Federal Register

Vol. 84, No. 180

Tuesday, September 17, 2019

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

September 12, 2019.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13. Comments are requested regarding whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by October 17, 2019 will be considered. Written comments should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), New Executive Office Building, 725—17th Street NW, Washington, DC 20502. Commenters are encouraged to submit their comments to OMB via email to: OIRA_Submission@OMB.EOP.GOV or fax (202) 395-5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250-7602. Copies of the submission(s) may be obtained by calling (202) 720-8958.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs

potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Food Safety and Inspection Service

Title: In-Home Food Safety Behaviors and Consumer Education: Web Survey.

OMB Control Number: 0583-New.

Summary of Collection: The U.S.

Department of Agriculture's (USDA) Food Safety and Inspection Service (FSIS) has been delegated the authority to exercise the functions of the Secretary of Agriculture (7 CFR 2.18, 2.53) as specified in the Federal Meat Inspection Act and the Poultry Products Inspection Act (21 U.S.C. 453, *et seq.*, 601 *et seq.*) FSIS protects the public by verifying that meat, poultry, and processed egg products are wholesome; not adulterated; and properly marked, labeled, and packaged. USDA FSIS' Office of Public Affairs and Consumer Education (OPACE) ensures that all segments of the farm-to-table chain receive valuable food safety information. The consumer education programs developed by OPACE's inform the public on how to safely handle, prepare, and store meat, poultry, and processed egg products to minimize incidence or foodborne illness. As part of OPACE's ongoing activities to develop and evaluate its public health education and communication activities, FSIS is requesting approval for a new information collection to conduct web-based surveys of consumers.

Need and Use of the Information: Finding from the web surveys will provide information on how FSIS communication programs and materials affect consumer understanding of recommended safe food handling practices and insight into how to effectively inform consumers of recommended practices.

Description of Respondents: Individuals or households.

Number of Respondents: 9,909.

Frequency of Responses: Reporting: Other (every other year).

Total Burden Hours: 1,956.

Ruth Brown,

Departmental Information Collection
Clearance Officer.

DEPARTMENT OF AGRICULTURE

Animal and Plant Health Inspection Service

[Docket No. APHIS-2008-0142]

Notice of Availability of an Environmental Assessment and Finding of No Significant Impact for the Biological Control of Yellow Starthistle

AGENCY: Animal and Plant Health
Inspection Service, USDA.

ACTION: Notice of availability.

SUMMARY: We are advising the public that we have prepared a final environmental assessment and finding of no significant impact relative to the release of *Ceratopion basicorne* for the biological control of yellow starthistle, *Centaurea solstitialis* (Asteraceae), in the continental United States. Based on our finding of no significant impact, we have determined that an environmental impact statement need not be prepared.

FOR FURTHER INFORMATION CONTACT: Dr. Colin D. Stewart, Assistant Director, Pests, Pathogens, and Biocontrol Permits, Permitting and Compliance Coordination, PPQ, APHIS, 4700 River Road, Unit 133, Riverdale, MD 20737-1231; (301) 851-2327; email: Colin.Stewart@usda.gov.

SUPPLEMENTARY INFORMATION: Yellow starthistle is a highly invasive weed that has become one of California's worst pests since its introduction prior to 1860. Since then, it has been reported in 41 of the 48 contiguous U.S. States, with the heaviest infestations in the States of California, Idaho, Oregon, and Washington. Yellow starthistle infests grassland habitats and displaces desirable plants in both natural and grazing areas. Its flowers have inch-long spines that deter feeding by and cause injury to grazing animals and lower the utility of recreational lands.

On March 10, 2009, we published in the **Federal Register** (74 FR 10224-10225, Docket No. APHIS-2008-0142) a notice¹ in which we announced the availability, for public review and comment, of an environmental assessment (EA) that examined the potential environmental impacts

¹ To view the notice, supporting documents, and the comments we received, go to <http://www.regulations.gov/#!docketDetail;D=APHIS-2008-0142>.

associated with the release of *Ceratapion basicorne* for the biological control of yellow starthistle, *Centaurea solstitialis* (Asteraceae), in the continental United States.

We solicited comments on the EA for 30 days ending April 9, 2009. We received one comment by that date. Our response to the comment is included in the final EA.

In this document, we are advising the public of our finding of no significant impact (FONSI) regarding the release of *C. basicorne* for the biological control of yellow starthistle in the continental United States. The finding, which is based on the EA, reflects our determination that release of *C. basicorne* will not have a significant impact on the quality of the human environment. Concurrent with this announcement, we will issue a permit for the release of *C. basicorne* for the biological control of yellow starthistle.

