regions in which HPAI is considered to exist.

APHIS also concludes that Romania meets the requirements to form part of the EU Poultry Trade Region (EUPTR), an APHIS-recognized region of the EU that meets APHIS requirements for being considered free of HPAI and Newcastle disease, and for which the importation of live birds and poultry and poultry meat and products is harmonized.

Therefore, in accordance with § 92.2(e), we are announcing the availability of our risk evaluation of the HPAI and Newcastle disease status of Romania for public review and comment.

In April 2012, APHIS prepared an environmental assessment (EA) analyzing the potential effects on the human environment from listing the 25 Member States that constituted the EU in 2006 as a region free of HPAI and Newcastle disease (collectively referred to as EUPTR). The EA has been prepared in accordance with: (1) The National Environmental Policy Act of 1969 (NEPA), as amended (42 U.S.C. 4321 *et seq.*), (2) regulations of the Council on Environmental Quality for implementing the procedural provision of NEPA (40 CFR parts 1500–1508), (3) USDA regulations implementing NEPA (7 CFR part 1b), and (4) APHIS' NEPA Implementing Procedures (7 CFR part 372).

The evaluation and EA may be viewed on the *Regulations.gov* website or in our reading room. (Instructions for accessing *Regulations.gov* and information on the location and hours of the reading room are provided under the heading **ADDRESSES** at the beginning of this notice.) The documents are also available by contacting the person listed under **FOR FURTHER INFORMATION CONTACT**.

Information submitted in support of Romania's request is available by contacting the person listed under **FOR FURTHER INFORMATION CONTACT**.

After reviewing any comments we receive, we will announce our decision regarding the disease status of Romania with respect to HPAI and Newcastle disease in a subsequent notice.

Forest Service

Proposed New Fee Sites: The Lolo National Forest

AGENCY: Forest Service, USDA.

ACTION: Notice of proposed new fee sites; comment request.

SUMMARY: The Lolo National Forest is proposing to charge new fees at four day-use sites, three recreation rental facilities and seven campgrounds across the Forest as described in the supplementary section of this notice.

All sites have had recent upgrades and new or improved amenities added to improve the services and recreation experiences. The Driveway Peak lookout is being moved from its current location on Priscilla Peak to a more accessible location on Driveway Peak. Fees are assessed based on the level of amenities and services provided, cost of operation and maintenance, market assessment, and public comment. Funds from these fees will be used for continued operation, maintenance and capital improvements to these recreation sites. These new fees would align the sites with other sites offering similar amenities and services. These fees are only proposed and will be determined upon further analysis and public comment.

DATES: Send any comments about these fee proposals by October 16, 2019, comments will be compiled, analyzed, and shared with the Recreation Resource Advisory Council(s). The proposed fees will become available pending a recommendation from the Resource Advisory Committee. If approved by the Regional Forester, the Forest Service will implement the new fee changes in 2020.

ADDRESSES: Written comments concerning this notice should be addressed to the Supervisor's Office: Lolo National Forest, Attn: Recreation Fee Proposals, 24 Fort Missoula Road, Missoula, MT 59804.

FOR FURTHER INFORMATION CONTACT: Kate Jerman, Public Affairs Officer, 406–329–1024 or by email at r1recfee@fs.fed.us. Information about proposed fee changes can also be found on the Lolo National Forest Fee proposal website at www.fs.usda.gov/goto/r1recfee.

SUPPLEMENTARY INFORMATION: The Federal Recreation Lands Enhancement Act (Title VII, Pub. L. 108–447) directed the Secretary of Agriculture to publish a six month advance notice in the **Federal Register** whenever new recreation fee areas are established.

Once public involvement is complete, these new fees will be reviewed by the Resource Advisory Council(s) prior to a final decision and implementation.

Specifically, the Lolo National Forest is proposing the following new fees:

- Big Hole Lookout; proposed fee of \$45 per night;
- Driveway Peak Lookout; proposed fee of \$55 per night;

- Savenac East Cottage; proposed fee of \$80 per night;
- Seeley Lake and Big Larch Day Use Areas/Boat Launches; proposed fee of \$5 per vehicle, per day; or a \$35 annual pass;
- Pattee Canyon and Seeley Creek Winter trail complexes; proposed fee of \$5 per vehicle, per day; or a \$35 annual pass;
- Big Horn, Big Nelson, Fishtrap Lake, Kreis Pond, Lake Inez, Little Joe and Siria campgrounds; proposed fee of \$10 per night, with an additional \$5 extra vehicle fee per night for more than two vehicles.
- Big Horn, Big Nelson, Fishtrap Lake, Kreis Pond, Lake Inez, Little Joe and Siria campgrounds; proposed fee of \$10 per night, with an additional \$5 extra vehicle fee per night for more than two vehicles.

Fees, paid by users of these sites and services, will help ensure that the Forest can continue maintaining and improving the sites for future generations. A market analysis of surrounding recreation sites with similar amenities indicates that the proposed fees are comparable and reasonable.

Advance reservations for the Big Hole and Driveway Peak Lookouts, and Savenac East Cottage will be available through www.recreation.gov or by calling 1-877-444-6777. The reservation service charges \$8.00 for fee reservations.

Dated: August 14, 2019.

Richard A. Cooksey,

Acting Associate Deputy Chief, National Forest System.

SUPPLEMENTARY INFORMATION

I. Abstract

The U.S. Census Bureau plans to request a general clearance for acquiring State administrative records in order to improve efficiency and accuracy in our data collections, and to improve measures of the population and economy. The records to be acquired are person-level program participating records that will be used to support the decennial census program as well as for research topics that includes eligibility analyses. The Census Bureau has undertaken research projects to integrate and link State administrative records with Census Bureau data from current surveys and censuses.

The Census Bureau uses the State administrative records linked with other survey and census records to conduct further research and improve operations with surveys and censuses, including 2020 Census Operations. The Census Bureau benefits from these projects by improving data quality and estimates, as well as studies of program participation over time. State data providers have benefited through access to tabulated

data and reports to better understand the demographic characteristics of program participants and to administer their programs.

II. Method of Collection

The Census Bureau will contact the State agencies to discuss how the Census Bureau might use of State administrative records. After entering into a data sharing agreement with the Census Bureau, a State agency would transfer the agreed-upon administrative records to the Census Bureau via secure File Transfer Protocol or encrypted CD-ROM or DVD-ROM.

III. Data

OMB Control Number: 0607-0995.

Form Number(s): Information will be collected in the form of a data transfer to the Census Bureau. No form will be used.

Type of Review: Regular submission.

Affected Public: State governments.

Estimated Number of Respondents: 50 states and the District of Columbia.

Estimated Time Per Response: 75 hours.

Estimated Total Annual Burden Hours: 3,825 hours.

Estimated Total Annual Cost to Public: \$80,325 (This is not the cost of respondents' time, but the indirect costs respondents may incur for such things as purchases of specialized software or hardware needed to report, or expenditures for accounting or records maintenance services required specifically by the collection.)

Respondent's Obligation: Voluntary.

Legal Authority: Title 13 U.S.C. Section 6.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection;
