SUPPLEMENTARY INFORMATION: Under the PRA, 44 U.S.C. 3501 *et seq.*, Federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. “Collection of Information” is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3 and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA, 44 U.S.C. 3506(c)(2)(A), requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed information collection, including each proposed extension of an existing information collection, before submitting the collection to OMB for approval. To comply with this requirement, the CFTC is publishing notice of a proposed extension of the currently approved information collection listed below. An agency may not conduct or sponsor, and a person is not required to respond to, an information collection unless it displays a currently valid OMB control number.

Title: Swap Data Recordkeeping and Reporting Requirements (OMB Control No. 3038-0096). This is a request for extension of a currently approved information collection.

Abstract: The information collection is needed to ensure that the CFTC and other regulators have access to swap data as required by the Commodity Exchange Act, as amended by the Dodd-Frank Wall Street Reform and Consumer Protection Act (“Dodd-Frank Act”). The Dodd-Frank Act directed the CFTC to adopt rules providing for the reporting of data relating to swaps. In 2012, the CFTC adopted Regulation 45, which imposes recordkeeping and reporting requirements relating to pre-enactment and historical swaps.

With respect to the collection of information, the CFTC invites comments on:

- Whether the proposed collection of information is necessary for the proper performance of the functions of the CFTC, including whether the information will have a practical use;
- The accuracy of the CFTC’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Ways to enhance the quality, usefulness, and clarity of the information to be collected; and
- Ways to minimize the burden of collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology; *e.g.*, permitting electronic submission of responses.

You should submit only information that you wish to make available publicly. If you wish the CFTC to consider information that you believe is exempt from disclosure under the Freedom of Information Act (FOIA), a petition for confidential treatment of the exempt information may be submitted according to the procedures established in § 145.9 of the CFTC’s regulations.¹

The CFTC reserves the right, but shall have no obligation, to review, pre-screen, filter, redact, refuse or remove any or all of your submission from <http://www.cftc.gov> that it may deem to be inappropriate for publication, such as obscene language. All submissions that have been redacted or removed that contain comments on the merits of the Information Correction Request will be retained in the public comment file and will be considered as required under the Administrative Procedure Act and other

¹ 17 CFR 145.9.

applicable laws, and may be accessible under FOIA.

Burden Statement: Provisions of CFTC Regulations 45.2, 45.3, 45.4, 45.5, 45.6, 45.7, and 45.14 result in information collection requirements within the meaning of the PRA. With respect to the ongoing reporting and recordkeeping burdens associated with swaps, the CFTC believes that SDs, MSPs, and non-SD/MSP counterparties incur an annual time burden of 2,279,312 hours. This time-burden represents a proportion of the burden respondents incur to operate and maintain their swap data recordkeeping and reporting systems.

Respondents/Affected Entities: Swap Dealers, Major Swap Participants, and other counterparties to a swap transaction (*i.e.*, end-user, non-SD/non-MSP counterparties).

Estimated number of respondents: 1,732.

Estimated average burden hours per respondent: 1,316.

Estimated total annual burden hours on respondents: 2,279,312 hours.

Frequency of collection: Ongoing.

There are no capital costs or operating and maintenance costs associated with this collection.

(Authority: 44 U.S.C. 3501 *et seq.*)

Dated: September 19, 2019.

Robert Sidman,

Deputy Secretary of the Commission.