The EA and FONSI may be viewed on the *Regulations.gov* website (see footnote 1). Copies of the EA and FONSI are also available for public inspection at USDA, Room 1141, South Building, 14th Street and Independence Avenue SW, Washington, DC, between 8 a.m. and 4:30 p.m., Monday through Friday, except holidays. Persons wishing to inspect copies are requested to call ahead on (202) 799-7039 to facilitate entry into the reading room. In addition, copies may be obtained by calling or writing to the individual listed under **FOR FURTHER INFORMATION CONTACT**.

The EA and FONSI have been prepared in accordance with: (1) The National Environmental Policy Act of 1969 (NEPA), as amended (42 U.S.C. 4321 *et seq.*); (2) regulations of the Council on Environmental Quality for implementing the procedural provisions of NEPA (40 CFR parts 1500-1508); (3) USDA regulations implementing NEPA (7 CFR part 1b); and (4) APHIS' NEPA Implementing Procedures (7 CFR part 372).

Done in Washington, DC, this 11th day of September 2019.
Kevin Shea,
Administrator, Animal and Plant Health Inspection Service.

BILLING CODE 3410-34-P

DEPARTMENT OF AGRICULTURE
National Agricultural Library

Notice of Intent To Seek Approval To Collect Information

AGENCY: National Agricultural Library, Agricultural Research Service, USDA.
ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 and the Office of Management and Budget (OMB) regulations, this notice announces the National Agricultural Library's (NAL) intent to request renewal of an information collection to obtain an evaluation of user satisfaction with NAL internet sites.

DATES: Comments on this notice must be received by November 18, 2019 to be assured of consideration.

ADDRESSES: You may submit comments by any of the following methods:

- *Email:* Ricardo.S.Romero@usda.gov.
- *Fax:* 301-504-7042 attention Ricardo Romero.
- *Mail/Hand Delivery/Courier:* National Agricultural Library,10301 Baltimore Avenue, Room 115-B, Beltsville, Maryland 20705-2351.

FOR FURTHER INFORMATION CONTACT: Ricardo Romero at 301-504-5066.

SUPPLEMENTARY INFORMATION:

Title: "Evaluation of User Satisfaction with NAL Internet Sites."
OMB Number: 0518-0040.
Expiration Date: N/A.
Type of Request: Approval for renewed data collection.

Abstract: This is a request, made by NAL Office of the Director Office of the Associate Director of Information Services, that the OMB approve, under the Paperwork Reduction Act of 1995, a

3-year generic clearance for the NAL to conduct user satisfaction research around its internet sites. This effort is made according to Executive Order 12862, which directs federal agencies that provide significant services directly to the public to survey customers to determine the kind and quality of services they want and their level of satisfaction with existing services.

The NAL internet sites are a vast collection of web pages. NAL web pages are visited by an average of 8.6 million people per month. All NAL Information Centers have an established web presence that provides information to their respective audiences.

Description of Surveys: The online surveys will be no more than 15 Semantic Differential Scale or multiple-choice questions, and no more than four open-ended response questions.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 8 minutes per survey.

Respondents: The agricultural community, USDA personnel and their cooperators, and including public and private users or providers of agricultural information.

Estimated Number of Respondents: 1,000 per year.

Estimated Total Annual Burden on Respondents: 80 hours.

Comments: The purpose of the research is to ensure that intended audiences find the information provided on the internet sites easy to access, clear, informative, and useful. Specifically, the research will examine whether the information is presented in an appropriate technological format and whether it meets the needs of users of these internet sites. The research will also provide a means by which to classify visitors to the NAL internet sites, to better understand how to serve them. It is estimated that participants will require no more than 5 minutes to complete each survey. Actual time required will vary based on participant reading rate.

Sample questions may include the following:

	Please rate the accuracy of information on this site.
	Please rate the quality of information on this site.
	Please rate the freshness of content on this site.
Functionality	Please rate the usefulness of the information provided on this site.
	Please rate the convenience of the information on this site.
	Please rate the ability to accomplish what you wanted to on this site.
Look and Feel	Please rate the ease of reading this site.
	Please rate the clarity of site organization.
	Please rate the clean layout of this site.
Navigation	Please rate the degree to which the number of steps it took to get where you want is acceptable.
	Please rate the ability to find information you want on this site.
